The Oh Really Factor Unspinning Fox News Channels Bill Oreilly:

The Oh Really? Factor Peter Hart, Fairness and Accuracy in Reporting, 2003-09-02 Since emerging from tabloid television infamy as the former host of Inside Edition Bill O'Reilly has taken his brand of provocative rhetoric to the next level from shock TV to the No Spin Zone. Despite his outspoken support for Bush's tax cuts and a war with Iraq and his attacks on everything from National Public Radio to welfare mothers O'Reilly fashions his program The O'Reilly Factor as without an agenda or any ideological prejudices. Presenting opposing viewpoints and likely to express views that occasionally diverge from the conservative orthodoxy O'Reilly has styled himself as a straight shooting man of the people wary of the conservative label with which liberals would tag him. In The Oh Really Factor brimming with examples of O'Reilly's error contradiction and hard right political tilt Hart exposes the No Spin Zone as little more than clever marketing. The Oh Really Factor reflects hundreds of hours of research fact checking and analysis of the same evidence O'Reilly uses to support his claims. In this concise and compelling analysis of O'Reilly's views Hart underscores this pundit's masked partisanship adversarial stance toward unions Blacks immigrants and gays and lesbians and his kid gloves treatment of the Right. Forming an important corrective The Oh Really Factor snags O'Reilly in his own spin. [The Man Who Would Not Shut Up](#) Marvin Kitman, 2013-10-22 Fair Balanced To some Bill O'Reilly is a semi demented cable TV talk show host who can be an obnoxious insufferable opinionated rude loudmouth whose views the kinder ones say are typical right wing drivel. But there is much more to O'Reilly than what meets eye. O'Reilly is the paradigm of idiosyncrasy in television journalism. On the rough road to the top O'Reilly learned how to give the public what it wants and thinks it needs. From his early education at the hands of nuns to an advanced degree in public policy from Harvard from working at local television stations and rising through the ranks to network news O'Reilly spent nearly twenty five years learning his craft before he became an overnight star at Fox News. In this very intimate look at the man and what matters to him veteran media critic Marvin Kitman explores all the experiences that led to the making of Bill O'Reilly a nonconformist in a business that demands conformity as the price of success and a man who has risen to the top by not playing by the rules of broadcast news. Kitman shows that O'Reilly is not a knee jerk conservative but an independent freethinker with a mind of his own and he believes what journalism needs is more Bill O'Reilly's Not screamers the blowhards like the current O'Reilly clones rushed on the air since his success but trained journalists reporting the news and telling us why in their opinion the world is a crazy place. Supported by twenty nine interviews with O'Reilly Marvin Kitman chronicles a descent from reporter of news to spewer of views. *Fox Populism* Reece Peck, 2019-01-03 Shows how Fox News appeal is based on its populist presentational style not its conservative ideological bias. *Bring 'Em On* Lee Artz, Yahya R. Kamalipour, 2004-12-10 How were the American people prepared for the war on Iraq? How have political agents and media gatekeepers sought to develop public support for the first preventive war of the modern age? *Bring Em On* highlights the complex links between media and politics analyzing how communication

practices are modified in times of crisis to protect political interests or implement political goals International contributors in mass communication political science and sociology address how U S institutional media practices government policy and culture can influence public mobilization for war

Radio examines the phenomenon of talk radio and the role that it plays in the American political process as well as popular culture Among the central questions addressed is a basic one regarding why people choose to listen to political talk instead of music Do they listen to get objective information on both sides of political issues to help them make their own voting decisions or do they seek out the hosts and content that simply validates their own beliefs After a consideration of the history of talk radio as well as where the industry stands today in terms of audience demographics and advertiser support Randy Bobbitt takes a theoretical look at how talk radio may or may have not impacted political issues and campaigns from the

1950s through the 2006 mid term election as well as the real impact of talk radio on the 2008 presidential campaign Finally Bobbitt considers the future of political talk radio in light of the newest threat to the First Amendment the possible return of the Fairness Doctrine a twentieth century law that once required broadcasters to provide politically balanced programming

Sore Winners John Powers, 2005-08-09 Politics and culture culture and politics They ve never been normal in America but today they re weirder than ever Millionaire populists like Bill O Reilly and Michael Moore dominate a political scene spinning ever further from the real world meanwhile we look to bizarre experiments like Survivor for our daily dose of reality In this wonderfully acerbic tour through our increasingly unhinged culture John Powers takes on celebrities and evangelicals pundits and politicians making sense of the mess for the rest of us He shows how we have come to equate consumerism with patriotism and Fox News with objective journalism and how our culture has become more polarized than ever even as we all shop at the same exact big box stores Insightful hilarious and critical of both liberals and conservatives this is one of the smartest and most enjoyable books on American culture in years

America Right or Wrong : An Anatomy of American Nationalism Anatol Lieven Senior Associate for Foreign and Security Policy Carnegie Endowment for International Peace, 2004-10-15 America keeps a fine house Anatol Lieven writes but in its cellar there lives a demon whose name is nationalism In this controversial critique of America s role in the world Lieven contends that U S foreign policy since 9 11 has been shaped by the special character of our national identity which embraces two contradictory features One The American Creed is a civic nationalism which espouses liberty democracy and the rule of law It is our greatest legacy to the world But our almost religious belief in the Creed creates a tendency toward a dangerously messianic element in American nationalism the desire to extend American values and American democracy to the whole world irrespective of the needs and desires of others The other feature populist or what is sometimes called Jacksonian nationalism has its roots in an aggrieved embittered and defensive White America centered largely in the American South Where the Creed is optimistic and triumphalist Jacksonian nationalism is fed by a profound pessimism and a sense of personal social religious and sectional defeat Lieven examines how these two antithetical impulses have played out in recent US policy especially in the Middle East and in the nature of U S support for Israel He suggests that in this region the uneasy combination of policies based on two contradictory traditions have gravely undermined U S credibility and complicated the war against terrorism It has never been more vital that Americans understand our national character This hard hitting critique directs a spotlight on the American political soul and on the curious mixture of chauvinism and idealism that has driven the Bush administration
