Sonnets From The Voyage Of The Beagle:

Sonnets from the Voyage of the Beagle Rick Mullin, 2014 Poetry Rick Mullin captures Darwin's gift for minute and thorough observation his almost childlike delight in the sheer inexhaustible plenty that nature provides to every sense his ongoing comparison between the strange and the familiar the chaotically foreign with the orderly English and his conflicting reactions to alien cultures and to the well intentioned efforts to civilize them For me the most notable aspect of this book is the way it is told through a series of narrative sonnets whose language is as crisp and objective as the prose journal from which it draws data but blessed by the speed scope and passion of epic poetry Rhina Espaillat The Sonnets and Narrative Poems of William Shakespeare William Shakespeare, 2015-07-08 If William Shakespeare had never written a single play if his reputation rested entirely upon the substantial and sterling body of nondramatic verse he left behind he would still hold the position he does in the hierarchy of world literature The strikingly modern sonnets intimate baroque and expansive at once the invigorating narratives drawn from classical subjects and the flawless lyricism represented by a poem like The Phoenix and the Turtle permanently deepen our understanding of the multiplicity and extravagant energy of our greatest poet Book Jacket Status Not Jacketed A Metrical Version of the Song of Solomon, and Other Poems. (Miscellaneous Poems: Consisting Chiefly of Paraphrases of Some of the Psalms, and Sonnets from the Spanish and Italian.) By a Late Graduate of Oxford [i.e. Frederick K. Nelson, 2003-06-30 Gay presence is nothing new to American verse and theater Homoerotic themes are discernible in American poetry as early as the 19th century and identifiably gay characters appeared on the American stage more than 70 years ago But aside from a few notable exceptions gay artists of earlier generations felt compelled to avoid sexual candor in their writings Conversely most contemporary gay poets and playwrights are free from such constraints and have created a remarkable body of work This reference is a guide to their creative achievements Alphabetically arranged entries present 62 contemporary gay American poets and dramatists While the majority of included writers are younger artists who came of age in the post Stonewall U S some are older authors whose work has continued or persisted into recent decades A number of these writers are well known including Edward Albee Harvey Fierstein and Allen Ginsberg Others such as Alan Bowne Timothy Liu and Robert O'Hara
