Democracy Disconnected Fiona Anciano,Laurence Piper,2018-10-03 Why is dissatisfaction with local democracy endemic despite the spread of new participatory institutions This book argues that a key reason is the limited power of elected local officials especially to produce the City City Hall lacks control over key aspects of city decision making especially under conditions of economic globalisation and rapid urbanisation in the urban South Demonstrated through case studies of daily

politics in Hout Bay Democracy Disconnected shows how Cape Town residents engage local rule In the absence of democratic control urban rule in the Global South becomes a complex and contingent framework of multiple and multilevel forms of urban governance FUG that involve City Hall but are not directed by it Bureaucratic governance coexists alongside market developmental and informal forms of governance This disconnect of democracy from urban governance segregates people spatially socially but also politically Thus while the residents of Hout Bay may live next to each other they do not live with each other This book will be a valuable resource for students on programmes such as urban studies political science sociology development studies and political geography

In this book Erika De Wet examines the authority entitled to extend a request for or consent to direct military assistance as well as the type of situations during which such assistance may be requested notably whether it may be requested during a civil war. Ultimately De Wet addresses the question of if and to what extent the proliferation of military assistance on the request of a recognized government is changing the rules in international law applying to the use of force.

Counter-Insurgency in Nigeria Akali Omeni, 2017-09-08. This book offers a detailed examination of the counter insurgency operations undertaken by the Nigerian military against Boko Haram between 2011 and 2017. Based on extensive fieldwork conducted with military units in Nigeria, Counter Insurgency in Nigeria has two main aims. First, it seeks to provide an understanding of the Nigerian military's internal role, a role that today, as a result of internal threats, pivots towards counter insurgency. The book illustrates how organizational culture, historical experience, institutions, and doctrine are critical to understanding the Nigerian military and its attitudes and actions against the threat of civil disobedience today and in the past. The second aim of the book is to examine the Nigerian military campaign against Boko Haram insurgents, specifically plans and operations between June 2011 and April 2017. Within this second theme, emphasis is placed on the idea of battlefield innovation and the reorganization within the Nigerian military since 2013 as the Nigerian Army and Air Force recalibrated themselves for COIN warfare. A certain mystique has surrounded the technicalities of COIN operations by the Army against Boko Haram, and this book aims to disperse that veil of secrecy. Furthermore, the work's analysis of the air force's role in counter insurgency is unprecedented within the literature on military warfare in Nigeria. This book will be of great interest to students of military studies, counter insurgency, counter terrorism, African politics, and security studies in general.

Foreign Policy in Post-Apartheid South Africa Adekeye Adebajo, Kudrat Virk, 2017-12-18. South Africa is the most industrialized power in Africa. It was rated the continent's largest economy in 2016 and is the only African member of the G20. It is also the only strategic partner of the EU in Africa.
