The Other Marlowe Girl The Marlowe Girls English Edition:

Raymond Chandler, Romantic Ideology, and the Cultural Politics of Chivalry Anthony Dean Rizzuto, 2021-12-03 Raymond Chandler *Romantic Ideology and the Cultural Politics of Chivalry* responds to the general consensus that Philip Marlowe represents a chivalric knight out of romance The book argues that this commonplace reading requires a stunningly rosy rewriting of Marlowe knighthood chivalry and romance The book offers a history of the cultural politics of chivalry from the Middle Ages through British Romanticism to the modern United States exposing the elitism violent masculinism racism and ethno national othering harbored within Rizzuto also considers the survival of the chivalric ideology after World War I and argues that the narrative of the Great War destroying chivalry rewrites the ghastly history of warfare Touching on Chandler throughout these cultural histories the book then directly confronts the question of knighthood and romance in the Marlowe novels Rizzuto identifies an explicit rejection of romance in the service of hardboiled gender class and genre norms including a seldom remarked pattern of violence against women and sexual assault The volume concludes by offering some ideas about Chandler's motivations and the reception of the Marlowe novels

Novels - Nineteenth Century, 1852 The Big Sleep David Thomson, 2019-07-25 The Big Sleep 1946 Marlowe and Vivian practising kissing General Sternwood shivering in a hothouse full of orchids a screenplay co written by Faulkner famously mysterious and difficult to solve Howard Hawks adaptation of Raymond Chandler reunited Bogart and Bacall and gave them two of their most famous roles Hawks dredged humour and happiness out of film noir After first shown to a military audience and coldly received Hawks shot extra scenes to replace one in which the film's murders had been explained and in so doing left the plot unresolved Thomson argues that if this was accidental it also signalled a change in the nature of Hollywood The Big Sleep inaugurates a post modern camp satirical view of movies being about other movies that extends to the New Wave and Pulp Fiction

The Woman at the Keyhole Judith Mayne, 1990-12-22 The Woman at the Keyhole is one of the most significant contributions to feminist film theory since the 1970s SubStance this intelligent eminently readable volume puts women's filmmaking on the main stage serves at once as introduction and original contribution to the debates structuring the field Erudite but never obscure effectively argued but not polemical The Woman at the Keyhole should prove to be a valuable text for courses on women and cinema The Independent When we imagine a woman and a keyhole it is usually a woman on the other side of the keyhole as the proverbial object of the look that comes to mind In this work the author is not necessarily reversing the conventional image but rather asking what happens when women are situated on both sides of the keyhole In all of the films discussed the threshold between subject and object between inside and outside between virtually all opposing pairs is a central figure for the reinvention of cinematic narrative

Retreating with Stinky Feet Martin Dolan, 2016-04-25 Once in a while a story idea may come along that is unique plausible interesting and which may be written as is without needing to be edited again and again in draft after draft of unfitting exasperation Unfortunately such an idea is the exception to the proverbial rule for me

This first story about playing sebastopal with cull potatoes happens to be just such an exception Most of my ideas have to be grasped bounced around and steeped for weeks or months in the stale mouldering mush of my mind in hopes that someday they will all be written down in some form of manuscript in blanca y negro M D **The Real Mrs. Price** J. D.

English Stage Katja Pilhuj,2025-10-01 In a late 1590s atlas proof from cartographer John Speed Queen Elizabeth appears crowned and brandishing a ruler as the map s scale of miles Not just a map key the queen s depiction here presents her as a powerful arbiter of measurement in her kingdom For Speed the queen was a formidable female presence authoritative ready to measure any place or person The atlas finished during James reign later omitted her picture But this disappearance did not mean Elizabeth vanished entirely her image and her connection to geography appear in multiple plays and maps Elizabeth becomes like the ruler she holds an instrument applied and adapted *Women and Geography on the Early Modern English Stage* explores the ways in which mapmakers playwrights and audiences in early modern England could following their queen s example use the ideas of geography or world writing to reshape the symbolic import of the female body and territory to create new identities The book demonstrates how early modern mapmakers and dramatists men and women conceived of and constructed identities within a discourse of fluid ideas about space and gender **The Broadview**
