Lindeque**

## **The Multinational Enterprise And The Emergence Of The Global Factory:**

**The Multinational Enterprise and the Emergence of the Global Factory** Peter J. Buckley, 2014-11-04 The Multinational Enterprise and the Emergence of the Global Factory brings together research papers authored by Peter J Buckley focusing on three of the most important empirical and theoretical issues in the global economy the rise of the global factory the growth of FDI from emerging economies recent developments in the theory of IB *The Future of Foreign Direct Investment and the Multinational Enterprise* Ravi Ramamurti, Niron Hashai, 2011-04-27 This Festschrift in honour of Professor Yair Aharoni a pioneer in the field of international business looks at several of these new trends in FDI what they will mean for firms and governments and the opportunities created by these developments to enrich or extend extant theory

International Management Manfred Fuchs, 2022-10-26 This textbook for students and practitioners offers answers to the most important questions and challenges of international management The main topics are presented and discussed on three levels a the macroeconomic and institutional environment of the global economy b the international firms embedded as players in this environment and c the actual management decisions The focus is placed both on the characteristics of the individual subject areas macro meso and microperspective and on the interdependent connections between these areas The main interest of this book lies in an application oriented analysis of the central strategic management decisions in internationalizing companies This textbook has been recommended and developed for university courses in Germany Austria and Switzerland

**The Global Factory** Peter J. Buckley, 2018-02-23 This key new book synthesises Peter Buckley's work on the global factory the modern networked multinational enterprise The role of interfirm networks entrepreneurship and cooperation in the creation and management of global factories leads to a discussion of their governance internal knowledge transfer strategies and performance including their role in potentially combating societal failures Emerging country multinationals are examined as a special case of global factories with a focus on Indian and Chinese multinationals their involvement in tax havens and offshore financial centres the performance and processes of their acquisition strategies all seen as key aspects of globalisation

**The Oxford Handbook of International Business Strategy** Kamel Mellahi, Klaus Meyer, Rajneesh Narula, Irina Surdu, Alain Verbeke, 2021-01-07 The growth of the multinational enterprise MNE has led to an increasing interest in international business strategy from scholars professionals and policy makers alike MNEs must contend with challenges in both their home and host international markets and increasingly uncertain conditions in the international business environment demand superior firm level capabilities for multinational firms to achieve and maintain competitive advantages in the long run This Handbook explores the progress made in international business strategy theory and practice in the last few decades Written by an international team of leading experts it captures the differences in motivations and decision making processes between smaller and larger firms private family and state owned firms and emerging or developed market multinationals It elaborates on the links between international strategy and the social

responsibilities of the firm in its various host market contexts including the deployment of effective and ethical human resource practices in international markets Most importantly it lays out how the classic principles of international competitive strategy are transformed in today's markets in great part due to digitalization and provides suggestions on how MNEs can develop international business strategies to respond to these transformations The implications of these discussions for strategy and practice are becoming ever more profound This Handbook will prove a valuable resource for both international business scholars and practitioners

**International Business Strategy** Peter J Buckley, Pervez Ghauri, 2015-02-20 With stagnated demand in many home economies the need to internationalize and exploit foreign market opportunities has never been more paramount for businesses to succeed at a global level However this process raises a number of questions such as can firms use their knowledge of one market in the next Can firms pursue internationalization on several fronts at the same time How should firms handle cultural and institutional differences between markets This textbook provides students with the core research in international business and strategy including organization efficiency external relationships and the challenges found in an increasingly multicultural world Each part begins with a presentation of the issues and controversies faced in that particular area followed by a synthesis of the research which provides avenues for future research To facilitate and encourage further debate and learning each part also includes at least one original case study Compiled by two of the World's leading scholars of international business and supplemented with critical commentaries and a range of integrative case studies this comprehensive textbook provides advanced students of international business and strategy with a resource that will be invaluable in their studies and beyond

*Human Capital and Innovation* Sumit Kundu, Surender Munjal, 2016-11-15 The second title in the Palgrave Studies in Global Human Capital Management series this book explores how human capital contributes to innovation within the context of an inter connected and globalized world Investigating globalization as a phenomenon reflected within increasing cross border flows of goods services know how and talent Human Capital and Innovation Examining the Role of Globalization illustrates various facets of innovation at individual team and organizational level It highlights the influence of new economic realities such as technological advances and the rise of emerging economies on human capital and innovation

**From World Factory to Global Investor** Xuedong Ding, Chen Meng, 2017-11-22 Chinese outward direct investment ODI is growing rapidly in recent years As an important phenomenon in the global economy China's ODI deserves more thorough analysis This book looks at China's ODI activities from multi perspectives With the rebalancing of China's own structural growth and China's shift towards a net capital exporter her initiatives such as One Belt One Road OBOR have brought profound implications to the traditional super sovereign or multilateral financial and investment cooperation mechanism As her investment destinations and investment methods become more diversified and sophisticated this book offers unique and refreshing insight into China's ODI activities The book covers the whole range of history and policy development of China's ODI and analyses China's ODI trends and

characteristics in the recent years It reviews China's major policy changes after the Third Plenary Session of the 18th Central Committee of the Communist Party and how they may impact China's ODI strategy and activities The book addresses potential challenges and risks of rising ODI activities from practitioners perspective and discusses how recipient countries may react and respond to the surge of Chinese capital The book also offers policy implications and future research agenda in relation to the Chinese investments

**The Routledge Companion to the Makers of Global Business** Teresa da Silva Lopes, Christina Lubinski, Heidi J.S. Tworek, 2019-07-09 The Routledge Companion to the Makers of Global Business draws together a wide array of state of the art research on multinational enterprises The volume aims to deepen our historical understanding of how firms and entrepreneurs contributed to transformative processes of globalization This book explores how global business facilitated the mechanisms of cross border interactions that affected individuals organizations industries national economies and international relations The 37 chapters span the Middle Ages to the present day analyzing the emergence of institutions and actors alongside key contextual factors for global business development Contributors examine business as a central actor in globalization covering myriad entrepreneurs organizational forms and key industrial sectors Taking a historical view the chapters highlight the intertwined and evolving nature of economic political social technological and environmental patterns and relationships They explore dynamic change as well as lasting continuities both of which often only become visible and can only be fully understood when analyzed in the long run With dedicated chapters on challenges such as political risk sustainability and economic growth this prestigious collection provides a one stop shop for a key business discipline Chapter 31 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license

*Global Business* Mark Casson, 2023-09-06 This fascinating book examines international business and multinational enterprise as part of a bigger picture considering the importance of two main components space and time Summarising the past five years Mark Casson reviews the changing role of multinational enterprises within the global economy and how leading firms have generated profitability and growth not only from innovations in technology and marketing but also by exploiting legal loopholes in tax and regulatory systems *Born Globals, Networks, and the Large Multinational Enterprise* Shameen Prashantham, 2015-05-22 Focusing on international entrepreneurship this research book explores the accelerated internationalization of young firms Known variously as international new ventures INVs or born globals such firms have come to be viewed as legitimate actors on the global stage alongside large multinational enterprises MNEs However the current approach taken by scholars studying large MNEs and born globals separately is questionable This book explores the crucial MNE INV interface a fascinating yet under researched relationship in international entrepreneurship Drawing upon a decade of case based research the author argues that the MNE influence on born globals must be considered more carefully and suggests how new ventures can leverage MNE networks in the pursuit of their rapid internationalization Furthermore it demonstrates that as firms enhance their levels of innovation new pathways emerge via multinational corporation networks a phenomenon vividly demonstrated in the emerging economy context of the Bangalore software industry This innovative research text will be of interest to academics researchers and advanced students with an interest in international entrepreneurship and business strategy innovation and new ventures *International Business in a VUCA World* Rob van Tulder, Alain Verbeke, Barbara Jankowska, 2019-10-21 Dedicated to Professor Peter Buckley OBE this volume of Progress in International Business Research explores the new challenges for MNEs SMEs small and medium sized enterprises and INVs International New Ventures emerging from this changing and increasingly unpredictable political economic social and technological VUCA world *The Multinational Enterprise* Mark Casson, 2018-02-23 This book summarises Mark Casson's

recent research on the multinational enterprise This work is firmly rooted in history and examines the evolution of the internalisation theory of the multinational enterprise over the past forty years and in the light of this considers its potential for further development The book also explores internationalisation theory in respect to marketing and brands the supply chain risk management as well as methodology *The Routledge Companion to European Business* Gabriele Suder, Monica Riviere, Johan Lindeque, 2018-07-20 International Business is a well established research field in which regionalisation has recently gained significant prominence Europe comprises marketplaces characterised by unique patterns of highly advanced economic integration No other marketplace in the world has progressed to the same levels of harmonisation across sovereign countries and economies European Business is a subject in its own right with its own research momentum Contemporary research evidences that firms view Europe as a challenging mostly yet not entirely mature market location Yet this location often seen from a multi country perspective is subject to complexities revealing strategic corporate strengths and weaknesses Theory concepts and models known from International Business hence often vary in their applicability and relevance in this business environment This comprehensive reference volume brings together a global team of contributors to analyse and overview the key issues themes and phenomena that affect business in Europe With interdisciplinary perspectives the book covers crucial themes that any European Business research needs to acknowledge including business cultures and identity entrepreneurship and innovation M A and institutional trends European HRM migration climate change issues Brexit and more The selection of authors from 17 countries worldwide reflects the international scope of this research field and its agenda A unique resource this book provides an essential guide to researchers research students and scholars of business and the social sciences as well as the informed business community **The New Frontiers of International Business** Hemant Merchant, 2022-08-25 This handbook takes a three part approach that helps to understand and chart scholarship in the discipline of International Business IB The chapters in part 1 briefly discuss the scholarly landscape in IB identify new ways of advancing the current literature and highlight some ways in which to do so The chapters in part 2 discuss current topics IB scholars should focus on how to understand them the challenges involved and the role of interdisciplinary outreach The chapters in part 3 discuss IB s broader societal role along several dimensions of relevance to scholars and practitioners IB researchers management scholars and practitioners can use this book to enhance their current knowledge and nurture new ideas based on the chapters written by some of the world s leading experts *The Future of Global Organizing* Alain Verbeke, Rob van Tulder, Rian Drogendijk, 2015-10-23 This latest volume of Progress in International Business Research explores novel ways in which international business is organized Contributions advance our understanding and stretch our thinking about new organizational and geographic structures in MNCs and other organizational forms across borders and geographies *Encyclopedia of International Strategic Management* Christian G. Asmussen, Niron Hashai, Dana Minbaeva, 2024-02-12 This dynamic Encyclopedia presents succinct definitions explanations

and compact reviews of a comprehensive range of topics in the continually evolving field of International Strategic Management ISM A diverse and international collective of eminent scholars and thought leaders leverage their research expertise to present concise reviews of the state of the art of research in ISM exploring the manifold aspects of firms global strategies **Handbook of International Business Policy** Philippe Gugler, Ana T. Tavares-Lehmann, 2024-04-12 Presenting essential research on contemporary foreign direct investment policies this Handbook identifies the wide variety of global policy challenges linked to modern technological geostrategic and entrepreneurial developments from electoral uncertainties to rapid digitalization **The Routledge Companion to the Geography of International Business** Gary Cook, Jennifer Johns, Frank McDonald, Jonathan Beaverstock, Naresh Pandit, 2018-05-08 The fields of Economic Geography and International Business share an interest in the same phenomena whilst each provides both a differing perspective and different research methods in attempting to understand those phenomena The Routledge Companion to the Geography of International Business explores the nature and scope of inter disciplinary work between Economic Geography and International Business in explaining the central issues in the international economy Contributions written by leading specialists in each field including some chapters written by inter disciplinary teams focus on the nature of multinational firms and their strategies where they choose to locate their activities how they create and manage international networks and the key relationships between multinationals and the places where they place their operations Topics covered include the internationalisation of service industries the influence of location on the competitiveness of firms and the economic dynamism of regions and where economic activity takes place and how knowledge goods and services flow between locations The book examines the areas for fruitful inter disciplinary work between International Business and Economic Geography and sets out a road map for future joint research and is an essential resource for students and practitioners of International Business and Economic Development
