Philosophy of Trust Paul Faulkner, Thomas Simpson, 2017 Trust is central to our social lives We know by trusting what others tell us We act on that basis and on the basis of trust in their promises and implicit commitments So trust underpins both epistemic and practical cooperation and is key to philosophical debates on the conditions of its possibility It is difficult to overstate the significance of these issues On the practical side discussions of cooperation address what makes society possible of how it is that life is not a Hobbesian war of all against all On the epistemic side discussions of cooperation address what makes the pooling of knowledge possible and so the edifice that is science But trust is not merely central to our lives instrumentally trusting relations are themselves of great value and in trusting others we realise distinctive forms of value What are these forms of value and how is trust central to our lives These questions are explored and developed in this volume which collects fifteen new essays on the philosophy of trust They develop and extend existing philosophical discussion of trust and will provide a reference point for future work on trust

A Telic Theory of Trust J. Adam Carter, 2024-05-23 What is it to trust well How do we do it If we think of trust as a kind of aimed performance capable of not only success but also of competence and aptness our understanding of what it is to trust well can be put on an entirely new footing A Telic Theory of Trust takes up this project and in doing so makes use of the core trust as performance idea developed and refined in substantive detail in the service of explaining a range of philosophically important questions the nature and varieties of trust the evaluative norms that govern good trusting and distrusting both implicit and deliberative how trust relates to vulnerability risk negligence and monitoring as well as to trustworthiness and more generally to our practices of cooperation The result a telic theory of trust opens up new conceptual possibilities and a research agenda in the philosophy of trust that is methodologically in the spirit of virtue epistemology but which takes on its own distinctive shape

limited and trust and faithfulness often fail but imperfect trust is not a deal breaker Morgan develops a new model of atonement showing how trust enables humanity's release from the power of both sin and suffering She examines the neglected concept of propositional trust and argues that it plays a key role in faith This volume offers a compelling vision of Christian trust as soteriological ethical and community forming Trust is both the means of salvation and an end in itself because where we trust is where we most fully live *Sam Henry's Songs of the People* Gale Huntington, Lani Herrmann, 2010-06-01 The story of Ireland its graces and shortcomings triumphs and sorrows is told by ballads dirges and humorous songs of its common people Music is a direct and powerful expression of Irish folk culture and an aspect of Irish life beloved throughout the rest of the world Incredibly the largest single gathering of Irish folk songs had been almost inaccessible because originally newspaper based it was available in only three libraries in Belfast Dublin and Washington D C Sam Henry's *Songs of the People* makes the music available to a wider audience than the collector ever imagined Comprising nearly 690 selections this thoroughly annotated and indexed collection is a treasure for anyone who performs composes studies collects or simply enjoys folk music It is valuable as an outstanding record of Irish folk songs before World War II demonstrating the historical ties between Irish and Southern folk culture and the tremendous Irish influence on American folk music In addition to the songs themselves and their original commentary Sam Henry's *Songs of the People* includes a glossary bibliography discography index of titles and first lines melodic index index of the original sources of the songs and information about them geographical index of sources and three appendixes related to the original song series in the Northern Constitution **The Canada Law Journal** ,1873 **Herald of Gospel Liberty** Elias Smith,1914
