Lord Methuen and the British Army Stephen M. Miller,2012-11-12 This study analyzes the readiness of the British military establishment for war in 1899 and its performance in the South African War 1899 1902 It focuses on the career of Field Marshal Paul Sanford 3rd Baron Methuen whose traditional military training used so effectively in Queen Victoria s small wars was put to the test by the modern challenges of the South African War A subsidiary aim of this work is to correct

and refine the historical consensus that Methuen's campaigning in the South African War was plagued by practical errors and poor judgement. The South African War was a crucial transitional episode in the history of the British army. Unlike Great Britain's other expeditions, it required the concentrated resources of the entire empire. It was a modern war in the sense that it employed the technology, the weaponry, the communications and the transportation of the second industrial revolution.

General Jan Smuts and his First World War in Africa, 1914-1917 David Brock Katz, 2022-05-19. A new assessment of Jan Smuts's military leadership through examination of his World War I campaigning, demonstrating that he was a gifted general conversant with the craft of maneuver warfare and a command style steeped in the experiences of his time as a Boer general. World War I ushered in a renewed scramble for Africa. At its helm, Jan Smuts grabbed the opportunity to realize his ambition of a Greater South Africa. He set his sights upon the vast German colonies of South West Africa and East Africa, the demise of which would end the Kaiser's grandiose schemes for Mittellafrika. As part of his strategy to shift South Africa's borders inexorably northward, Smuts even cast an eye toward Portuguese and Belgian African possessions. Smuts, his abilities as a general much denigrated by both his contemporary and then later modern historians, was no armchair soldier. This cabinet minister and statesman donned a uniform and led his men into battle. He learned his soldiery craft under General Koos De la Rey's tutelage and another soldier-statesman, General Louis Botha, during the South African War, 1899-1902. He emerged from that war immersed in the Boer maneuver doctrine he devastatingly waged in the guerrilla phase of that conflict. His daring and epic invasion of the Cape at the head of his commando remains legendary. The first phase of the German South West African campaign and the Afrikaner Rebellion in 1914 placed his abilities as a sound strategic thinker and a bold operational planner on display. Champing at the bit, he finally had the opportunity to command the Southern Forces in the second phase of the German South West African campaign. Placed in command of the Allied forces in East Africa in 1916, he led a mixed bag of South Africans and Imperial troops against the legendary Paul von Lettow Vorbeck and his Schutztruppe. Using his penchant for Boer maneuver warfare together with mounted infantry, led and manned by Boer Republican veterans, he proceeded to free the vast German territory from Lettow Vorbeck's grip. Often leading from the front, his operational concepts were an enigma to the British, under his command remaining so to modern-day historians. Although unable to bring the elusive and wily Lettow Vorbeck to a final decisive battle, Smuts conquered most of the territory by the end of his tenure. In February 1917, General Jan Smuts and His First World War in Africa makes use of multiple archival sources and the official accounts of all the participants to provide a long overdue reassessment of Smuts's generalship and his role in furthering the strategic aims of South Africa and the British Empire in Africa during World War I.
