

The Pale King

Mark Anthony

The Pale King:

The Pale King David Foster Wallace, 2011-04-15 The breathtakingly brilliant novel by the author of Infinite Jest New York Times is a deeply compelling and satisfying story as hilarious and fearless and original as anything Wallace ever wrote The agents at the IRS Regional Examination Center in Peoria Illinois appear ordinary enough to newly arrived trainee David Foster Wallace But as he immerses himself in a routine so tedious and repetitive that new employees receive boredom survival training he learns of the extraordinary variety of personalities drawn to this strange calling And he has arrived at a moment when forces within the IRS are plotting to eliminate even what little humanity and dignity the work still has The Pale King remained unfinished at the time of David Foster Wallace's death but it is a deeply compelling and satisfying novel hilarious and fearless and as original as anything Wallace ever undertook It grapples directly with ultimate questions questions of life's meaning and of the value of work and society through characters imagined with the interior force and generosity that were Wallace's unique gifts Along the way it suggests a new idea of heroism and commands infinite respect for one of the most daring writers of our time The Pale King is by turns funny shrewd suspenseful piercing smart terrifying and rousing Laura Miller Salon

The Pale King David Foster Wallace, 2011 The character David Foster Wallace is introduced to the banal world of the IRS Regional Examination Center in Peoria Illinois and the host of strange people who work there in a novel that was unfinished at the time of the author's death

The Pale King Wallace David Foster 3m Company, 2014-06-05 The agents at the IRS Regional Examination Center in Peoria Illinois appear ordinary enough to newly arrived trainee David Foster Wallace But as he immerses himself in a routine so tedious and repetitive that new employees receive boredom survival training he learns of the extraordinary variety of personalities drawn to this strange calling And he has arrived at a moment when forces within the IRS are plotting to eliminate even what little humanity and dignity the work still has The Pale King remained unfinished at the time of David Foster Wallace's death but it is a deeply compelling and satisfying novel hilarious and fearless and as original as anything Wallace ever undertook It grapples directly with ultimate questions questions of life's meaning and of the value of work and society through characters imagined with the interior force and generosity that were Wallace's unique gifts Along the way it suggests a new idea of heroism and commands infinite respect for one of the most daring writers of our time

Beyond the Pale Mark Anthony, 2011-06-22 A strange rift in ordinary reality draws saloon owner Travis Wilder and ER doctor Grace Beckett into the otherworld of Eldh a land of gods monsters and magic that is sorely in need of heroes

Modern Myth and Ideology in David Foster Wallace's The Pale King Matthew Ryan Stewart, 2016 The purpose of this study is to analyze David Foster Wallace's novel The Pale King through the critical lenses of Lubomir Doležel's Heterocosmica and Louis Althusser's Ideology and Ideological State Apparatuses to arrive at a theory of the heroic in the novel The Pale King features multiple characters experiencing various crises in the face of an invisible adversarial force that can be understood through Doležel's modern myth formulation in which

an invisible domain oppresses characters This study analyzes three themes of the novel in which this interaction is most observable the religious the supernatural and the civic themes Althusser's work is applied to argue that the invisible domain functions through an ideological mechanism The thesis's last chapter arrives at a twofold theory of the heroic that helps illuminate The Pale King's central characters and augments Dole's theory The heroic characters of the novel follow one of two models the mystical model embodied by Shane Drinion comprises being able to find meaning in meaningless work rather like Sisyphus the civic model embodied by DeWitt Glendenning entails adhering to the outmoded but noble convictions of civic responsibility despite inevitable downfall in the face of the invisible domain David Foster Wallace: Fiction and Form

David Hering, 2016-09-08 A fresh reassessment of David Foster Wallace's entire fictional career and writing process

Understanding David Foster Wallace Marshall Boswell, 2020-09-30 Since its publication in 2003 Understanding David Foster Wallace has served as an accessible introduction to the rich array of themes and formal innovations that have made Wallace's fiction so popular and influential A seminal text in the burgeoning field of David Foster Wallace studies the original edition of Understanding David Foster Wallace was nevertheless incomplete as it addressed only his first four works of fiction namely the novels The Broom of the System and Infinite Jest and the story collections Girl with Curious Hair and Brief Interviews with Hideous Men This revised edition adds two new chapters covering his final story collection Oblivion and his posthumous novel The Pale King Tracing Wallace's relationship to modernism and postmodernism this volume provides close readings of all his major works of fiction Although critics sometimes label Wallace a postmodern writer Boswell argues that he should be regarded as the nervous leader of some still unnamed and perhaps unnamable third wave of modernism In charting a new direction for literary practice Wallace does not seek to overturn postmodernism nor does he call for a return to modernism Rather his work moves resolutely forward while hoisting the baggage of modernism and postmodernism heavily but respectfully on its back Like the books that serve as its primary subject Boswell's study directly confronts such arcane issues as postmodernism information theory semiotics the philosophy of Ludwig Wittgenstein and poststructuralism yet it does so in a way that is comprehensible to a wide and general readership the very same readership that has enthusiastically embraced Wallace's challenging yet entertaining and redemptive fiction **David Foster Wallace in**

Context Clare Hayes-Brady, 2022-12-01 David Foster Wallace is regarded as one of the most important American writers of the twentieth and twenty first centuries This book introduces readers to the literary philosophical and political contexts of Wallace's work An accessible and useable resource this volume conceptualizes his work within long standing critical traditions and with a new awareness of his importance for American literary studies It shows the range of issues and contexts that inform the work and reading of David Foster Wallace connecting his writing to diverse ideas periods and themes Essays cover topics on gender sex violence race philosophy poetry and geography among many others guiding new and long standing readers in understanding the work and influence of this important writer *Grenwind* Adam Willhouse, 2016-05-04

Grenwind is a collection of short poems stories and an extensive epic pertaining to a fantasy realm dominated by nature The majority of content is connected through the overarching theme of nature and human expression told through a unique poetic style The Knight of May a servant to the cause of Nature and the Faerie kind is lost in a magical realm as his home suffers an invasion The Miser a previous enemy of the May summons an eternal winter to keep fair Grenwind subjugated Only with his return and the return of spring may balance be restored to the fair country

Fictionality, Factuality, and Reflexivity Across Discourses and Media Erika Fülöp, 2021-06-08 Concerned with the nature of the medium and the borders between fact and fiction reflexivity was a ubiquitous feature of modernist and postmodernist literature and film While in the wake of the post postmodern return to the real cultural criticism has little time for discussions of reflexivity it remains a key topic in narratology as does fictionality The latter is commonly defined opposition to the real and the factual but remains conditioned by historical cultural discursive and medium related factors Reflexivity blurs the boundaries between fact and fiction however by giving fiction a factual edge or by questioning the limits of factuality in non fictional discourses Fictionality factuality and reflexivity thus constitute a complex triangle of concepts yet they are rarely considered together This volume fills this gap by exploring the intricacies of their interactions and interdependence in philosophy literature film and digital media providing insights into a broad range of their manifestations from the ancient times to today from East Asia through Europe to the Americas

American Literature in Transition, 2000-2010 Rachel Greenwald Smith, 2017-12-28 *American Literature in Transition 2000 2010* illuminates the dynamic transformations that occurred in American literary culture during the first decade of the twenty first century The volume is the first major critical collection to address the literature of the 2000s a decade that saw dramatic changes in digital technology economics world affairs and environmental awareness Beginning with an introduction that takes stock of the period s major historical cultural and literary movements the volume features accessible essays on a wide range of topics including genre fiction the treatment of social networking in literature climate change fiction the ascendancy of Amazon and online booksellers 9 11 literature finance and literature and the rise of prestige television Mapping the literary culture of a decade of promise and threat *American Literature in Transition 2000 2010* provides an invaluable resource on twenty first century American literature for general readers students and scholars alike

Labour of Laziness in Twentieth-Century American Literature Ladyga Zuzanna Ladyga, 2019-07-04 Analyses the theme of laziness in twentieth century American LiteratureUncovers the ethical dimension of the writing of Stein Hemingway Barth Barthelme and Wallace by situating them in the context of the 20th century non normative ethical and aesthetic traditionShows how the Romantic interest in laziness plays out through the modernist and postmodernist moments in 20th century American literatureOffers an innovative model of ethical reading based on the concept of unproductivity as an alternative to the dominant post Romantic trends in the field of ethical criticismPresents the first comprehensive study of laziness as a theoretical concept which draws on a range of religious and philosophical

references points spanning John Locke Immanuel Kant Martin Heidegger Emmanuel Levinas Theodor Adorno Roland Barthes Gilles Deleuze Michel Foucault Giorgio Agamben and Catherine Malabou

The Labour of Laziness in Twentieth Century American Literature focuses on the issue of productivity using the figure of laziness to negotiate the relation between the ethical and the aesthetic This book argues that major twentieth century American writers such as Gertrude Stein Ernest Hemingway John Barth Donald Barthelme and David Foster Wallace provocatively challenge the ethos of productivity by filtering their ethical interventions through culturally stigmatised imagery of laziness Ladyga argues that when the motif of laziness appears it invariably reveals the underpinnings of an emerging value system at a given historical moment while at the same time offering a glimpse into the strategies of rebelling against the status quo

Corporeal Narrative in David Foster Wallace's Fiction Xiaomeng Wan, 2025-07-13 This book serves as a critical examination of contemporary American literature by examining David Foster Wallace's incorporation of corporeal narrative techniques in his novels with a particular focus on *The Broom of the System* *Infinite Jest* and *The Pale King* By employing corporeal narratology as a conceptual framework it sheds light on Wallace's profound exploration of the human body and its societal implications Through detailed analysis the book reveals how Wallace's narratives serve as a critique of contemporary issues such as self alienation consumerism and the dehumanizing effects of modern society Designed for scholars and students of literature cultural studies and narrative theory this book provides a comprehensive understanding of Wallace's literary legacy and his keen observations on the complexities of human existence in the modern world

Scale in Literature and Culture Michael Tavel Clarke, David Wittenberg, 2017-12-04 This collection emphasizes a cross disciplinary approach to the problem of scale with essays ranging in subject matter from literature to film architecture the plastic arts philosophy and scientific and political writing Its contributors consider a variety of issues provoked by the sudden and pressing shifts in scale brought on by globalization and the era of the Anthropocene including the difficulties of defining the concept of scale the challenges that shifts in scale pose to knowledge formation the role of scale in mediating individual subjectivity and agency the barriers to understanding objects existing in scalar realms different from our own the role of scale in mediating the relationship between humans and the environment and the nature of power authority and democracy at different social scales

Beyond Narrative Sebastian M. Herrmann, Katja Kanzler, Stefan Schubert, 2022-04-04 This book calls for an investigation of the borderlands of narrativity the complex and culturally productive area where the symbolic form of narrative meets other symbolic logics such as data base play spectacle or ritual It opens up a conversation about the beyond of narrative about the myriad constellations in which narrativity interlaces with rubs against or morphs into the principles of other forms To conceptualize these borderlands the book introduces the notion of narrative liminality which the 16 articles utilize to engage literature popular culture digital technology historical artifacts and other kinds of texts from a time span of close to 200 years

David Foster Wallace and Religion Michael McGowan, Martin Brick, 2019-11-14 In the years since his suicide

scholars have explored David Foster Wallace's writing in transdisciplinary ways. This is the first book of its kind to discuss how Wallace understood and wrote about religion. At present, the scholarly community is sharply divided on how best to read Wallace on religious questions. Some interpret him to be a Nietzschean nihilist while others see in him a profoundly spiritual even mystical thinker. Some read Wallace as a Buddhist thinker and others as a Christian existentialist. Involved at every level of this discussion are Wallace's experiences in Twelve Step recovery programs according to which only a higher power can help one remove unwanted defects of character. The multifarious essays in this volume by literature, religion, and philosophy scholars in the Wallace community delve into Wallace's life and writings to advance the conversation about Wallace and religion. While they may disagree with one another in substantial ways, the contributors argue that Wallace was not only deliberate in his writings on religious themes but also displayed an impressive level of theological nuance. **How Abstract**

Is It? Thinking Capital Now Rebecca Colesworthy, Peter Nicholls, 2017-10-02. Since the start of the financial crisis in 2008, the notion that capitalism has become too abstract for all but the most rarefied specialists to understand has been widely presupposed. Yet even in academic circles, the question of abstraction itself—of what exactly abstraction is and does under financialisation—seems to have gone largely unexplored, or has it? By putting the question of abstraction centre stage, *How Abstract Is It? Thinking Capital Now* offers an indispensable counterpoint to the economic turn in the humanities, bringing together leading literary and cultural critics in order to propose that we may know far more about capital's myriad abstractions than we typically think we do. Through in-depth engagement with classic and cutting-edge theorists, agile analyses of recent Hollywood films, groundbreaking readings of David Foster Wallace's sprawling unfinished novel *The Pale King*, and even original poems, the contributors here suggest that the machinations and costs of finance, as well as alternatives to it, may already be hiding in plain sight. This book was originally published as a special issue of *Textual Practice*. **After Critique** Mitchum Huehls, 2016-02-01. Taking up four different political themes—human rights, the relation between public and private space, racial justice, and environmentalism—*After Critique* suggests that the ontological forms emerging in contemporary U.S. fiction articulate a version of politics that might successfully evade neoliberal appropriation.

Mathematics in Postmodern American Fiction Stuart J. Taylor, 2024-04-23. This book delivers an innovative critical approach to better understand U.S. fiction of the information age and argues that in the last eighty years, fiction has become increasingly concerned with its representations of mathematical ideas, images, and practices. In so doing, this book provides a fuller transnational account of the place of mathematics in understanding mathematically informed novels. Literature and science studies have acknowledged and situated historical points of cultural crossover by emphasising mathematics within this larger intellectual context and not as an unlikely and alien adjunct to post-war culture. This monograph clarifies how mathematically informed postmodern fictions work in a cognate fashion to other fields undergoing structuralist revolutions. This is especially evident in fiction by the key mathematically literate Postmodern authors upon whom this study focuses.

namely Thomas Pynchon Don DeLillo and David Foster Wallace through which recent the technological revolutions facilitated by mathematics manifest in cultural discourse **Henri Lefebvre, Boredom, and Everyday Life** Patrick

Gamsby, 2022-09-23 Henri Lefebvre Boredom and Everyday Life culls together the scattered fragments of Henri Lefebvre's 1901 1991 unrealized sociology of boredom In assembling these fragments sprinkled through Lefebvre's vast oeuvre Patrick Gamsby constructs the core elements of Lefebvre's latent theory of boredom Themes of time modernity everyday space urban suburban and mass culture culture industry industry culture are explored throughout the book unveiling a concealed dialectical movement at work with the experience of boredom In analyzing the dialectic of boredom Gamsby argues that Lefebvre's project of a critique of everyday life is key for making sense of the linkages between boredom and everyday life in the modern world
