Homeschooling: The Art of Real Life Education Mary Joyce Wright, 2015-01-29 Homeschooling is the process of educating one's children at home rather than at a public or private school. Books on the subject are vital to proper homeschooling. One of the most significant reasons is that the process is filled with a great deal of legal red tape and paperwork. It can help one navigate this often difficult subject in order to do everything fully within the law.

Homeschooling Samuel L. Blumenfeld, 1997 More and more parents today are disillusioned with public education. Instead of merely tolerating a faulty system, expanding numbers of parents are turning to alternative education for their children. Homeschooling describes what homeschooling is all about, helps parents decide whether or not this choice fits their family lifestyle, covers virtually every aspect of homeschooling and more.
