Encountering Reality Travis M. Stevick, 2016-12-01 Encountering Reality argues for a new appreciation of T F Torrance on epistemology and reality According to Torrance's realism all authentic knowledge involves the nature of the object impressing its inherent rationality on the mind Consequently knowledge involves thinking in accordance with the nature of the object We shall explore the place and function of ultimate beliefs in epistemology as well as the question as to whether such beliefs imply a retreat to either foundationalism or fideism The inescapability of ultimate beliefs in all human knowledge requires a shift in the traditional notion of objectivity We find that shift in the account provided by T F Torrance whose epistemological position implies an alternative notion of truth Drawing on distinctly Christian sources Torrance emphasizes the distinction between truth and truthfulness thereby reorienting the discussion from a focus on statements to a focus on being This shift challenges the dichotomy between correspondence and coherence theories of truth and provides one way of

transcending the scientific realism anti realism debate and gives rise to a practical epistemological tool disclosure models which function as self correcting self marginalizing lenses through which we encounter reality yielding knowledge in accordance to the nature of the thing known *Encounter with Spurgeon* Helmut Thielicke, 2016-11-24 In his introductory essay to this selection from the writing and preaching of C H Spurgeon Helmut Thielicke himself among the best preachers of the twentieth century expresses his surprise and delight at his discovery of the great Victorian preacher He draws out those qualities which made Spurgeon one of the most influential ministers of his day and explains what it was that attracted him to the self educated Baptist preacher They share a recognition of the urgency of their message We stand in need of the simple way in which Spurgeon dares to say that what really and ultimately counts is to save sinners Warmth immediacy and directness are Spurgeon s hallmarks qualities which Thielicke s own remarkable sermons share but which he felt much preaching of his day lacked It is still a convincing testament to Spurgeon s continuing vitality and relevance that Thielicke one of the greatest modern preachers should say Sell all that you have and buy Spurgeon **Systematic Theology, Volume 1, Fourth Edition** James Leo Garrett Jr., 2014-09-14 Rivals the major systematic theologies of this century Baptist History and Heritage Journal July 1996 One of the characteristics of Garrett s system that needs especially to be noted is its balanced judicious and nearly invariably objective presentation of materials While holding true to the teachings of his own Baptist faith Garrett so carefully and judiciously presents alternatives that teachers and students from other confessional and denominational positions will find his work instructive Consensus 1997 If one is searching for an extensive exposition of the biblical foundations and historical developments of the various loci of systematic theology there is no more complete presentation in a relatively short work than this Pastors will especially find this feature to be a real help in teaching theology It is an indispensable contribution to the task of systematic theology Journal of the Evangelical Theological Society September 1999 Many students and pastors will find all they need here and will in addition be helped to relate their knowledge to recent developments in the theological world The Churchman A Journal of Anglican Theology 1991 A gold mine of helpful material The Christian Century May 29 June 5 1991 No book that I know is more loaded with biblical and theological facts than this one The prodigious research that must have gone into the preparation of this volume is truly mind boggling Faith and Mission Fall 1991 Garrett has provided a massive and scholarly systematic theology from a thoroughly conservative and comprehensive viewpoint The work is well documented in both biblical and historical scholarship and will prove to be a classic William Hendrickson Southern Baptist Theological Seminary One of the most comprehensive concise books of its type available it should receive wide use in the classroom and in the study Robert H Culpepper Southern Baptist Theological Seminary *The Humanity of Christ* James P. Haley, 2017-10-12 This work is a critical analysis of Karl Barth s unique adoption of the concepts anhypostasis and enhypostasis to explain Christ s human nature in union with the Logos which becomes the ontological foundation that Barth uses to explain Jesus Christ as very God and very man The significance

of these concepts in Barth's Christology first emerges in the Gottingen Dogmatics and is then more fully developed throughout the Church Dogmatics. Barth's unique coupling together of anhypostasis and enhypostasis provides the ontological grounding, flexibility and precision that so uniquely characterizes his Christology. As such, Barth expresses the Word became flesh as the revelation of God that flows out of the coalescence of Christ's human nature with his divine nature as the mediation of reconciliation. This ontological dynamic provides the impetus for Barth's critique of Chalcedon's static definition of the union of divine and human natures in Christ, from which Barth transitions to an active definition of these two natures. Not only does anhypostasis and enhypostasis explain the dynamic union between the divine and human natures in Christ but also the dynamic union between Jesus Christ and his Church, which reaches its apex in the reconciliation of humanity with God in Christ. The ontological foundation of anhypostasis and enhypostasis in Christ's union with his Church explains the importance of the royal man in understanding genuine human nature, the exaltation of human nature and the sanctification of human nature.

Religious Epistemology through Schillebeeckx and Tibetan Buddhism Jason M. VonWachenfeldt, 2021-02-11. This study investigates how a comparison between the Catholic theologian Edward Schillebeeckx's controversial reading of Thomist philosophy and the Tibetan Buddhist Gendun Chopel's challenge to the standard Geluk teaching of Tsongkhapa's Madhyamaka philosophy might assist in rethinking conceptions of religious knowledge. Utilizing a wide variety of methodical approaches to establish an imaginary dialogue between these two thinkers, this comparison remains embodied in the thought and praxis of actual individuals and yet still firmly embedded within the conversations and trajectories of their broader religious traditions.

Taking Rational Trouble Over the Mysteries Nicola Hoggard Creegan, Andrew Shepherd, 2013-07-29. How can one believe in an age of doubt? How can we name the mystery of God in human words? Does nature speak of the glory of God? Does science undermine faith? Is the problem of evil unanswerable? In this volume, scientists, theologians, philosophers, as well as a historian and social scientist, take seriously the challenge of knowing and speaking about God in an age of doubt and challenge. All New Zealand writers: the authors reflect a variety of styles, inputs and assumptions from down under. Some look to answer new atheists directly; others point out links between belief and unbelief in any age. There are essays that show us new ways of reading old texts. Scientists reflect on nature, its signs and its obscurity. We are confronted also with the mixed picture of belief and unbelief that the last few hundred years reveals to us. Most of these essays have come out of seminars and conferences put on by TANSA: Theology and the Natural Sciences in Aotearoa, a forum for discussion and interpretation amongst scientists and theologians in New Zealand.

Modern Christian Thought: The twentieth century James C. Livingston, Francis Schüssler Fiorenza. Freedom, Necessity, and the Knowledge of God Paul D. Molnar, 2021-12-30 Paul D Molnar discusses issues related to the concepts of freedom and necessity in trinitarian doctrine He considers the implications of non conceptual knowledge of God by comparing the approaches of Karl Rahner and T F Torrance He also reconsiders T F Torrance s new natural theology and illustrates why Christology must be central when discussing liberation theology Further he explores Catholic and Protestant relations by comparing the views of Elizabeth Johnson Walter Kasper and Karl Barth as well as relations among Christians Jews and Muslims by considering whether it is appropriate to claim that all three religions should be understood to be united under the concept of monotheism Finally he probes the controversial issues of how to name God in a way that underscores the full equality of women and men and how to understand universalism by placing Torrance and David Bentley Hart into conversation on that subject
