Lines and Get the Date of Your Dreams) Roderick Hooten, 101-01-01 Most men are simps and they're making dating harder for everyone. If more men knew about the current dating situation and started doing things differently, dating would start getting better for all of us. I understand your struggles with dating. You're frustrated. You barely get any dates, let alone get laid often. Male virginity is on the rise and men are lonelier than ever before. Let's start changing that. In this book, you will learn how to text a girl, how to set up the date of your dreams, pick up and icebreakers lines to make the conversation smoother, relevant conversational topics within the first stages of a chat, how to make the first approach to a girl, and tips about the first date. Texting is something that often gets guys. They have a good interaction with a girl, but then they mess up their chances by sending a bad text, texting too early to try to get a date or too late, and she's lost the attraction by then. You'll also get examples to illustrate the lessons, but the book focuses on the mindset you should have and how to convey and project a cool, non-needy, and attractive vibe through your texts that will make you stand out among other guys who text her.
