The photos are labelled with the right photographs. The photos show students in class.
In the first photo I imagine that they're about 10 years old.
In the second photo I imagine we are judging by the students' expressions, I say that they are enjoying their lesson. They look interested and it looks as though they are working hard. Most of them are sitting at the computer and working together. They are all wearing a shirt - it's a bit old-fashioned looking uniform. So I would guess that it's a private school, but it could be a state school. It's hard to say.

The second photo shows students in a classroom. I think they are about 17 years old. It's a mixed class of boys and girls. It's difficult to tell what kind of lesson they're in. The teacher is standing at the front of the class. It could be that they're in a maths lesson. The students aren't wearing uniforms. It looks as if one of them is asleep. It's clear that they're in the first class as it's decorated in the lesson or perhaps she doesn't understand what she has to do.
