Congress, W. H. Michael, 2013      *Resources in Education* , 2000      Hollywood Vault Eric Hoyt, 2014-07-03 Hollywood Vault is the story of how the business of film libraries emerged and evolved spanning the silent era to the sale of feature libraries to television Eric Hoyt argues that film libraries became valuable not because of the introduction of new technologies but because of the emergence and growth of new markets and suggests that studying the history of film libraries leads to insights about their role in the contemporary digital marketplace The history begins in the mid 1910s when the star system and other developments enabled a market for old films that featured current stars After the transition to films with sound the reissue market declined but the studios used their libraries for the production of remakes and other derivatives The turning point in the history of studio libraries occurred during the mid to late 1940s when changes in American culture and an industry wide recession convinced the studios to employ their libraries as profit centers through the use of theatrical reissues In the 1950s intermediary distributors used the growing market of television to harness libraries aggressively as foundations for cross media expansion a trend that continues today By the late 1960s the television marketplace and the exploitation of film libraries became so lucrative that they prompted conglomerates to acquire the studios The first book to discuss film libraries as an important and often underestimated part of Hollywood history Hollywood Vault presents a fascinating trajectory that incorporates cultural legal and industrial history      **Official Congressional Directory 113th Congress, Convened January 3, 2013** Congress (U.S.), Joint Committee on Printing, Congress (U S Joint Committee on Printing, 2014-05-16 Directory includes directory information for Congress including officers committees and Congressional advisory boards commissions and other groups and legislative agencies for the Executive branch including the Executive office of the president each Cabinet agency independent agencies commissions and boards for the Judiciary for the government of the District of Columbia for selected international organizations for foreign diplomatic Offices in the United States and for the Congressional press galleries Includes also a short statistical section and Congressional district maps      **Libraries in the Age of Mediocrity** Earl Lee, 1998-01-01 I only wish I had your paper before me when I wrote Silicon Snake Oil Clifford Stoll Ultimately says Earl Lee libraries are involved in the quest for truth but conceptualize it in a way very different from most Library professionals pursue a philosophy of inclusion trying to have as many versions of Truth as possible in the hopes that somewhere in the mass of material something meaningful may be found by some discerning reader But in recent years the mass of data has grown to bury truth and defeat the discerning Librarians have lost sight of what is important The uncontrollable mass of data the transformation of the library to an information center the demise of the card catalog the meretriciousness of publishers offerings the dumbing down of textbooks the decision by the Library of Congress to use the OCLC online system exclusively

these are all the subjects of thought provoking and unsweetened opinions welcome reminders of the rich tradition of intellectual freedom in the profession
