South African Military Application Form 2015 2016:

Sociology in South Africa R. Sooryamoorthy, 2016-08-13 This book is the first comprehensive account of the history and current state of South African sociology Providing a holistic picture of the subject both as it is taught in universities and as a field of research it reveals the trajectories of a discipline in a challenging socio political context With the support of historical and scientometric data it demonstrates how the changing political situation from colonialism to apartheid to democracy has influenced the nature direction and foci of sociological research in the country The author shows how during the apartheid era sociology was professionally fragmented and divided along language and race lines It was however able to flourish with the advent of democracy in 1994 and has become a unique academic movement This insightful work will appeal to students and scholars of the social sciences and all those interested in the history and society of South Africa Handbook of African Development Tony Binns, Kenneth Lynch, Etienne Nel, 2018-04-27 This handbook presents an extensive new overview of African development past present and future It addresses key core themes and topics that are pertinent to the continent s development including sections on history health and food politics economics rural and urban development and development policy and practice The volume draws on the expertise of over 60 of the world s leading scholars to provide a detailed and up to date analysis of the key opportunities and challenges that confront Africa and how such issues are being addressed Arranged by key themes the handbook provides not only a historical understanding of the past but also political perspectives on the future The chapters provide critically informed analyses of their topics by drawing upon the latest conceptual viewpoints and applied experiences in Africa in the form of case studies to offer a comprehensive examination of the opportunities challenges key debates and future prospects This handbook is an invaluable state of the art overview and reference concerning many different aspects of Africa s development which will be of interest to academics in all fields of African studies and also academics and students working in cognate disciplines such as development studies geography history politics and economics *Military Assistance on Request and the Use of Force* Erika De Wet, 2020-03-26 In countries such as Syria Iraq South Sudan and Yemen internationally recognized governments embroiled in protracted armed conflicts and with very little control over their territory have requested direct military assistance from other states These requests are often accepted by the other states despite the circumvention of the United Nations Security Council and extensive violation of international humanitarian law and human rights In this book Erika De Wet examines the authority entitled to extend a request for or consent to direct military assistance as well as the type of situations during which such assistance may be requested notably whether it may be requested during a civil war Ultimately De Wet addresses the question of if and to what extent the proliferation of military assistance on the request of a recognized government is changing the rules in international law applying to the use of force **Network Models for Data Science** Alan Julian Izenman, 2023-01-05 This text on the theory and applications of network science is aimed at beginning graduate students in statistics data science

computer science machine learning and mathematics as well as advanced students in business computational biology physics social science and engineering working with large complex relational data sets It provides an exciting array of analysis tools including probability models graph theory and computational algorithms exposing students to ways of thinking about types of data that are different from typical statistical data Concepts are demonstrated in the context of real applications such as relationships between financial institutions between genes or proteins between neurons in the brain and between terrorist groups Methods and models described in detail include random graph models percolation processes methods for sampling from huge networks network partitioning and community detection In addition to static networks the book introduces dynamic networks such as epidemics where time is an important component

The Politics of Coercion Neil Loughlin, 2024-09-15 In *The Politics of Coercion* Neil Loughlin explains the persistence of Cambodia's authoritarian regime for more than four decades It provides a historically grounded investigation of the country's ruling coalition political elites many drawn from within the state's coercive apparatus who in coordination with state dependent tycoons have come to control Cambodia's politics and its economy Loughlin presents new empirical data foregrounding the coercive underpinnings of the modern Cambodian state and its party the Cambodian People's Party CPP The focus on coercion reflects the regime's conflict and postconflict evolution and extractive political economy as the ruling coalition failed to channel popular interests through its political institutions thus resorting either to low intensity forms of coercion such as intimidation and surveillance or to high intensity coercion such as violent crackdowns and extrajudicial killings Through a critical reevaluation of the regime's origins and evolution in its relationship with citizens *The Politics of Coercion* reconceptualizes the CPP to emphasize the obstacles structural institutional and distributional to building a mass based clientelist or developmentally legitimate authoritarian party
