After Disclosure* Richard Dolan, Bryce Zabel, 2025-09-12 What if the UFO cover up is real and what if it ended After Disclosure poses this fascinating question and looks at the societal consequences of such a revelation Richard Dolan and Bryce Zabel have produced a thoughtful and provocative analysis that goes well beyond the usual scope of books on UFOs and alien life Nick Pope Former Chief of UK Ministry of Defence UFO Desk What if UFO secrecy ended tomorrow The transition from B C Before Confirmation to A D After Disclosure is the ultimate what if scenario in which the calendar is reset and history begins again This work of speculative non fiction combines meticulous fact finding from historian researcher Richard M Dolan and forward leaning scenarios from journalist screenwriter Bryce Zabel on the world s most mind bending subject The authors predict radical changes after official acknowledgment that at least some UFOs are intelligently controlled craft from somewhere other than Earth A D After Disclosure isn t afraid to make mind blowing specific predictions such as Congress will hold Watergate style hearings and ask secret keepers What did you know and when did you know it The first decade A D After Disclosure will be like a high tech 1960s spawning massive cultural and societal change Abductees will file a class action suit against the government for withholding critical information All the textbooks on planet Earth from history to science will need an immediate review Whether disclosure leads to social panic or ushers in a new era of unity and peace it will undoubtedly be a game changing event **UFOs** Karl Svozil, 2023-08-01 Unidentified phenomena in space in the Earth s atmosphere and in waters are too important to leave their exploration to the military and scientific laypersons Their proper scientific study is important for a variety of reasons in particular scientists and the public at large need to know the basic facts to be informed about the way evidence is recorded and to understand the difference between reliable evidence and fiction as well as between plausible explanations and fantasy With this objective the book surveys the history of UFO observations the variety of recorded phenomena and recounts the efforts of investigative commissions and their published findings Although wild rumors are demystified in the process this is not an exercise in rumor bashing An open and at the same time critical mindset is the key Many narratives and hypothesis appear implausible relative to our present state of knowledge but this alone should not lead to their outright exclusion Thus the author also pays attention to UFO sightings that have so far eluded explanation in terms of known physics or meteorology Here the reader will encounter some of the more speculative but scientifically tenable proposals for example relating to sudden zigzag motion without apparent inertia or recognizable propulsion yet always with a clear guide to their plausibility Last but not least the book outlines plans and suggestions for future research capable of revealing the existence and intentions of extraterrestrial intelligences outer space engineers or technologies so far known only from science fiction Covert Wars and Breakaway Civilizations Joseph P. Out of Time Steve Aspin, 2023-08-24 In Out of Time The Intergenerational Abduction Program Explored author Steve Aspin has written a crossover work about the enduring worldwide reports of alien abduction The book is intended for both those familiar with the historic published case material and the curious reader unfamiliar with the decades of serious academic research on this superficially improbable phenomenon The author details his lifelong personal experience and the relationships he built with leading researchers during 15 years of investigating this phenomenon He has at all times attempted to approach the subject with critical thoroughness and intellectual rigour From stumbling on a cattle mutilation in Ireland in 1970 to witnessing a UFO after a period of missing time at age 16 in 1972 to a confrontational experience in a Sardinia hotel in 2006 the author relates a lifetime of anomalous experiences But this is only the starting point of the journey the reader of Out of Time will make Steve then details several years of investigation into the subject and how what he has learned has shaped his thoughts on what is happening to perhaps millions of people worldwide He had the good fortune to meet with several leading researchers in the field including Budd Hopkins and Dr David Jacobs and read hundreds of published works on the subject of UFOs and abductions He has attempted to bring hard forensic evidence to the discussion and to follow that evidence where it may lead paying particular attention to the clearly intergenerational aspect of the global abduction program which he demonstrates with corroborating evidence almost certainly dates from the 1890s His conclusions will be of interest to anyone attentive to this field of study Whether inevitably proved right or wrong they stem from a conscious effort to bring objectivity and honesty to the analysis of this widely reported phenomenon Although successfully normalised in popular culture to become background noise or a minor comic footnote in otherwise busy lives this subject has real and serious implications for both the individual experiencer and human society collectively

Area 53 Rik de Mora, 2024-12-06 Have you ever wondered if an alien UFO really crashed at Roswell Do you suspect that its advanced technology has been reverse engineered giving rise to the out of this world innovations we see today What about the crew Did any survive the crash Were they truly aliens or could they have been something entirely different perhaps the subjects of the ultimate black op You've always known that the government has been covering up the truth haven't you Just as you've realized that the story has been kept secret all this time for a reason But are you certain you know what that reason is Maybe it's time to think again In Area 53 you'll be invited to critically re-assess all those conspiracy theories that have been the subject of countless books and TV programs over the years With a fresh perspective and eye opening revelations this book

will challenge your beliefs and make you question everything you thought you knew about the Roswell incident and its aftermath

The Chaos Conundrum Aaron John Gulyas, 2014-01-23 In *The Chaos Conundrum* historian Aaron John Gulyas examines how the paranormal has intersected and influenced our culture in myriad ways from the conspiracy beliefs of William Cooper and Exopolitics to the challenge that the stories of Gray Barker presented to our concept of self and time He looks at the maelstrom of personalities agendas impressions data confusion and contradictions that can be found in the world of the weird and demonstrates how they have become an integral part of our lives whether in the form of flying saucers hauntings religious revelations psychic abilities or dozens of other guises Gulyas delves into the stories of the people who have attempted to create order out of the chaos Along the way he recounts his own journey from enthusiastic believer in the shadow government and their underground bases to jaded academic skeptic and then finally to someone who thinks there might just be something to the paranormal after all but not what we have been led to expect or believe

Inside the Real Area 51 Thomas J. Carey, Donald R. Schmitt, 2013-08-20 The true nature of what actually crashed in Roswell New Mexico in 1947 remains classified Only a select few have ever had access to the truth about what became known as Area 51 But what happened to the remnants of that crash is shrouded in even greater mystery What began in the high desert of New Mexico ended at Wright Patterson an ultra top secret Air Force base in Dayton Ohio The physical evidence of extraterrestrial visitation was buried deep within this nuclear stronghold How tragic that such seismic news should be kept from the people of the world pieces of history now quickly dwindling into oblivion as the last of the secret keepers passes on In spite of its rich history of military service to our nation Wright Patterson also stands as the secret tomb of one of the greatest occurrences in recorded history But be prepared the real Area 51 Wright Patterson's vault is about to be opened
