Welcome To Our 2013 Church Anniversary:

Who's Minding the Story? Jeff Seaton, 2018-07-19 Who's Minding the Story examines the trajectory of the United Church of Canada since its heyday in the mid 1960s. Jeff Seaton argues that the denomination accepted the criticisms leveled at it by proponents of secular theology in the 1960s and made sweeping changes to its practices its presentation of the Christian story and its engagement with the world. Seaton argues that these adjustments which continue to exert strong influence in the denomination today as witnessed in the approaches of influential contemporary United Church leaders John Pentland and Gretta Vosper have seriously weakened the United Church's Christian identity and contributed to its decline. Engaging the work of Canadian philosopher Charles Taylor in his magisterial volume *A Secular Age*, Seaton questions the assumptions that undergird secular theology. The book concludes with an invitation to the United Church to make a course correction by reengaging with the Christian tradition while maintaining its commitment to social justice in a formulation Seaton names progressive orthodoxy.

The Way of Catechesis Gerard F. Baumbach, 2017-05-31 Winner of a 2018 Association of Catholic Publishers Award Resources for Ministry First Place and a Catholic Press Association Award Pastoral Ministry Second Place. Drawing on more than forty years of experience as a catechist, parish DRE textbook publisher and founding director of the Echo Program at the University of Notre Dame, Gerard F. Baumbach explores contemporary catechesis in light of its history. This landmark book is an essential resource for every catechetical leader and will spur a new appreciation of the opportunities and challenges of catechesis in the Church today. *The Way of Catechesis* offers a new and timely perspective on the vital ministry of catechesis at a pivotal moment in the work of New Evangelization. Baumbach shows how today's catechists can follow the pedagogy of Jesus: the way, the truth and the life, and he invites readers to an understanding that includes both the process and the content of handing on the faith and also a way of living in union with Christ the Teacher. Baumbach asks readers to consider how key issues and questions throughout the Church's history shed light on today's questions and concerns. Numerous reflection questions help the reader prayerfully reflect and personally integrate the lessons. For example: What is Jesus teaching you through the Beatitudes about the need for a new evangelization in your life as you seek to promote the Church's mission to evangelize? What does our history teach us about inviting Catholics who are distant from the Church to find the way back to this community of faith? What is your earliest memory of hearing about the Second Vatican Council? What questions did you have? What questions about Vatican II do you have now? Drawing from his own experience, study and implementation of the Rite of Christian Initiation of Adults, Baumbach highlights four characteristics belonging, believing, discerning and living that help the reader connect the history of catechesis with their own faith and practice in the Church today. Each chapter also includes a broad look at highlights of some important dimensions of the catechetical climate, weaving together influences that affected the era. In addition, Baumbach explains the role of key thinkers in each period of the history of catechesis, including Cyril of Jerusalem, Thomas Aquinas, Robert

Bellarmino and Joseph Jungmann Those engaged in catechesis and evangelization at every level will find much to enrich their ministry and deepen their commitment to the Church in this extraordinary book Congressional Record United States. Congress, 1966 The Congressional Record is the official record of the proceedings and debates of the United States Congress It is published daily when Congress is in session The Congressional Record began publication in 1873 Debates for sessions prior to 1873 are recorded in The Debates and Proceedings in the Congress of the United States 1789 1824 the Register of Debates in Congress 1824 1837 and the Congressional Globe 1833 1873 **The Theology of Cardinal Walter Kasper** Kristin M Colberg, Robert A. Remembering the Body Sarah Travis, 2025-03-18 Debates about human sexuality have divided the church across denominations The Body of Christ has been wounded by profound theological disagreement Preaching can be a healing balm for those who have been bruised and harmed by these debates This book asks the church to remember its own nature as a Body that has a baptismal identity rooted in the triune God We remember the beauty and value of the human body and we remember that we belong to a baptismal community with a distinctive ethic Sermons are an opportunity to refresh and heal a Body that has been broken by division By affirming sexuality and the body preachers can build toward an affirmation of all sexual identities while making space for those whose theology is not affirming In recovering the body as a focus for preaching this book argues for a more equitable and inclusive understanding of Christian identity Chicken Soup for the Soul: Reader's Choice 20th Anniversary Edition Jack Canfield, Mark Victor Hansen, Amy Newmark, 2013-06-25 This special anniversary collection of has a double dose of inspiration personal stories of how Chicken Soup for the Soul changed lives and the life changing story itself Twenty years later Chicken Soup for the Soul and its stories are still changing lives This special twentieth anniversary collection celebrates the power of storytelling Readers share their personal inspiring stories about how a Chicken Soup for the Soul story made a difference in their lives paired with the life changing story itself It's a double dose of inspiration The Evangelical Herald, 1923 Our Hearts Were Strangely Lukewarm John Elford, 2023-05-26 Our Hearts Were Strangely Lukewarm summons the reader on a most unusual journey through Methodist

history Along the way we discover how the White American Methodist Church became deeply entangled with White supremacy From the founding of the church in the late eighteenth century to the present we have too often been silent bystanders or active accomplices in the enormous harm caused by racism It s a complicated and shameful story few Methodists know And yet if we want to transform the world toward a different and better future for all one free of the stranglehold of racism we must come to terms with the story of our past the whole story Our Hearts Were Strangely Lukewarm is a trustworthy guide into the church s troubled history It s also a present day call to action that finds inspiration in those Methodists who stood against the tide and those guiding the church today toward the horizon of racial justice

The Contemporary Black Church Jason E.

Shelton, 2024-08-13 Charts the changing dynamics of religion and spirituality among African Americans Recent decades have ushered in a profound transformation within the American religious landscape characterized by an explosion of religious diversification and individualism as well as a rising number of nones The Contemporary Black Church makes the case that the story of this changing religious landscape needs to be told incorporating more data as it applies specifically to African Americans Jason E Shelton draws from survey data as well as interviews with individuals from a wide variety of religious

backgrounds to argue that social reforms and the resulting freedoms have paved the way for a pronounced diversification among African Americans in matters of faith. Many African Americans have switched denominational affiliations within the Black Church; others now adhere to historically White traditions, and a record number of African Americans have left organized religion altogether in recent decades. These changing demographics and affiliations are having a real and measurable effect on American politics, particularly as members of the historic Black Church are much more likely than those of other faiths to vote and to strongly support government policies aimed at bridging the racial divide. Though not the first work to note that African Americans are not monolithic in their religious affiliation or to argue that there is a trend toward secularism in Black America, this book is the first to substantiate these claims with extensive empirical data charting these changing dynamics and their ramifications for American society and politics.

Testing Fresh Expressions John Walker, 2016-04-01. *Testing Fresh Expressions* investigates whether fresh expressions of church really do what is claimed for them by the fresh expressions movement and, in particular, whether their unique approach helps to reverse trends of decline experienced by traditional churches. Part 1 examines those claims and untangles their sociological and theological assumptions. From a careful study of factors underlying attendance decline and growth, Part 2 argues that long-term decline can be resisted only if churches are better able to attract children, the non-churched, or both. Part 3 tests the comparative ability of a group of growing parish churches and a group of fresh expressions to resist trends of decline and discovers some intriguing social dynamics common to both groups. Part 4 argues that fresh expressions do not fulfil the unique role often claimed for them, but that they do have the capacity to help reinvigorate the whole church.

Beyond Establishment Jonathan Chaplin, 2022-05-31. The Church of England finds itself colliding with society at large on regular occasion. Has the time come, therefore, where the advantages of being the established church are at last outweighed by the disadvantages? Is there a case for disestablishment, and if so, what might a fresh vision of the church's relationship with wider society be? Separating the question of establishment from the question of presence in the community, Jonathan Chaplin argues that the time has come for the ending of privileged constitutional ties between the Church of England and the British state. Rather than offering a smaller place for the Church of England within society, he suggests such a separation would in fact enhance its ability to maintain an embedded presence in local parishes and allow it the room to speak out about the deeper, bigger challenges which face society today.

Global Renewal Christianity Amos Yong, Vinson Synan, 2016. The growth of Spirit-empowered Christianity has been nothing short of phenomenal. From a handful of believers in the early twentieth century to a global movement today numbering over 600

million people in almost every culture and denomination those who embrace the Holy Spirit and His gifts are now the fastest growing religious group in the world This book is an authoritative collection from more than two dozen leaders in and scholars of the Spirit empowered movement in Asia and Oceania Focusing on the future of the movement these world renowned scholars address the theological and cultural challenges of the new century and share emerging insights on how the next generation will face them

Radical Theology and Emerging Christianity Katharine Sarah Moody,2016-03-03 The theological turn in continental philosophy and the turn to Paul in political philosophy have occasioned a return to radical theology a tradition whose philosophical heritage can be traced to the death of God announced in the work of Nietzsche and Hegel John D Caputo's deconstructive theology and Slavoj Žižek's materialist theology are two radical theologies that explore what it might mean to pass through the death of God and to abandon this experience as specifically Christian Radical Theology and Emerging Christianity demonstrates how these theologies are transforming everyday religious practices through an examination of the work of Peter Rollins and Kester Brewin two figures at the radical margins of a contemporary expression of Western religiosity called emerging Christianity The author uses her analysis of all four figures to argue that deconstructive practices can enable religious communities to become part of a wider materialist collective in which the death of God continues to resonate Pushing the methodological boundaries of philosophy of religion by examining religious practices as the site of philosophical signification the book challenges scholars and practitioners alike to a new and more demanding dialogue between theory and practice

Global Tensions in the Russian Orthodox Diaspora Robert Collins,2022-12-30 This book explores the

tensions that have arisen in the diaspora as a result of large numbers of Russian migrants entering established overseas parishes following the collapse of the Soviet Union. These tensions made more fervent by the increasing role of the Church as part of the expression of Russian identity and by the Church's entry into the global culture wars carry with them alternative views of a range of key issues: cosmopolitanism versus reservation, liberalism versus conservatism and ecumenism versus dogmatism. The book focuses on particular disputes, discusses the broader debates and examines the wider context of how the Russian Orthodox Church is evolving overall.

Cinema Against Doublethink David Martin-Jones, 2018-09-28

When is it OK to lie about the past? If history is a story then everyone knows that the official story is told by the winners. No matter what we may know about how the past really happened, history is as it is recorded; this is what George Orwell called doublethink. But what happens to all the lost, forgotten, censored and disappeared pasts of world history? *Cinema Against Doublethink* uncovers how a world of cinemas acts as a giant archive of these lost pasts, a vast virtual store of the world's memories. The most enchanting and disturbing films of recent years: *Uncle Boonmee Who Can Recall His Past Lives*, *Nostalgia for the Light*, *Even the Rain*, *The Act of Killing*, *Carancho*, *Lady Vengeance* create ethical encounters with these lost pasts covering vast swathes of the planet and crossing huge eras of time. Analysed using the philosophies of Gilles Deleuze, the time-image and Enrique Dussel's transmodern ethics, the multitudinous cinemas of the world are shown to speak out against doublethink, countering this biggest lie of all with their myriad false versions of world history. Cinema acting against doublethink remains a powerful agent for reclaiming the truth of history for the post-truth era.
