The Obama Diaries English Edition:

The Obama Diaries Laura Ingraham, 2010-07-13 The Diary of President Barack Obama The White House May 19 2010 I was going to write about tonight's state dinner for Mexico and the amnesty plan but we've got a national crisis here I think somebody's been snooping in this diary The pages are all wrinkled And the most personal entries are dog eared WHAT THE HELL'S GOING ON HERE WASHINGTON D C On May 20 2010 Laura Ingraham received a package from an anonymous source that will change the history of the United States and the legacy of President Barack Obama While retrieving her automobile from the underground garage at the Watergate complex where she had just enjoyed her weekly pedicure Ingraham discovered a manila envelope on the hood of her car When she picked it up a deep baritone voice called out from a nearby stairwell Just read it You'll know what to do The shadowy figure then disappeared into the darkness without another word The envelope contained copies of what appeared to be diary entries written by President Barack Obama his family and high ranking administration officials Because the diaries are so revealing Ingraham felt compelled to release them to the American public and the citizens of the world Major media outlets love to describe the president as no drama Obama but *The Obama Diaries* tells a different tale Through these diary entries readers will see past the carefully constructed Obama facade to the administration's true plans to remake America In *The Obama Diaries* Ingraham hilariously skewers the president and his minions She takes aim at the cynical razzle dazzle marketing of Obama's radical agenda the use of the Obama brand and family to obscure Obama's true aims Michelle Obama's gardening and anti obesity initiative and much more Informative and hugely entertaining *The Obama Diaries* will inspire both laughter and critical thinking about the future of the nation and the man currently at the helm the use of the Obama brand and family to obscure Obama's true aims Michelle Obama's gardening and anti obesity initiative and much more Informative and hugely entertaining *The Obama Diaries* will inspire both laughter and critical thinking about the future of the nation and the man currently at the helm Excerpts from Laura Ingraham's *The Obama Diaries* Obama on Sarah Palin Hell doesn't Palin have anything better to do than criticize me Shouldn't she be back home shooting some endangered wolf species from a helicopter April 9 2010 Michelle on being First Lady I'll be damned if all this fabulosity is going to go to waste reading Dr Seuss to snot nosed kids all day January 23 2009 Vice President Joe Biden on Michelle Obama She's kind of like a black Hillary Clinton I mean that in a good way May 5 2009 Obama on his visit to the Vatican If I can ingratiate myself with a few more of these red hats the pope thing might not be a bad follow up to the presidency July 10 2009

The Obama Hate Machine Bill Press, 2012-01-31 In *Toxic Talk* Bill Press exposed the ways in which the extreme right wing media has done an end run around the American voting populace by exerting a disproportionate control over open political debate In *The Obama Hate Machine* Press returns to show how the Right has taken rhetoric to slanderous new levels in attacking the nation's forty fourth president But presidents have always been attacked like this right Wrong As the author shows while presidents and presidential candidates routinely have been subject

to personal attacks the outright disdain Obama's extremist opponents have for the facts has inspired an insidious brand of character assassination unique in contemporary politics Obama was born in Kenya Obama sympathizes with Muslim terrorists Obama is a communist who wants to institute death panels and touch off class warfare The extent to which these unfounded assertions have taken hold in the American mindset shows just how ruthless destructive and all powerful the right wing machine hijacked by extremists in the media and fueled by corporate coffers has become The author reveals how corporate interests such as the infamous Koch Brothers continue to steer political coverage away from fact based dialogue into the realm of hysteria Bill Press also observes this phenomenon is not limited to the airwaves and provides an I Hate Obama Book Club list calling out the scores of anti Obama tomes and even some from the Left that have helped drag politics even deeper into the mud In his characteristic on the mark arguments sure to appeal to anyone on the Left or in the Center Press shows how the peculiar nature of Obama hating subverts issue driven debate and threatens not only the outcome of the 2012 election but the future of the American democratic system The Obama Presidency Robert P. Watson, Jack Covarrubias, Douglas M. Brattebo, Tom Lansford, 2012-07-01 Lively and engaging essays covering President Obama's domestic and foreign policy governing style and character The Iconic Obama, 2007-2009 Nicholas A. Yanes, Derrais Carter, 2014-01-10 How is Barack Obama represented in popular culture More than the United States 44th president he is also a lens through which we can examine politics art comics and music in various contexts The essays in this collection focus on the buildup to the 2008 election as well as Obama's first year as president a brief historical moment in which Obama was synonymous with possibility The contributors represent a variety of scholarly fields such as film journalism mass communication popular culture and African American studies each adding a unique perspective on Obama's relationship to American culture **Looking Back on President Barack Obama's Legacy** Wilbur C. Rich, 2018-12-12 When President Barack Hussein Obama left office January 20 2017 he left a fascinating legacy The Obama Presidency will remain an intriguing part of our nation's political history and we can now say that there were unexpected achievements and failures His tenure was both historical and complex and will inevitably be compared with his predecessors and successors The chapters in this volume are a serious assessment of President Obama's tenure written by a diverse team that includes political scientists sociologists historians and economists They provide critical insights into the man and his policies and more importantly are written in a manner that makes them available to laypersons journalists students and scholars *The Field of Honor* John Mayfield, Todd Hagstette, 2017-02-17 Current research on the history and evolution of moral standards and their role in Southern society For more than thirty years the study of honor has been fundamental to understanding southern culture and history Defined chiefly as reputation or public esteem honor penetrated virtually every aspect of southern ethics and behavior including race gender law education religion and violence In *The Field of Honor Essays on Southern Character and American Identity* editors John Mayfield and Todd Hagstette bring together new research by twenty emerging and

established scholars who study the varied practices and principles of honor in its American context across an array of academic disciplines Following pathbreaking works by Bertram Wyatt Brown Dickson D Bruce and Edward L Ayers this collection notes that honor became a distinctive mark of southern culture and something that alongside slavery set the South distinctly off from the rest of the United States This anthology brings together the work of a variety of writers who collectively explore both honor s range and its limitations revealing a South largely divided between the demands of honor and the challenges of an emerging market culture one common to the United States at large They do so by methodologically examining legal studies market behaviors gender violence and religious and literary expressions Honor emerges here as a tool used to negotiate modernity s challenges rather than as a rigid tradition and set of assumptions codified in unyielding rules and rhetoric Some topics are traditional for the study of honor some are new but all explore the question how different really is the South from America writ large The Field of Honor builds an essential bridge between two distinct definitions of southern and by extension American character and identity

Author in Chief Craig Fehrman,2021-02-16 One of the best books on the American presidency to appear in recent years The Wall Street Journal and based on a decade of research and reporting a delightful new window into the public and private lives America s presidents as authors Most Americans are familiar with Abraham Lincoln s famous words in the Gettysburg Address and the Eman cipation Proclamation Yet few can name the work that helped him win the presidency his published collection of speeches entitled Political Debates between Hon Abraham Lincoln and Hon Stephen A Douglas Lincoln labored in secret to get his book ready for the 1860 election tracking down newspaper transcripts editing them carefully for fairness and hunting for a printer who would meet his specifications Political Debates sold fifty thousand copies the rough equivalent of half a million books in today s market and it reveals something about Lincoln s presidential ambitions But it also reveals something about his heart and mind When voters asked about his beliefs Lincoln liked to point them to his book In Craig Fehrman s original illuminating and entertaining Jon Meacham work of history the story of America s presidents and their books opens a rich new window into presidential biography From volumes lost to history Calvin Coolidge s Autobiography which was one of the most widely discussed titles of 1929 to ones we know and love Barack Obama s Dreams from My Father which was very nearly never published Fehrman

unearths countless insights about the presidents through their literary works Presidential books have made an enormous impact on American history catapulting their authors to the national stage and even turning key elections Beginning with Thomas Jefferson's Notes on the State of Virginia the first presidential book to influence a campaign and John Adams's Autobiography the first score settling presidential memoir Author in Chief draws on newly uncovered information including never before published letters from Andrew Jackson John F Kennedy and Ronald Reagan to cast fresh light on the private drives and self doubts that fueled our nation's leaders We see Teddy Roosevelt as a vulnerable first time author struggling to write the book that would become a classic of American history We see Reagan painstakingly revising Where's the Rest of Me and Donald Trump negotiating the deal for The Art of the Deal the volume that made him synonymous with business savvy Alongside each of these authors we also glimpse the everyday Americans who read them If you're a history buff a presidential trivia aficionado or just a lover of American literary history this book will transfix you inform you and surprise you The Seattle Review of Books

Republicans Sell Good Crap The Pessimistic Optimist, 2011-07-28 NEVER IN THE HISTORY of the United States of America has the political scene been so polarizing Republicans Who Sell Good Crap details how like minded Republican politicians political analysts television and radio talk show hosts push the rhetoric across limitless boundaries selling good crap like drug dealers to their addicted clients The good crap now infused with tea baggers has sky rocketed their sales to a new level What happened It just so happened that someone with an odd sounding name had the Audacity of Hope and dared to fulfill The Dream set off this firestorm of utter and complete disrespect for the highest office in the country He is un American He pals around with terrorists Is that pandering or is it fear mongering Well take back our country Reload and take up arms Is that patriotism or is it home grown terrorism Hes a racist Hes a socialist Is that hypocrisy or is it idiocy Like crabs in a barrel clawing their way to the top of the crap pile they throw out words and phrases to outdo each other to see who can sell the best crap [The New Hate](#) Arthur Goldwag, 2012-02-07 From Birthers who claim that Barack Obama was not born in the United States to counter jihadists who believe that the Constitution is in imminent danger of being replaced with Sharia law conspiratorial beliefs have become an increasingly common feature of our public discourse In this deeply researched

fascinating exploration of the ideas and rhetoric that have animated extreme mostly right wing movements throughout American history Arthur Goldwag reveals the disturbing pattern of fear mongering and demagoguery that runs through the American grain The New Hate takes readers on a surprising often shocking sometimes bizarrely amusing tour through the swamps of nativism racism and paranoid speculations about money that have long thrived on the American fringe Goldwag shows us the parallels between the hysteria about the Illuminati that wracked the new American Republic in the 1790s and the McCarthyism that roiled the 1950s and he discusses the similarities between the anti New Deal forces of the 1930s and the Tea Party movement today He traces Henry Ford s anti Semitism and the John Birch Society s Insiders back to the notorious Protocols of the Elders of Zion and he relates white supremacist nightmares about racial pollution to nineteenth century fears of papal plots The most salient feature of what I have come to call the New Hate Goldwag writes is its sameness across time and space The most depressing thing about the demagogues who tirelessly exploit it in pamphlets and books and partisan newspapers two centuries ago on Web sites electronic social networks and twenty four hour cable news today is how much alike they all turn out to be
