

The background of the slide is a painting depicting a large, dense crowd of people in a city square. In the center background, a tall, slender church spire rises above the rooftops. The sky is filled with soft, white clouds. The crowd in the foreground is diverse, with people wearing various styles of clothing, including hats and coats. The overall scene suggests a significant public event or a busy day in a historical urban setting.

at all and Xenophon are about the only Greek writers who can tell a story for the magnificent narrative of Thucydides in such cases as those of the Plague and the Syracusan cataclysm shows all the headstrong ethos of the author in its positive refusal to assume a story character In Latin there is nothing before Livy and Ovid of whom the one falls into the same category with Herodotus and Xenophon and the other admirable raconteur as he is thinks first of his poetry Scattered tales we have mimes and other things there are some and may have been more But on the whole the schedule is not filled there are no entries for the competition In later classical literature both Greek and Latin the state of things alters considerably though even then it cannot be said that fiction proper that is to say either prose or verse in which the accomplishment of the form is distinctly subordinate to the interesting treatment of the subject constitutes a very large department or even any regular department at all If Lucius of Patrae was a real person and much before Lucian he may dispute with Petronius that first century Maupassant or Meredith or both combined the actual foundation of the novel as we have it but Lucian himself and Apuleius strangely enough handling the same subject in the two languages give securer and more solid starting places Yet nothing follows Apuleius though some time after Lucian the Greek romance of which we have still a fair number of examples spread however over a still larger number of centuries establishes itself in a fashion It does one thing indeed which in a way refounds or even founds the whole conception it establishes the heroine There are certainly feminine persons sometimes not disagreeable who play conspicuous and by no means mute or unpractical parts in both Greek and Latin versions of the Ass Legend but one can hardly call them heroines There need be no chicane about the application of that title to Chloe or to Chariclea to Leucippe or to her very remarkable rival to Anthia or to Hysmine Without the heroine you can hardly have romance the novel without her though her individuality may be put in commission is an absolute impossibility The connection between these curious performances with the much larger number of things like them which we know to have existed on the one side and the Western mediaeval romance on the other has been at various times matter of considerable controversy but it need not trouble us much here The Greek romance was to have very great influence on the French novel later on the earlier composition generally called by the same name as itself it would seem to have had next to none Until we come to Floire et Blanchefleur and perhaps Parthenopex things of a comparatively late stage obviously post Crusade and so necessarily exposed to and pretty clearly patient of Greek Eastern influence there is nothing in Old French which shows even the same kinship to the Greek stories as the Old English Apollonius of Tyre which was probably or rather certainly in the original Greek itself The sources of French romance I must take leave to request a truce of God as to the application of that term and of epic for present purposes appear to have been two the Saint's Life and the patriotic or family saga the latter in the first place indelibly affected by the Mahometan incursions of the eighth ninth and tenth centuries The story telling instinct kindled by or at first devoted to these subjects subsequently fastened on numerous others In fact almost all was fish that came to the magic net of Romance and though two great subjects of ours the Matter of Britain the Arthurian Legend and

the Matter of Rome classical story generally including the Tale of Troy came traditionally to rank themselves with the Matter of France and with the great range of hagiology which it might have been dangerous to proclaim a fourth matter even if anybody had been likely to take the view that it was so these classifications are like most of their kind more specious than satisfactory

The Colonial Comedy: Imperialism in the French Realist Novel Jennifer Yee,2016-09-01 Nineteenth century French Realism focuses on metropolitan France with Paris as its undisputed heart Through Jennifer Yee s close reading of the great novelists of the French realist and naturalist canon Balzac Flaubert Zola Maupassant The Colonial Comedy reveals that the colonies play a role at a distance even in the most apparently metropolitan texts In what Edward Said called geographical notations of race and imperialism the presence of the colonies off stage is apparent as imported objects colonial merchandise and individuals whose colonial experience is transformative Indeed the realist novel registers the presence of the emerging global world system through networks of importation financial speculation and immigration as well as direct colonial violence and power structures The literature of the century responds to the last decades of French slavery and direct colonialism notably in Algeria but also economic imperialism and the extension of French influence elsewhere Far from imperialist triumphalism in the realist novel exotic objects are portrayed as fake or mass produced for the growing bourgeois market while economic imperialism is associated with fraud and manipulation The deliberate contrast of colonialism and exoticism within the metropolitan novel and ironic distancing of colonial narratives reveal the realist mode to be capable of questioning its own epistemological basis The Colonial Comedy argues for the existence in the nineteenth century of a Critical Orientalism characterized by critique of its own discursive foundations Using the tools of literary analysis within a materialist approach The Colonial Comedy opens up the domestic Paris Provinces axis to signifying chains pointing towards the colonial space **A Century of French Fiction** Benjamin Willis Wells,1898 **French Novels and the Victorians** Juliette

Atkinson,2017-07-27 Despite the warnings of critics and moral leaders French novels were widespread in Victorian culture How did Victorian readers gain access to them How were the novels supposed immorality debated and challenged And how far did the influx of French novels raise questions and anxieties about the literary and commercial value of the English novel

Counter-Modernities in Nineteenth-Century French Literature Robert St. Clair,2025-07-31 Counter Modernities in Nineteenth Century French Literature explores a counterview of modernity in late nineteenth century French literature 1848 1891 The principal claim of this book is that what we find in the works of Baudelaire Rimbaud and Flaubert is a form of writing against the grain of history not the elegant lyricism of history s victors but a use of literature against the erasures of past injustices and for those lost futurities upon which the order of the present is founded What we find in other words is a critical literary archive of the powerless that persists in contesting the legitimacy of the powerful which persists in haunting the nineteenth century every bit as much as it does our own achingly out of joint present The story Counter Modernities

seeks to tell is in other words about the meaning of loss and the significance of losers as possible figures of opposition to the dominant order in nineteenth century French literature that is also a story about modernity as an aesthetic politics What brings together the authors in this study however cannot be reduced to the biographical that is to the uneven successes financial hardships and in one case outright failure i.e. Rimbaud shared by the authors in the literary market of their lifetime At stake in this study is not an account of the ironies of literary history wherein to gloss Walter Benjamin's take on Baudelaire a prior and benighted era sees little of interest in an artist in which a later epoch recognizes the genius of modernity Rather Constellations of Loss in Baudelaire Rimbaud and Flaubert demonstrates how each author in this critical corpus insists on tarrying with history as an experience of irrevocable loss each lingers with history as a force of negations and thereby insists on the significance of historical setbacks and political defeats that seem to affect if not more dramatically wipe out the collective hopes of entire generations Each one gives us losers as subjects who matter in the nineteenth century Baudelaire Flaubert Rimbaud narratives of historical defeat that are as negative as they are meaningful Baudelaire Flaubert or the contours of events whose meanings and narratives are themselves lost Baudelaire Rimbaud whose meanings remain in other words perhaps less absent than open ended a possible grammar for what may come next when hope seems lost and dreams dashed Indeed as this book shows it is precisely in its representation of history as a dilemma or undoing of meaningfulness a problem of legibility and not knowingness that we can most fully recognize the formal calling cards of literary modernity ironic undecidabilities and difficulties infinite interpretability and the death of the author the dissolution of previously stable cultural and historical narratives or forms of subjectivity formal breaks with semantically oriented modes of representation and so on

AIDS in French Culture David Caron, 2001-10-02 The deluge of metaphors triggered in 1981 in France by the first public reports of what would turn out to be the AIDS epidemic spread with far greater speed and efficiency than the virus itself To understand why it took France so long to react to the AIDS crisis *AIDS in French Culture* analyzes the intersections of three discourses the literary the medical and the political and traces the origin of French attitudes about AIDS back to nineteenth century anxieties about nationhood masculinity and sexuality
