craft and folk art to industrial design and includes overlooked sources from fashion magazines to World's Fair maps from exhibition catalogues to museum lectures from feminist journals to ethnographic collections Restoring women to their place at the intersection of intellectual and artistic debates of the time this book weaves together discourses of the academic scientific and commercial design communities with middle class life as expressed through popular culture *1000 Patterns* Drusilla Cole, 2003 Arranged by period and style you can see at a glance patterns used from ancient to contemporary times A handy pattern finder up front makes it easy to locate and cross reference any motif or design in the book Whether you have a long standing interest in art and ornamentation or a newfound curiosity you'll find 1000 Patterns an intriguing reference and fascinating history **BOOK JACKET**
