Songs of the Factory Marek Korczynski, 2015-02-06 Marek Korczynski reports on his ethnographic fieldwork in a British factory to show how workers make often grueling assembly line work tolerable by permeating their workday with pop music on the radio

Music as Multimodal Discourse Lyndon C. S. Way, Simon McKerrell, 2017-01-26 We communicate multimodally Everyday communication involves not only words but gestures images videos sounds and of course music Music has traditionally been viewed as a separate object that we can isolate discuss perform and listen to However much of music's power lies in its use as multimodal communication It is not just lyrics which lend songs their meaning but images and musical sounds as well The music industry governments and artists have always relied on posters films and album covers to enhance music's semiotic meaning Music as Multimodal Discourse Semiotics Power and Protest considers musical sound as multimodal communication examining the interacting meaning potential of sonic aspects such as rhythm instrumentation pitch tonality melody and their interrelationships with text image and other modes drawing upon and extending the conceptual territory of social semiotics In so doing this book brings together research from scholars to explore questions around how we communicate through musical discourse and in the discourses of music Methods in this collection are drawn from Critical Discourse Analysis Social Semiotics and Music Studies to expose both the function and semiotic potential of the various modes used in songs and other musical texts These analyses reveal how each mode works in various contexts from around the world often articulating counter hegemonic and subversive discourses of identity and belonging

Discourse and Social Media Gwen Bouvier, 2018-02-02 Discourse and Social Media is a unique and timely collection that breaks ground on how discourse scholars coming from a range of disciplinary perspectives can critically analyse different social media including YouTube Facebook Twitter and News The book fills a gap in the market for a multi disciplinary collection for analysing the discourse of social media In providing a thorough review of the field to date the opening chapter considers some of the common and divergent interests and priorities that exist in social media discourse analysis It also discusses the wider methodological and theoretical implications which social media analysis brings to the process of discourse analysis as new forms of connections and communication call us to re think the static models that we have been using The rest of the collection draws on different traditions in discourse studies including Critical Discourse Analysis Sociolinguistics Pragmatics Foucaultian analysis and Multimodality to bring several unique approaches to critically analysing social media from a discourse perspective Each ground breaking chapter shows how different forms of social media data can best be selected analysed and dealt with critically As a whole Discourse and Social Media provides a go to resource for social media scholars as well as graduate students The book is a significant contribution to the development of the field at this present shifting time This book was originally published as a special issue of the Journal of Multicultural Discourses

Nostalgia, Song and the Quest for Home Paul Carr, 2025-08-07 What does it mean to evoke a sense of home through song or intentionally utilize nostalgia in songwriting This book explores a neglected aspect of scholarship surrounding the study of song its relationship with nostalgia and notions of home in the broadest sense Each essay in this collection studies these factors from the perspective of production text and reception either individually or in combination Making use of frameworks such as Marxism critical theory and hauntology this is a propulsive study of the global cultural phenomena of nostalgia music From the perspective of production authors explore nostalgia as technique and the commercialization of nostalgia The section focused on text features case studies of nostalgic songs or albums about home and musicological analyses of the nostalgic trends of songwriters songs albums Finally the reception essays facilitate examination of nostalgic narratives from the subjective and varying perspectives of audiences or listeners Whether identifying with Bruce Springsteen or ABBA or hailing from Ukraine or New Zealand the featured music speaks to a listener's sense of home and self From music of the Serbian diaspora and Country n Irish music which speak of a nostalgia for a homeland or time to which one cannot return to a song performed in the Wuhan dialect for listeners who could not leave their homes during COVID containment these collected essays feature the music of artists whose audiences have found and clung to a version of themselves

Popular Music in Contemporary Bulgaria Asya Draganova, 2019-03-07 On the crossroads between the cultural influences of perceived global models and local specificity entangled in webs of post communist complexity Bulgarian popular music has evolved as a space of change and creativity on the edge of Europe An ethnographic exploration this book accesses insight from music figures from a spectrum of styles

Class and Everyday Life Kirsteen Paton, 2023-11-28 Exploring the issues of class through in depth studies of housing sport art music and politics in Britain Class and Everyday Life persuasively demonstrates the pervasive

influence of class on everyday life and the need to centre a radical understanding of class within emancipatory political movements The need for a more expansive understanding of class is politically urgent There is a disconnect between descriptive and analytical approaches to class and the politics of class and realities around how class is lived Discourse has been shaped by top down frameworks of analysis and measurements which have stripped the study of class of its political radicalism This book makes the case for a sociology of class which is informed by a politics of class based upon using the everyday as the point of enquiry It presents a sociology of class from the bottom up which focuses on everyday life and the point at which class is made and remade In doing so it advocates for an attentiveness to class and everyday life through a conjunctural analysis Using an everyday lens this book examines how the shifting conjunctures manifest in everyday spaces in classed ways and how such changes are negotiated resisted and shape the working class subject and communities This is based upon an understanding of everyday classed experiences which identifies and challenges inequalities while also recognising value and hope This perspective aims to offer a recognition of both the opportunities and challenges of class as a way of developing a stronger more politicised understanding of class which takes solidarity and class community power seriously to resist inequality and develop emancipatory politics This urgent and impassioned book will be essential reading for students academics and activists with an interest in the lived experience of class in Britain today

Popular Music and Multimodal Critical Discourse Studies

Lyndon C. S. Way, 2017-12-28 Popular music has long been used to entertain provoke challenge and liberate but also to oppress and control Can popular music be political What types of popular music work best with politics How can songs videos concerts or any other musical commodity convey ideas about power politics and identity Using Multimodal Critical Discourse Studies MCDS this book reveals the deeply political role played by popular music Lyndon Way demonstrates how MCDS can provide important and timely insights on the political nature of popular music due to its focus on how communication takes place as well as its interest in discourse and how ideologies are naturalised and legitimised The book considers the example of contemporary Turkish society with its complex and deep ideological divisions increasingly obvious under the stewardship of President Recep Tayyip Erdogan and his centre right political party in power since 2002 It looks at how the authorities seek to harness and control popular music and considers a wide range of popular music genres including rock rap protest and folk music It shows how official promotional videos protest cut and paste offerings party political election songs live music events and internet discussions about popular music emerge as sites of power and resistance in certain venues and particularly across social media Throughout the book Lyndon Way shows that popular music is also deeply political

Deindustrialisation and Popular Music Giacomo Bottà, 2020-06-04 The book is a comparative study of popular music cultures in 1980s Torino Tampere Manchester and Düsseldorf and their relation to the industrial city as imaginary as heritage and as everyday reality Popular music genres such as hardcore punk house industrial post punk and heavy metal share a common origin in 1980s decaying industrial cities All these genres have been canonized and understood as scores for grey gloomy decaying urban industrial environments or for their evocation but is there an organic relationship between de industrialization and this kind of music production

Collective Mobilization in Changing Conditions Jonas Axelsson, Jan Ch. Karlsson, Egil J. Skorstad, 2019-05-29 This book presents the first published account in English of Sverre Lysgaard's theory of the worker collectivity a theory of an informal protective organisation among subordinate employees which so far has been unknown outside Scandinavia Lysgaard's theory espouses that workers collectively form a buffer against management to protect themselves from the technical economic power which controls their working lives The authors have returned to the same Norwegian factory Lysgaard studied in the 1950s to carry out ethnographic fieldwork in the 1980s and 2010s and investigate the changing nature of the production labour processes and management strategies Through analysis that extends over 50 years of factory life this research documents shifting power relations between workers and employers during times of changing institutional structures globalisation and worker solidarity A revised version of the theory is also presented as an answer to some of the uncovered deficiencies in the original framework The book will be of interest to students and scholars of the sociology of work labour studies business management and organisation studies

Take This Hammer Paul Rekret, 2024-08-27 A study of contemporary music in light of transformations to work and social life The emergence of the popular music industry in the early twentieth century not only drove a wedge between music

production and consumption it also underscored a wider separation of labor from leisure and of the workplace from the domestic sphere. These were changes characteristic of an industrial society where pleasure was to be sought outside of work but these categories have grown increasingly porous today. As the working day extends into the home or becomes indistinguishable from leisure time so the role and meaning of music in everyday life changes too. In arguing that the experience of popular music is partly conditioned by its segregation from work and its restriction to the time and space of leisure the evening the weekend the dancehall *Take This Hammer* shows how changes to work as it grows increasingly precarious part time and temporary in recent decades are related to transformations in popular music. Connecting contemporary changes in work and the economy to tendencies in popular music *Take This Hammer* shows how song form has both reflected developments in contemporary capitalism while also intimating a horizon beyond it. From online streaming and the extension of the working day to gentrification unemployment and the emergence of trap rap from ecological crisis and field recording to automation and trends in dance music by exploring the intersections of work and song in the current era not only do we gain a new understanding of contemporary musical culture we also see how music might gesture towards a horizon beyond the alienating experience of work in capitalism itself. *Made In Egypt* Leila Zaki Chakravarti, 2016-07-01 This ground breaking ethnography of an export orientated garment assembly factory in Egypt examines the dynamic relationships between its managers emergent Mubarak bizniz business elites who are caught in an intensely competitive globalized supply chain and the local daily life realities of their young educated and mixed gender labour force. Constructions of power and resistance as well as individual aspirations and identities are explored through articulations of class gender and religion in both management discourses and shop floor practices. Leila Chakravarti's compelling study also moves beyond the confines of the factory examining the interplay with the wider world around it. **Radiophilia** Carolyn Birdsall, 2023-08-24 A century ago the emergence of radio along with organized systems of broadcasting sparked a global fascination with the wonder of sound transmission and reception. The thrilling experience of tuning in to the live sounds of this new medium prompted strong affective responses in its listeners. This book introduces a new concept of radiophilia defined as the attachment to or even a love of radio. Treating radiophilia as a dynamic cultural phenomenon it unpacks the various pleasures associated with radio and its sounds the desire to discover and learn new things via radio and efforts to record re experience and share radio. Surveying 100 years of radio from early wireless through to digital audio formats like podcasting the book engages in debates about fandom audience participation listening experience material culture and how media relate to affect and emotions. The Activist Humanist Caroline Levine, 2023-10-17 An argument that humanists have the tools and the responsibility to mobilize political power to tackle climate change. As climate catastrophes intensify why do literary and cultural studies scholars so often remain committed to the separation of aesthetic study from the nitty gritty of political change. In this thought provoking book Caroline Levine makes the case for an alternative view arguing that humanists have

the tools to mobilize political power and the responsibility to use those tools to avert the worst impacts of global warming Building on the theory developed in her award winning book *Forms* Levine shows how formalist methods can be used in the fight for climate justice Countering scholars in the environmental humanities who embrace only modest gestures of care and who seem to have moved directly to mourning our inevitable environmental losses Levine argues that large scale practical environmental activism should be integral to humanists work She identifies three major infrastructural forms crucial to sustaining collective life routines pathways and enclosures Crisscrossing between art works and public works from urban transportation to television series and from food security programs to rhyming couplets she considers which forms might support stability and predictability in the face of growing precarity Finally bridging the gap between academic and practical work Levine offers a series of questions and exercises intended to guide readers into political action *The Activist Humanist* provides an essential handbook for prospective activist scholars

Bridging the Divide Jack Metzgar, 2021-11-15 In *Bridging the Divide* Jack Metzgar attempts to determine the differences between working class and middle class cultures in the United States Drawing on a wide range of multidisciplinary sources Metzgar writes as a now middle class professional with a working class upbringing explaining the various ways the two cultures conflict and complement each other illustrated by his own lived experiences Set in a historical framework that reflects on how both class cultures developed adapted and survived through decades of historical circumstances Metzgar challenges professional middle class views of both the working class and themselves In the end he argues for the creation of a cross class coalition of what he calls standard issue professionals with both hard living and settled living working people and outlines some policies that could help promote such a unification if the two groups had a better understanding of their differences and how to use those differences to their advantage *Bridging the Divide* mixes personal stories and theoretical concepts to give us a compelling look inside the current complex position of the working class in American culture and a view of what it could be in the future

Sociology, Work and Organisation Tony Watson, 2017-03-27 The seventh edition of *Sociology Work and Organisation* is outstandingly effective in explaining how we can use the sociological imagination to understand the nature of institutions of work organisations occupations management and employment and how they are changing in the twenty first century Intellectual and accessible it is unrivalled in the breadth of its coverage and its authoritative overview of both traditional and emergent themes in the sociological study of work and organisation The direction and implications of trends in technological change are fully considered and the book recognises the extent to which these trends are intimately related to changing patterns of inequality in modern societies and to the changing experiences of individuals and families Key features of the text are clear structure key issue guides and summaries with each chapter identification of key concepts throughout the book unrivalled glossary and concept guide rich illustrative snapshots or mini cases throughout the book This text engages with cutting edge debates and makes conceptual innovations without any sacrifice to clarity or accessibility of style It will appeal to a wide audience

including undergraduates postgraduates and academics working or studying in the area of work and the organisation of work as well as practitioners working in the area of human resources and management generally

The Organization of Things Martin Parker, 2024-11-14 This is a book about knowledge and how it is organized The business school has captured ideas about organization and reduced them to questions of formal structures documented processes logistics and operations This book shows how the concept can be understood more generously by illuminating the fundamental importance of culture to our understanding of organization Using the idea of a cabinet of curiosities the author shows how we can learn a lot about authority from choirs of angels about secrecy from shipping containers or work from art galleries In disorganizing categories forcing unusual conjunctions the work opens itself to organization studies and studies of organizing as well as cultural sociology human geography and social theory Bringing together arguments developed over the last two decades this book brings together and updates work that will provide a unique and valuable reference for students and scholars of management and organization around the world

Music and Translation Lucile Desblache, 2019-06-04 This book explores how transformations and translations shape musical meanings developments and the perception of music across cultures Starting with the concept of music as multimodal text the author understands translation as the process of transferring a text from one language verbal or not into another interlingually intralingually or intersemiotically as well as the products that are derived from this process She situates music and translation within their contemporary global context examining the tensions between local and global cosmopolitan and national and universal and specific settings to arrive at a celebration of the translational power of music and an in depth study of how musical texts are translated This book will be of interest to translation studies scholars who want to broaden their horizons as well as to musicians and music scholars seeking to understand how cultural exchange and dissemination can be driven by translation
