The 101 Most Influential People who Never Lived Allan Lazar, 2011 Profiles many fictional figures from literature myth film and other sources that have shaped society culture and the course of history such as Rosie the Riveter Lady Chatterly Ebenezer Scrooge and Hamlet **The Ultimate Book of Top Ten Lists** Jami Frater, 2009-11-03 A collection of obscure facts impressive achievements despicable crimes bizarre records unforgettable films and more from the authors of listverse.com Discover bizarre facts amazing trivia astonishing mysteries natural wonders little known people useful tips and much more in this mammoth bathroom reader From crime movies and music to science history and literature this book offers an incredible array of intriguing top ten lists including Urban Legends Debunked Influential People Who Never Lived Ancient Methods of Execution Poisonous Foods We Love to Eat Inventions of the Middle Ages Gruesome Fairytale Origins Secret Societies Amazing Film Swordfights Bizarre Animal Mating Rituals Misconceptions About Evolution Tips for Frugal Living Fascinating Graveyards You Must See Dracula by Bram Stoker The Mystery of The Early Editions Simone Berni, 2016 An anthology of Dracula first editions The collection includes the history and artwork of 15 rare editions of Dracula which until now have not been available in a single publication As a resource for researchers or fans of Dracula this volume is a welcome addition to all libraries Revelation of the recently discovered Hungarian translation illustrates once again the importance of ongoing research **The Objects of Thought** Tim Crane, 2013-10-10 The Objects of Thought addresses the ancient question of how it is possible to think about what does not exist Tim Crane argues that the representation of the non-existent

is a pervasive feature of our thought about the world and that we will not adequately understand thought's representational power intentionality unless we have understood the representation of the non-existent. Intentionality is conceived by Crane in terms of the direction of the mind upon an object of thought or an intentional object. Intentional objects are what we think about. Some intentional objects exist and some do not. Non-existence poses a problem because there seem to be truths about non-existent intentional objects but truths are answerable to reality and reality contains only what exists. The proposed solution is to accept that there are some genuine truths about non-existent intentional objects but to hold that they must be reductively explained in terms of truths about what does exist. The Objects of Thought offers both an original account of the nature of intentionality and a solution to the problem of thought about the non-existent. **Myth-Making and Religious**

Extremism and Their Roots in Crises Arthur G. Neal, Helen Youngelson-Neal, 2015-10-29 According to sociologist C Wright Mills we do not live in a world of solid fact but in a world permeated by culture constructed by humans through communication with each other. Myth making shapes our lives, beliefs, and behavior. Collective myths become plausible explanations for events past and future as each new generation constructs reality anew to make sense of the human condition. Providing a sociological and multicultural analysis, this book examines myth making in the today's world amid religious extremism and terrorism. The authors discuss the imperative of myth in comprehending illness, sexuality, death, and human relationships to the environment and other animals. **Otaku and the Struggle for Imagination in Japan** Patrick W. Galbraith, 2019-12-06 From computer games to figurines and maid cafes, men called otaku develop intense fan relationships with cute girl characters from manga, anime, and related media and material in contemporary Japan. While much of the Japanese public considers the forms of character love associated with otaku to be weird and perverse, the Japanese government has endeavored to incorporate otaku culture into its branding of Cool Japan. In *Otaku and the Struggle for Imagination in Japan*, Patrick W. Galbraith explores the conflicting meanings of otaku culture and its significance to Japanese popular culture, masculinity, and the nation. Tracing the history of otaku and cute girl characters from their origins in the 1970s to his recent fieldwork in Akihabara, Tokyo, the Holy Land of Otaku, Galbraith contends that the discourse surrounding otaku reveals tensions around contested notions of gender, sexuality, and ways of imagining the nation that extend far beyond Japan. At the same time, in their relationships with characters and one another, otaku are imagining and creating alternative social worlds. *TIME The 100 Most Influential People Who Never Lived* The Editors of TIME, 2013-09-17 We know them better than we know our friends: brilliant Sherlock Holmes, stingy Ebenezer Scrooge, the idealistic Don Quixote, the obsessed Captain Ahab, Hamlet is indecisive and world-weary, Romeo and Juliet are young, lusty, and impulsive, Indiana Jones is dashing, learned, and courageous. We speak of men with Oedipus Complexes or Peter Pan Syndromes. We know women who dream of being Cinderella or Madame Bovary. We fear Orwell's Big Brother, Bram Stoker's Count Dracula, and Dr. Frankenstein's Creature. And we marvel at odd couples: Elizabeth Bennett and Mr. Darcy, Huckleberry Finn and Jim, Captain Kirk and Mr.

Spock Humbert Humbert and Lolita Yet all of these unforgettable icons who have shaped civilization and embodied our deepest archetypes are not human they are fictional constructs some created by great authors others by long processes of folklore and myth Now TIME has enlisted a host of brilliant authors to ponder the impact of these remarkable figures Imagine Paul Ryan saluting Ayn Rand s heroic individualist John Galt Think David Sedaris sizing up the Marlboro Man Gloria Steinem dressing down the Barbie doll and Chris Rock ripping the reign of Jim Crow Join TIME for a brisk enlightening exploration of the almost lives and almost times of the most influential characters who never drew a breath **Mr. Ed: Dead** Barry Nelson,2010 **Stories We've Heard, Stories We've Told** Jeffrey Kottler,2014-09-26 If you ask someone the question Tell me a story that changed your life there will almost certainly be a thoughtful pause before a huge grin emerges Everyone s life has been guided and impacted by stories beginning with the earliest fables and nursery rhymes our parents used to instill moral values to the last time you wanted to illustrate a point in a meeting or get a laugh out of a friend over dinner Storytelling is a uniquely human activity among our first and most enduring forms of communication This is a book about the meaning of stories in people s lives especially those that have produced enduring changes in their values behavior lifestyle and worldview Carefully documented and supported by research from the social sciences as well as from neurobiology the humanities media studies and arts Jeffrey Kottler will explore how and why stories are so powerfully influential in people s lives especially those that lead to major life transformations *The Last Smoker on Earth* Basil Dillon-Malone,2021-06-15 All great writers in history were smokers but now smoking had been banned globally effective New Year s Day 2009 The Act of Cessation was launched during the transition between the Bush and Obama administrations with dire implications because of the rampant rumor of Obama being a closet smoker This book is a parody about a brilliant writer who lives two lives one in the media industry interfacing with celebrities a number of whom make cameo appearances The other is his secret life as the last smoker on earth Facilitated by nicotine stimulation the protagonist is on a mission to return literature to society as a closet smoker writing the great American novel in his surreptitious sojourns to the underground If apprehended by the anti tobacco police he will be incarcerated in a place called the Midnight Express and never heard from again *Shocking Cinema of the 70s* Julian Petley,Xavier Mendik,2021-11-18 This collection focuses on 1970s films from a variety of countries and from the marginal to the mainstream which by tackling various difficult subjects have proved to be controversial in one way or another It is not an uncritical celebration of the shocking and the subversive but an attempt to understand why this decade produced films which many found shocking and what it was that made them shocking to certain audiences To this end it includes not only films that shocked the conventionally minded such as hard core pornography but also those that outraged liberal opinion for example Death Wish and Dirty Harry The book does not simply cast a critical light on a series of controversial films which have been variously maligned misinterpreted or just plain ignored but also assesses how their production values narrative features and critical receptions can be linked to the wider historical and social forces

that were dominant during this decade Furthermore it explores how these films resonate in our own historical moment replete as it is with shocks of all kinds Margaret Mitchell's Gone With the Wind Ellen F.
