REPUBLIC OF SOUTH AFRICA

SOUTH AFRICAN NAVY "THE PEOPLES NAVY"

COMBAT, ENGINEERING, TECHNICAL, SUPPORT AND MARITIME REACTION SQUADRON (MRS) APPLICANTS 2020

BACKGROUND

MILITARY SKILLS DEVELOPMENT SYSTEM (MSDS)

The SA Navy is offering young South African citizens an excellent opportunity to serve in uniform over a two-year period. The Military Skills Development System (MSDS) is a two-year voluntary service system with the aim of equipping and developing young South Africans with the necessary skills in order to compete in the open market.

Young recruits are required to sign up for a period of two-years, during which they will receive Military Training and further Functional Training.

All applicants must comply with the following:

- South African Citizen (Relinquish any other citizenship).
- Have no record of criminal offences.
- Not be area bound.
- Preferably single.
- Comply with medical fitness requirements for appointments in the SANDF.
- Be free from physical disabilities and not suffer from claustrophobia or a fear of heights.

Minimum Requirements for Applicants with Matric/Grade 12 only:

- Combat applicants aged between 18 and 22 must have completed Grade 12 with Mathematics and Physical Science with at least Level 4 for both subjects.
- Engineering and Technical applicants aged between 18 and 22 must have completed Grade 12 with Mathematics and Physical Science with at least Level 4 for both subjects.
- Support applicants aged between 18 and 22 must have completed Grade 12.

Requirements for Graduates:

- Graduate applicants aged between 18 and 26 must have a completed Grade 12 with a Degree, National Diploma or N6 with Trade Test Certificate in Mechanical, Marine or Electrical Engineering.
- Graduate applicants aged between 18 and 26 must have completed Grade 12 with a Degree or National Diploma in Human Resource or Logistics.

THIS APPLICATION FORM MUST BE SUBMITTED WITH THE FOLLOWING CERTIFIED DOCUMENTS:

1. Copy of ID
2. Copy of Matric Certificate
3. A Short CV
4. Highest achieved qualification (e.g. Degree, National Diploma or N6 with Trade Test)

ENQUIRIES AND APPLICATIONS

Admission Enquiries can be directed to:
SA Navy Recruitment Centre at (012) 339 4421/4252/4064.

After Freedom Katherine S. Newman,Ariane De Lannoy,2014-04-22 Twenty years after the end of apartheid a new generation is building a multiracial democracy in South Africa but remains mired in economic inequality and political conflict The death of Nelson Mandela in 2013 arrived just short of the twentieth anniversary of South Africa s first free election reminding the world of the promise he represented as the nation s first Black president Despite significant progress since the early days of this new democracy frustration is growing as inequalities that once divided the races now grow within them as well In *After Freedom* award winning sociologist Katherine S Newman and South African expert Ariane De Lannoy bring alive the voices of the freedom generation who came of age after the end of apartheid Through the stories of seven ordinary individuals who will inherit the richest and yet most unequal country in Africa Newman and De Lannoy explore how young South Africans whether Black White mixed race or immigrant confront the lingering consequences of racial oppression These intimate portraits illuminate the erosion of old loyalties the eruption of class divides and the heated debate over policies designed to redress the evils of apartheid Even so the freedom generation remains committed to a united South Africa and is struggling to find its way toward that vision

Small Navies Dr Deborah Sanders,Dr Ian Speller,Professor Michael Mulqueen,2014-06-28 Whilst maritime studies tend to reflect the dominance of large navies history shows how relatively small naval forces can have a disproportionately large impact on global events From Confederate commerce raiders in the nineteenth century to Somali pirates today even the most minor of maritime forces can become a key player on a global stage Examining a broad range of examples this volume addresses the roles and activities of small navies in the past and the present at the national regional and international level In particular it focusses on the different ways in which such forces have identified and addressed national and international security challenges and the way in which they interact with other navies and security agencies In addition the collection also investigates the relationship of such navies with non governmental organisations institutions and bodies in pursuit of broader

maritime goals be they political financial or environmental Adopting an interdisciplinary approach drawing on the best new research from the fields of international relations security studies strategic studies and maritime history the book examines the diversity of experience amongst different smaller navies and also establishes areas of similarity Divided into two sections part one begins with a number of chapters that are theoretical in nature whilst part two provides case studies that offer a more regional focus including analysis of the challenges facing contemporary navies and historical case studies designed to reveal the experience of small navies over time By adopting an approach that combines historical considerations with analysis of current events the collection offers a unique perspective on the role that small navies have played in wider nautical affairs and their continued impact upon global maritime strategies

Understanding Naval Warfare Ian Speller, 2023-09-11 This updated new edition of Understanding Naval Warfare offers the reader an accessible introduction to the study of modern naval warfare providing a thorough grounding in the vocabulary concepts issues and debates set within the context of relevant history The third edition explains traditional concepts and explores current and emerging ideas concerning the theory and practice of naval warfare relating these to recent events including Sino American naval competition and the Russian Ukraine War Navies operate in an environment that most people do not understand and that many avoid They are equipped with a bewildering range of ships craft and other vessels and types of equipment the purpose of which is often unclear Writings on naval warfare are usually replete with references to esoteric concepts explained in specialist language that can serve as a barrier to understanding This book cuts through the obscure and the arcane to offer a clear coherent and accessible guide to the key features of naval warfare which will equip the reader with the knowledge and understanding necessary for a sophisticated engagement with the subject The new edition is divided into two key parts The first focuses on concepts of naval warfare and introduces readers to the ideas associated with the theory and practice of naval operations and includes a chapter where the history of the last century of naval warfare is explored in order to illustrate the key concepts The second part focuses on the conduct of war at sea and on peacetime roles for contemporary navies and now includes new material on hybrid warfare and grey zone operations and on joint warfare multi domain operations and integrated deterrence within the context of evolving great power rivalry at sea This textbook will be essential reading for students of naval warfare sea power and maritime security and is highly recommended for those studying military history strategic studies and security studies in general

Niger Delta: The Business of the Oil Curse Marc-Antoine Pérouse de Montclos, 2024-05-13 Based on 30 years of fieldwork in the Niger Delta this book debunks the determinism of the resource curse theory in Nigeria Africa's leading oil producer and the most populous country on the continent It rather shows that oil and gas production is only one element of a social problem with much deeper roots It also investigates the role played by the youth a key issue in a society where half of the population is under 18 years old To understand the multiple causes of the crisis it thus delves into the complexity of a rich history

Corruption Risks in Nigeria'S Defence and Security Establishments Jude Uddoh Ph.D.,2016-02-05 This work attempts to assess corruption risks in five key areas of Nigerias defence and security establishments namely political financial personnel operations and procurement Using a simple and straightforward question and answer format the assessment draws from interviews with key players in the industry as well as from secondary sources The scope of the work includes the last few years of President Goodluck Jonathans administration and the threshold of the administration of

President Muhammadu Buhari a truly epochal period in the history of Nigeria's fight against corruption but also reflects policy gaps inherent in the transition in government. The work contributes to an area of literature which is both scanty and characterized by much secrecy. It is hoped therefore that this contribution will not only stimulate more frank and open discussion on the subject of corruption risks in Nigeria's defence and security sector but would also act as both a template and benchmark on which policy makers can embark on genuine and meaningful reforms.

A Companion to the History of Crime and Criminal Justice Jo Turner, Paul Taylor, Sharon Morley, Karen Corteen, 2017-06-21 This companion addresses the history of crime and punishment through entries by expert contributors that select and define the central vocabulary and terminology for the study of the history of crime and punishment. Organized alphabetically with useful cross references and bibliographies it goes beyond mere definitions to offer rigorous critical analysis of the terms and their use within the field both now and in the past. It will be essential to students, researchers and teachers in the field.

Constitutional Erosion in Brazil Emilio Peluso Neder Meyer, 2021-07-15 This book provides a fascinating analysis of a single jurisdiction, Brazil, and accounts for both the successes and the failures of its most recent constitutional project inaugurated by the Constitution of 1988. It sets out the following aspects of the constitutional development and erosion: the different phases of the promised transition from military rule to a social democratic constitutionalism; the obstacles to democratisation derived from the absence of true institutional reforms in the judicial branch and in the civil-military relationship; the legal and social practices which maintained a structure that obstructed the emergence of an effective social democracy such as the neoliberal pattern; the acceptance in the political field of unlawful organisations such as the *milícias* and the way the digital revolution has been harming the formation of democratic sovereignty. Situating Brazil in the global context of the revival of authoritarianism it details the factors which are common to the third wave of democratisation reflux. Accounting for those aspects particular to the Brazilian jurisdiction it shows that there is a tension in the Brazilian constitution. On the one hand such constitutionalism was renewed by democratic pressure on governments to undertake social politics since 1988. On the other hand it retained authoritarian practices through the hands of diverse institutions and political actors. By exploring the ideas of constitutional erosion and collapse as well as democratic social and digital constitutionalism the book presents a comparative analysis of Brazil and other jurisdictions including the United States, South Africa and Peru.

To Govern the Globe Alfred W. McCoy, 2021-11-16 In a tempestuous narrative that sweeps across five continents and seven centuries this book explains how a succession of catastrophes from the devastating Black Death of 1350 through the coming climate crisis of 2050 has produced a relentless succession of rising empires and fading world orders. During the long centuries of Iberian and British imperial rule the quest for new forms of energy led to the development of the colonial sugar plantation as a uniquely profitable kind of commerce. In a time when issues of race and social justice have arisen with pressing urgency the book explains how the plantation's extraordinary profitability relied on a production system that literally worked the slaves to

death creating an insatiable appetite for new captives that made the African slave trade a central feature of modern capitalism for over four centuries After surveying past centuries roiled by imperial wars national revolutions and the struggle for human rights the closing chapters use those hard won insights to peer through the present and into the future By rendering often opaque environmental science in lucid prose the book explains how climate change and changing world orders will shape the life opportunities for younger generations born at the start of this century during the coming decades that will serve as the signposts of their lives 2030 2050 2070 and beyond *Political Handbook of the World 2018-2019* Tom Lansford,2019-03-19 The Political Handbook of the World provides timely thorough and accurate political information with more in depth coverage of current political controversies than any other reference guide The updated 2018 2019 edition will continue to be the most authoritative source for finding complete facts and analysis on each country s governmental and political makeup Compiling in one place more than 200 entries on countries and territories throughout the world this volume is renowned for its extensive coverage of all major and minor political parties and groups in each political system It also provides names of key ambassadors and international memberships of each country plus detailed profiles of more than 30 intergovernmental organizations and UN agencies This comprehensive update will include coverage of current events issues crises and controversies from the course of the last two years including Elections across Europe Referendum in Ireland Rohingya genocide in Myanmar The Venezuelan dictatorship The renaming of Swaziland to eSwatini Qatar diplomacy changes Historic meeting between the United States and North Korea Establishment of a new governing coalition in Liberia

Parliamentary Debates (Hansard). Great Britain. Parliament. House of Commons,1920 Contains the 4th session of the 28th Parliament through the session of the Parliament Routledge Handbook on South Asian Foreign Policy Aparna Pande,2021-08-30 This handbook offers a comprehensive overview of South Asian foreign policy examining the complex history and present state of South Asian foreign policy the foreign policy of the countries of the region as well as their relationships with their neighbors and key external players such as China and the United States in an effort to understand South Asia s place in the world order It illustrates the future trajectory of foreign policy in the region and analyses future of regional arrangements like SAARC South Asian Association for Regional Cooperation and BIMSTEC The handbook is structured in five parts each representing a focused area of enquiry Foreign Policy Relations within South Asia Relations within Indo Pacific Relations with China Europe and the United States Security A carefully selected collection of 26 chapters written by experts on South Asian foreign economic and security policy this handbook provides an objective yet accessible overview of the history and current state of foreign policy of each country and the region It is an authoritative reference work for academics and students as well as international think tanks research institutes and non governmental organizations working on South Asian Politics Asian Politics Foreign Politics International Affairs World History and International Relations
