Saga of Fantasies Shravan Kumar,2021-08-23 *Everything I Need to Know I Learned from a Children's Book* Anita Silvey,2009-10-13 What children s book changed the way you see the world Anita Silvey asked this question to more than one hundred of our most respected and admired leaders in society and she learned about the books that shaped financiers actors singers athletes activists artists comic book creators novelists illustrators teachers The lessons they recall are inspiring instructive and illuminating And the books they remember resonate as influential reading choices for families EVERYTHING I NEED TO KNOW I LEARNED FROM A CHILDREN S BOOK with its full color excerpts of beloved children s books is a treasury and a guide a collection of fascinating essays and THE gift book of the year for families **Childhood in the Contemporary English Novel** Sandra Dinter,2019-10-10 Since the 1980s novels about childhood for adults have been a booming genre within the contemporary British literary market Childhood in the Contemporary English Novel offers the first comprehensive study of this literary trend Assembling analyses of key works by Ian McEwan Doris Lessing P D James Nick Hornby Sarah Moss and Stephen Kelman and situating them in their cultural and political contexts Sandra Dinter uncovers both the reasons for the current popularity of such fiction and the theoretical shift that distinguishes it from earlier literary epochs The book s central argument is that the contemporary English novel draws on the constructivist paradigm shift that revolutionised the academic study of childhood several decades ago Contemporary works of fiction Dinter argues depart from the notion of childhood as a naturally given phase of life and examine the agents interests and conflicts involved in its cultural production Dinter also considers the limits of this new theoretical impetus observing that authors and scholars alike even when they claim to conceive of childhood as a construct do not always give up on the idea of its natural core Accordingly this book reconstructs how the English novel between the 1980s and the 2010s oscillates between an acknowledgment of constructivism and an endorsement of childhood as the last irrevocable quintessence of humanity In doing so it successfully extends the literary and cultural history of childhood to the immediate present **The Book Buyer** ,1887
