The Owl Who Liked Sitting on Caesar Martin Windrow, 2014-06-10 This memoir of the relationship between a British military historian and a Tawny Owl is a small masterpiece of animal literature a perfect book The Wall Street Journal Mumble was so much a part of my life in those days that the oddity of our relationship seldom occurred to me and I only thought about it when faced with other people's astonishment When new acquaintances learned that they were talking to a book editor who shared a seventh floor flat in a South London tower block with a Tawny Owl some tended to edge away rather thoughtfully I tried to answer patiently but I found it hard to come up with a short reply to the direct question Yes but why my best answer was simply Why not Martin Windrow was a war historian with little experience with pets when he adopted an owl the size of a corn cob Adorable but with knife sharp talons Mumble became Windrow's closest if at times unpredictable companion first in a South London flat and later in the more owl friendly Sussex countryside In *The Owl Who Liked Sitting on Caesar* Windrow recalls with wry humor their finer moments as well as the reactions of incredulous neighbors the awkwardness of buying Mumble unskinned rabbit at Harrods Food Hall and the grievous sense of loss when Mumble nearly escapes Windrow offers a poignant and unforgettable reminiscence of his charmed years with his improbable pet as well as an unexpected education in the paleontology zoology and sociology of owls A memoir of his friendship with this singular creature interwoven with a natural history of her species It is all the more affecting because of its gruff understatement The New York Times Book Review Pure joy Martin Windrow shows us the essence of a wild animal in a story as informative as a scientific paper on the species *Strix aluco* but much more fun to read Elizabeth Marshall Thomas author of *A Million Years with You* Includes photographs and illustrations

Inside the World of Harry Potter Christopher E. Bell, 2018-11-09 Many scholars recognize the importance of Harry Potter as a vehicle for discussions about society from race relations and gender studies to economic political religious and educational applications of the texts This interdisciplinary collection of new essays

brings to the forefront a critique of modern Western society using Harry's world as a mirror to our own. Mozart's Starling Lyanda Lynn Haupt, 2014-07-15. On May 27th 1784 Wolfgang Amadeus Mozart met a flirtatious little starling in a Viennese shop who sang an improvised version of the theme from his Piano Concerto no 17 in G major. Sensing a kindred spirit in the plucky young bird, Mozart bought him and took him home to be a family pet. For three years the starling lived with Mozart, influencing his work and serving as his companion, distraction, consolation, and muse. Two centuries later, starlings are reviled by even the most compassionate conservationists. A nonnative invasive species, they invade sensitive habitats, outcompete local birds for nest sites and food, and decimate crops. A seasoned birder and naturalist, Lyanda Lynn Haupt is well versed in the difficult and often strained relationships these birds have with other species and the environment. But after rescuing a baby starling of her own, Haupt found herself enchanted by the same intelligence and playful spirit that had so charmed her favorite composer. In *Mozart's Starling*, Haupt explores the unlikely and remarkable bond between one of history's most cherished composers and one of earth's most common birds. The intertwined stories of Mozart's beloved pet and Haupt's own starling provide an unexpected window into human-animal friendships, music, the secret world of starlings, and the nature of creative inspiration. A blend of natural history, biography, and memoir, *Mozart's Starling* is a tour de force that awakens a surprising new awareness of our place in the world.

Science, Politics, and Friendship in the Works of Thomas Lovell Beddoes Ute Berns, 2012 This study reevaluates the work of the scientist and radical poet and dramatist and English exile in Germany Thomas Lovell Beddoes 1803 1849 While his writing has elicited high praise from poets ranging from Robert Browning through Ezra Pound to John Ashbery scholars have frequently neglected it on grounds of its purportedly morbid and opaque eccentricity Countering this scholarly perception this book deftly relocates Beddoes's poetry drama and prose at the centre of Anglo German debates on aesthetics and life science politics and theatre in an early nineteenth century European context Aided by his letters from Germany the book re creates the intercultural discursive universe in which Beddoes easily moves from Shakespeare's plays or the aesthetic experiments of Shelley and his circle to Goethe and to topics debated among Heinrich Heine and the Jungdeutschen from the most advanced contemporary scientific research to the post Napoleonic politics of the German radical students organisations and from Byron Baillie and London's illegitimate theatre to Schiller's and Tieck's highly charged reflections on male male friendship The study combines historicist strategies with theories of performance performativity and visuality as it focuses in particular on Beddoes's major and defining work *Death's Jest Book* first completed in 1829 and published posthumously after much revision in 1850 This study shows how *Death's Jest Book* as both drama and poetry devises complex perspectives on scientifically inspired notions of life and history how it forges a radical vision for post Napoleonic Europe and how it links this vision to a daring conception of desiring gendered selves The book pays close attention to the dialogue Beddoes's writing maintains with Early Modern literature and it highlights the proto modernist features that link his work to that of Bchner Grabbe and a European theatre avant garde This innovative study of Beddoes's work cutting across current investigations into politics gender and science in intercultural Romantic Studies should be of interest to scholars and students of British Romantic and Victorian studies as well as of German Vormärz studies and to students and scholars of drama and theatre as well as Queer studies
