America and how the international circulation of new literary genres created new opportunities for novelists to move between markets Some of these writers such as Christina Stead and Patrick White remain household names others who once enjoyed international fame such as Dale Collins and Alice Grant Rosman have been largely forgotten The story of their books in America reveals how culture commerce and copyright law interacted to create both opportunities and obstacles for Australian writers *Edinburgh Companion to the Arab Novel in English* Nouri Gana,2015-04-17 Opening up the field of diasporic Anglo Arab literature to critical debate this companion spans from the first Arab novel in 1911 to the resurgence of the Anglo Arabic novel in the last 20 years There are chapters on authors such as Ameen Rihani Ahdaf **Ash of stars** , A critical appreciation of the acclaimed science fiction writer and his works *Aesthetic Subjects* Pamela R. Matthews,David McWhirter,2003 Recent calls for a return to aesthetics occur precisely at a moment when it is increasingly evident that nothing concerning aesthetics is self evident anymore Determined to recover the value of aesthetic experience for artistic cultural and social analysis the contributors to this volume prominent scholars in literature philosophy art history architecture history and anthropology begin from a shared recognition that ideological readings of the aesthetic have provided invaluable insights in particular that analyses of aesthetics within historical and social contexts tell us a great deal about the experience of aesthetic encounters From multiple and complementary perspectives the contributors address topics as varied as Nabokov and Dickens Caravaggio and Shelley Winters gender and sexuality advertising and AIDS Taken together their essays constitute a sustained and multifarious effort to resituate aesthetic pleasure in the mixed impure conditions characteristic of every social practice and experience however privileged or marginalized and to ask what happens to the aesthetic if we consider it apart from or at least in tension with its historically dominant discursive formulations As such this volume establishes a renewed sense of aesthetic discourse and its usefulness as a tool for understanding culture
