Time for Change Danielle Bussone, 2015-01-01 Danielle Bussone's journey through medical errors and complications devastated her health and nearly claimed her life. What People Are Saying About *Time For Change* *Time For Change* is a comprehensive, engaging, and passionate book by an intrepid woman who fought through years of catastrophic medical events. By continuously reading research and diligently listening to her body, Bussone has found her way back to good health by means of a plant-based diet. Here she shares her story, her research findings, her contagious enthusiasm, and her wonderful methods and recipes of vegan cooking. This book is also a fervent cry against pesticides, genetically modified, and highly processed foods. P. Kandle MD. This book shouts: Wellness happens. An intelligent and enjoyable read for both laypersons and medical professionals, *Time For Change* offers a vegan lifestyle that creates and sustains vitality. Ms. Bussone has done her research. Everyone should read this book. Teresa Wood DDS. Until Danielle Bussone introduced me to a plant-based lifestyle, I suffered from chronic crippling migraines often lasting over fifteen days. I was an avid carnivore, a triathlete with a terrible diet, and a college kid who didn't sleep enough. Unwilling as I was to embrace a vegan diet, I managed to restrict myself for two days to give it a go. Forty-eight hours later, I was migraine-free. Meat looked wholly unappetizing. I felt stronger, slimmer, faster, harder, and was refreshed after a full night's sleep. For me, her book, freedom from debilitating headaches and a fitter body is enough to keep me motivated. Catherine Deborah Davidson, Hiers College Student Triathlete. Danielle's story of adopting a vegan diet to recover her health is an inspiration. *Time For Change* offers a strong foundation to the benefits of a plant-based diet and is filled with delicious recipes to whet your appetite.
