many leading scholars of modern and contemporary Irish poetry including a notable number of accomplished poet critics its contributors range widely across Mahon's body of work Their essays offer fresh considerations of the biographical geographical and literary contexts that shaped his poetic voice This includes paying attention not only to more familiar influences but also to previously little considered interlocutors The stylistic and formal achievement of his voice is re-evaluated in ways that range from attentive close readings to considerations of his controversial practice of self revision and his engagements with music and experiments in translation The politics of a poet often misleadingly considered apolitical are also reframed to take in the engagements of his early work through to the ecocritical commitment of his later poetry Indeed a notable aspect of this book is the consideration it gives to all the phases of Mahon's career As a whole the collection opens up many new ways of reading and understanding Mahon's important body of work *Faith and Doubt* R. L. Brett, 1997 This major new work from a leading authority touches on issues that are increasingly pertinent to the world today Pairing great writers from each generation who typify the contrasts and concerns of their age Professor Brett explores the complex interplay between faith and doubt in English literature since the Enlightenment Not confining himself to a biographical and historical approach he deploys his understanding of contemporary philosophy and ideology to throw a new light on often neglected areas

Faith, Leadership and Public Life Preston Manning, 2017-10-15 The connection between faith leadership and public life is a complex one as Preston Manning knows all too well from his years as a scout and trailblazer on Canada's political frontiers Now in his new book *Faith Leadership and Public Life* Leadership Lessons from Moses to Jesus he fearlessly tackles this subject by drawing upon his own years in Canada's parliament and political arena and upon relevant lessons to be learned from the public lives of the founding giants of Judaism and the Christian faith Starting with the public life of Jesus himself he also draws upon the experience of those leaders whom Jesus most frequently referenced such as Moses and David as well as examining the lives of leaders such as Joseph and Daniel who were called upon to exercise their faith in societies and political systems hostile to their beliefs He challenges people of faith today to learn from their examples about how to conduct ourselves responsibly at the faith political interface while bringing what Jesus called salt and light to bear on the political issues and structures of our times If you are a person of faith currently active in politics or leadership or contemplating involvement in either the following pages will help you in meeting those challenges
