India and China in Africa Raj Verma, 2016-12-19 With their phenomenal growth rates India and China are surging ahead as world economic powers Due to increasing instability in the Middle East they have turned to Africa to procure oil to fuel their industrialisation process Africa s economy stands to be impacted in various ways due to the increasing interaction with these Asian Giants This book analyses the acquisition of oil blocks by Indian and Chinese oil corporations in eleven West African countries It describes the differences in how India and China mobilise oil externally to meet their respective goals and objectives The book examines the rate of return on capital rate of interest on loans and the ease of availability of loans the difference in the level of technology and ability to acquire technology project management skills risk aversion valuation of the asset and the difference in the economic political and diplomatic support received by the Chinese and Indian oil companies from their respective governments It is argued that the difference in the relative economic and political power of India and China accounts for the ability of Chinese oil companies to outbid their Indian competitors and or be preferred as partners by international oil companies Containing interviews from Indian and Chinese oil company executives government officials industry officials former diplomats and scholars and academics from India China and the UK this book makes a valuable contribution to existing literature on India China and the oil industry in West Africa It will be a valuable resource for academics in the field of International Relations Foreign Policy Analysis Asian Business and Economics

Apartheid's Black Soldiers Lennart Bolliger, 2021-10-01 New oral histories from Black Namibian and Angolan troops who fought in apartheid South Africa s security forces reveal their involvement and its impact on their lives to be far more complicated than most historical scholarship has acknowledged In anticolonial struggles across the African continent tens of thousands of African soldiers served in the militaries of colonial and settler states In southern Africa they often made up the bulk of these militaries and in some contexts far outnumbered those who fought in the liberation movements armed wings Despite these soldiers significant impact on the region s military and political history this dimension of southern Africa s anticolonial

struggles has been almost entirely ignored in previous scholarship Black troops from Namibia and Angola spearheaded apartheid South Africa's military intervention in their countries respective anticolonial war and postindependence civil war Drawing from oral history interviews and archival sources Lennart Bolliger challenges the common framing of these wars as struggles of national liberation fought by and for Africans against White colonial and settler state armies Focusing on three case studies of predominantly Black units commanded by White officers Bolliger investigates how and why these soldiers participated in South Africa's security forces and considers the legacies of that involvement In tackling these questions he rejects the common tendency to categorize the soldiers as collaborators and traitors and reveals the un national facets of anticolonial struggles Finally the book's unique analysis of apartheid military culture shows how South Africa's military units were far from monolithic and instead developed distinctive institutional practices mythologies and concepts of militarized masculinity

Water Scarcity and Conflict in African River Basins Mahlakeng Khosi Mahlakeng, 2023-03-31 The book presents a critical and comparative analysis of the hydropolitical landscape of African transboundary river basins which for much of the past century have been affected by water scarcity River and lake basins can become a source of tension and conflict due to a complicated mix of environmental demographic diplomatic historical and geopolitical factors This book however specifically focuses on the important and often under looked role played by scarcity in generating or exacerbating conflicts in shared river basins Asserting that transboundary river basins tie states into a web of interdependence this book raises awareness of how water scarcity or the depletion of water resources complicates this relationship as nations are forced to look beyond their own borders to meet the demand for water to satisfy

multiple needs Taking a comparative approach it examines three shared basins the Orange Senqu the Nile and the Niger River basins While situated in different regions all three basins are marked by serious environmental challenges that are detrimental to combustible hydropolitics over such shared water resources and they provide fascinating insights into the links between climate variability and change water resources human security conflict adaptation and regime capacity Overall this book argues that conflict over transboundary resources can be prevented given the establishment of norms rules and the role of external actors that help regulate state behaviour and control their impacts This book will be of great interest to students and scholars of water resource management hydropolitics environmental conflict resource scarcity and international relations It will also be of interest to policymakers involved in transboundary water resource governance
