*Spanish Cinema in the Global Context* Samuel Amago, 2013-09-11 Across a broad spectrum of media markets and national contexts self reflexivity continues to be a favored narrative mode with wide ranging functions In this book Amago argues that in addition to making visible industry and production concerns within the film text reflexive aesthetics have a cartographic function that serves to

map the place of a film geographic and cultural within the global cinemascapes and thus to bring into sharper relief images of the national. Focusing on films in the contemporary Spanish context that in some way reflect back on themselves and the processes of their own production that purposefully blur the distinction between reality and fiction or that draw attention to the various modes of cinematic exhibition and reception Amago proposes ways in which these movies can be employed to understand Spanish national cinemas today as imbedded within a dynamic global system

### **Subversive Spanish Cinema**

Fiona Noble, 2020-07-23 A camp lipsynched routine by three air stewards distracts unsuspecting passengers from the fact that their plane is to make a crash landing. Performance functions as a diversion from unsavoury realities. In this way Pedro Almodóvar's 2013 film *I'm So Excited* adopts a strategy of subversive anti-establishment censor evading filmmaking practices under Franco. Contemporary cinematic performance in Spain intersects with politics to provide a platform for views and voices that do not conform to the dominant political narrative. An essential text for scholars, students and aficionados of Spanish cinema. **Subversive Spanish Cinema: The Politics of Performance** is the first single authored monograph to focus on performance in this context. The book analyses interactions between performance and politics in technical and conceptual terms, considering for example performance styles, the narrative role of performance and political interventions by actors such as Javier Bardem and Juan Diego Botto. Ultimately **Subversive Spanish Cinema: The Politics of Performance** posits performance within the specific context of contemporary Spanish cinema as a politically potent device and proposes that it is precisely for this reason that the arts have borne the brunt of aggressive austerity measures enforced by Spain's conservative government in recent years.

**Spanish Cinema** Rob Stone, 2014-10-13 From the surrealist films of Luis Buñuel to the colourful melodramas of Pedro Almodóvar, Spain has produced a wealth of exciting and distinctive film makers who have consistently provided a condoning or dissenting eye on Spanish history and culture. For modern cinema goers it has often been the sexually charged and colourful nature of many contemporary Spanish films which has made them popular world wide and led directors and stars such as Almodóvar, Banderas and Penélope Cruz to be welcomed by Hollywood. Using original interview material with Spanish Cinema luminaries such as Carlos Saura, Julio Medem, Imanol Uribe and Elías Querejeta, Rob Stone charts a history of Spanish Cinema throughout the turbulent Francoist years and beyond. The book aims to provide a broad introduction to Spanish Cinema, the nine chapters divided into four types: chapters on Spanish Cinema during the Dictatorship and following the transition to democracy; survey, current debate and opinion while tracing the development of themes and film movements throughout those periods; chapters on early Spanish cinema and Basque cinema present vital and fascinating aspects of Spanish cinema that have previously been ignored; chapters on childhood in Spanish cinema and sex and the new star system offer new pathways into the study of Spanish cinema; chapters on Carlos Saura, Elías Querejeta and Julio Medem offer specific case studies of film makers who are emblematic of different periods in Spanish cinema and indeed Spanish history. As with other titles in the *Inside Film* series, the book is comprehensively illustrated with representative stills.
