Lone Star Tarnished Cal Jillson, 2025-05-12 Texas pride like everything else in the state is larger than life So too perhaps are the state's challenges Lone Star Tarnished approaches public policy in the nation's most populous red state from historical comparative and critical perspectives The historical perspective provides the scope for asking how various policy domains have developed in Texas history In each chapter Cal Jillson compares Texas public policy choices and results with those of other states and the United States in general Finally the critical perspective allows readers to question the balance of benefits and costs attendant to what is often referred to as the Texas way or the Texas model and to assess the many claims of Texas's exceptionalism Through Jillson's lively and lucid prose students are well equipped to analyse how Texas has done and is doing compared to selected states and the national average over time and today This text is aimed at students and professors of Texas politics who want to stress history political culture and public policy New to the Fifth Edition Fully updated to include the most recent Texas elections and political events Covers the 2023 legislative session Highlights new population data with projections forward to 2050 recently released by the U S Census and the Texas State Data Center Explores the dramatic increases in Texas oil and gas production and their impact on global and U S prices and on the profitability and the viability of many Texas producers in light of the recent plunge in prices All figures and tables include the most recent data available

Vestal Fire Stephen J. Pyne, 2012-04-01 Stephen Pyne has been described as having a consciousness composed of equal parts historian ecologist philosopher critic poet and sociologist At this time in history when many people are trying to understand their true relationship with the natural environment this book offers a remarkable contribution breathtaking in the scope of its research and exhilarating to read Pyne takes the reader on a journey through time exploring the terrain of Europe and the uses and abuses of its lands as well as through migration and conquest many parts of the rest of the world Whether he is discussing the Mediterranean region Russia Scandinavia the British Isles central Europe or colonized islands whether he is considering the impact of agriculture forestry or Enlightenment thinking the author brings an unmatched insight to his subject Vestal Fire takes its title from Vesta Roman goddess of the hearth and keeper of the sacred fire on Mount Olympus But the book's title also suggests the strengths and limitations of Europe's peculiar conception of fire and through fire of its relationship to nature Between the untamed fire of the wilderness and the tended fire of the hearth lies a never ending dialectic in which human beings struggle to control natural forces and processes that in fact can sometimes be directed but never wholly dominated or contained

American culture is a rich and complex tapestry of colorful threads from at least five continents and in recent decades increased immigration has meant that the pace of change is accelerating It s time for us to get to know ourselves and really appreciate this rich vast and rapidly expanding culture This book explores the contributions of Hispanic Black Native American Oriental Jewish and other cultures to a nation where many people still focus on the influences of Christian capitalist and ethnically European particularly British heritage Written for a general audience *Tapestry* explores the myths of American culture and reveals surprising cultural roots including the fact that American democracy and representative government were inspired more by Native American ways than by the ancient Greeks and Romans Capitalism has become an unchallenged idea a cultural universal and so dogmatic that coupled with Christianity it has become America s dominant religion However capitalism is a 19th century concept created for the bygone industrial era Now the system is showing decay Unfortunately America is an ethnocentric country whose jingoistic belief in its own exceptionalism may prevent needed change American culture has been both inclusive and intolerant Today it stands at a crossroad and must decide what road to take Are we to enter a renaissance or a dark age *Southern Writers* Joseph M. Flora, Amber Vogel, 2006-06-21 This new edition of *Southern Writers* assumes its distinguished predecessor s place as the essential reference on literary artists of the American South Broadly expanded and thoroughly revised it boasts 604 entries nearly double the earlier edition s written by 264 scholars For every figure major and minor from the venerable and canonical to the fresh and innovative a biographical sketch and chronological list of published works provide comprehensive concise up to date information Here in one convenient source are the South s novelists and short story writers poets and dramatists memoirists and essayists journalists scholars and biographers from the colonial period to the twenty first century What constitutes a southern writer is always a

matter for debate Editors Joseph M Flora and Amber Vogel have used a generous definition that turns on having a significant connection to the region in either a personal or literary sense New to this volume are younger writers who have emerged in the quarter century since the dictionary's original publication as well as older talents previously unknown or unacknowledged For almost every writer found in the previous edition a new biography has been commissioned Drawn from the very best minds on southern literature and covering the full spectrum of its practitioners Southern Writers is an indispensable reference book for anyone intrigued by the subject

The Century Dictionary and Cyclopedia: The Century dictionary ... prepared under the superintendence of William Dwight Whitney ... rev. & enl. under the superintendence of Benjamin E. Smith ,1911 Chinese Theatre: An Illustrated History Through Nuoxi and Mulianxi Xiaohuan Zhao,2021-12-30 Chinese Theatre An Illustrated History Through Nuoxi and Mulianxi is the first book in any language entirely devoted to a historical inquiry into Chinese theatre through Nuoxi and Mulianxi the two most representative and predominant forms of Chinese temple theatre Volume Two is a continuation of the historical inquiry into Chinese theatre with focus shifted from Mulian storytelling to Mulian story acting Thus this volume traces the historical trajectory of xiqu from Northern dramas to Southern dramas and from elite court theatre to mass regional theatre with pivotal forms and functions of Mulianxi examined explicated and illustrated in association with the development of corresponding genres of xiqu In so doing every aspect of Mulianxi is considered not in the margins of xiqu but in and of itself While this volume is primarily concerned with Mulianxi references are also made to other forms of Chinese performing arts and temple theatre Nuoxi in particular as Mulianxi has been performed since the twelfth century as or in company with Nuoxi to cleanse the community of evil spirits and epidemic diseases This is an interdisciplinary book project that is aimed to help researchers and students of theatre history understand the ritual origins of Chinese theatre and the dynamic relationships among myth ritual religion and theatre Continuum Encyclopedia of Popular Music of the World: North America John Shepherd,2003 See **Elihu Root Collection of United States Documents Relating to the Philippine Islands ,1898** **The New Encyclopedia of Southern Culture** Michael B. Montgomery, Ellen Johnson,2014-02-01 The fifth volume of The New Encyclopedia of Southern Culture explores language and dialect in the South including English and its numerous regional variants Native American languages and other non English languages spoken over time by the region's immigrant communities Among the more than sixty entries are eleven on indigenous languages and major essays on French Spanish and German Each of these provides both historical and contemporary perspectives identifying the language's location number of speakers vitality and sample distinctive features The book acknowledges the role of immigration in spreading features of Southern English to other regions and countries and in bringing linguistic influences from Europe and Africa to Southern English The fascinating patchwork of English dialects is also fully presented from African American English Gullah and Cajun English to the English spoken in Appalachia the Ozarks the Outer Banks the Chesapeake Bay

Islands Charleston and elsewhere Topical entries discuss ongoing changes in the pronunciation vocabulary and grammar of English in the increasingly mobile South as well as naming patterns storytelling preaching styles and politeness all of which deal with ways language is woven into southern culture
