The Road Past Monchy Terence Loveridge, 2024-03-05 Terence Loveridge offers a unique look at the land and air operations around the strategic village of Monchy le Preux at the center of the western front during World War I The story of the Great War is usually one of condemnation or rehabilitation of strategists and consecration of the common soldier while the story of those who planned directed and led operations on the ground has generally been overlooked Loveridge uses experiences of junior leaders fighting around the key terrain of Monchy le Preux to challenge the currently accepted views and reveal that the Great War despite subsequent impression was a surprisingly dynamic effort conducted in an arena of constantly evolving practices techniques and technology Less well known than its contemporary campaigns at the Somme Verdun or Passchendaele Monchy also carries less preconceived baggage and thus offers a prime opportunity to reevaluate the accepted wisdom of the events personalities and understandings of the Great War The Road Past Monchy offers readers a unique chance to uncover the lost perspective of junior war leaders in a theater of war that saw almost continuous operations from 1914 through to 1918

The Digital Divide Jan van Dijk, 2020-01-14 Contrary to optimistic visions of a free internet for all the problem of the digital divide the disparity between those with access to internet technology and those without has persisted for close to twenty five years In this textbook Jan van Dijk considers the state of digital inequality and what we can do to tackle it Through an accessible framework based on empirical research he explores the motivations and challenges of seeking access and the development of requisite digital skills He addresses key questions such as Does digital inequality reduce or reinforce existing traditional inequalities Does it create new previously unknown social inequalities While digital inequality affects all aspects of society and the problem is here to stay Van Dijk outlines policies we can put in place to mitigate it The Digital Divide is required reading for students and scholars of media communication sociology and related disciplines as well as for policymakers

PsyWar Robert W. Malone, Jill Glasspool Malone, 2024-10-08 PsyWar Enforcing the New World Order exposes the history and tactics of modern psychological warfare on the American people and offers a way forward for citizens to resist totalitarian control PsyWar is when a government coordinates and directs deployment of propaganda censorship and psychological operations psyops tools in campaigns designed to manipulate public opinion The authors address critical topics including Propaganda and Behavioral Control Psychological Bioterrorism Deep State Censorship Surveillance Capitalism Administrative State Objectives Fifth Generation Warfare PsyWar Tactics Techno Totalitarianism The New World Order and Global Control Free speech is the most pragmatic tool we have for ascertaining truth Only by examining all sides of an issue can the truth be chiseled out like a statue out of marble We must defend all speech whether untrue hateful or intolerable as that is the only way to protect our right to understand the world As soon as free speech is restricted that restriction will be used to sway public opinion Now is a time when America needs hope But more than hope we need to restore our Constitution and Bill of Rights as the foundational documents of our Republic These

documents support and protect our personal sovereignty and are at the core of our fundamental rights as Americans We must work to make this country great again by restoring our commitment to these foundational principles and ethics
