

A promotional image for the film "The Matting of Michael". It features a man with dark, shaggy hair and a black coat, looking intensely at the camera. He is holding a dark, textured scarf or shawl. The background is a stylized, painterly depiction of a city skyline, likely Seattle, with various skyscrapers and a bridge visible. The overall tone is dramatic and moody.

Crawford,2012-12-06 While the previous two volumes in this series were based upon methodology theory and the relationship between ecology and population structure this book can be viewed as an in depth case study The population genetics of a multitude of diverse groups geographically distributed throughout the world was examined in the first two volumes In contrast this volume focuses upon a single ethnic group the Black Caribs Garifuna of Central America and St Vincent Island and explores the interrelationships among the ethnohistory sociocultural characteristics demography morphology and genetic structure of the group This volume offers a broad and intensive treatment of the Black Caribs and their interactions with surrounding populations My interest in the genetics of the Black Caribs was sparked by an accidental meeting in Amsterdam Holland in March 1975 A conversation with Nancie Gonzalez at the Applied Anthropology Meetings revealed the truth is stranger than fiction history of the Black Carib peoples of the Caribbean This was a population with a small sized founding group and a unique biological success story Nancie Gonzalez was particularly interested in estimating the Carib Indian admixture in the contemporary Garifuna population Given my previous experience in estimating Spanish and African admixture in the Tlaxcaltecan population whose gene pool consisted predominantly of Indian alleles a group that appeared to be primarily African with some Indian admixture was of great interest Aside from the ethnohistorical interest I believe that such a population may add considerably to our understanding of the inheritance of complex morphological traits

The Ecology of Marine Fishes Dr. Larry G. Allen,Dr. Michael H. Horn,2006-02-15 Marine fishes have been intensively studied and some of the fundamental ideas in the science of marine ecology have emerged from the body of knowledge derived from this diverse group of organisms This unique authoritative and accessible reference compiled by 35 luminary ecologists evolutionary biologists and ichthyologists provides a synthesis and interpretation of the large often daunting body of information on the ecology of marine fishes The focus is on the fauna of the eastern Pacific especially the fishes of the California coast a group among the most diverse and best studied of all marine ecosystems A generously illustrated and comprehensive source of information this volume will also be an important launching pad for future research and will shed new light on the study of marine fish ecology worldwide The contributors touch on many fields in biology including physiology development genetics behavior ecology and evolution The book includes sections on the history of research both published and unpublished data sections on collecting techniques and references to important earlier studies *Jet* ,1998-12-21 The weekly source of African American political and entertainment news *Wildlife Review* ,1995

Yale University who taught undergraduate psychology at the University of Massachusetts Geographies of Resistance Michael Keith, Steven Pile, 2013-12-19 Until very recently questions of resistance seemed straightforward addressed in terms of an analysis of power This book demonstrates how new radical geographies of resistance emerge develop and operate Radical cultural politics exemplified by the black feminist and gay liberation has developed struggles to turn sites of oppression and discrimination into spaces of resistance Post colonial and queer theory have opened up new political spaces Whether resistance is an act of transgression crossing borders opposition such as constructing barricades or everyday endurance staying in place these are geographies where space is constitutive of the social Leading contemporary geographers draw on material from around the world including Israel Nepal Canada Philippines Australia and Nigeria Recasting current themes in critical human geography politics identity and place the contributors introduce unexplored notions of resistance offering exciting insights for those exploring social cultural urban political and development issues in different worlds of change *Backpacker*, 1998-06 Backpacker brings the outdoors straight to the reader's doorstep inspiring and enabling them to go more places and enjoy nature more often The authority on active adventure Backpacker is the world's first GPS enabled magazine and the only magazine whose editors personally test the hiking trails camping gear and survival tips they publish Backpacker's Editors Choice Awards an industry honor recognizing design feature and product innovation has become the gold standard against which all other outdoor industry awards are measured *Research Awards Index*, 1981 **Ice Bear** Michael Engelhard, 2016-11-01 Prime Arctic predator and nomad of the sea ice and tundra the polar bear endures as a source of wonder terror and fascination Humans have seen it as spirit guide and fanged enemy as trade good and moral metaphor as food source and symbol of ecological crisis Eight thousand years of artifacts attest to its charisma and to the fraught relationships between our two species In the White Bear we acknowledge the magic of wildness it is both genuinely itself and a screen for our imagination Ice Bear traces and illuminates this intertwined history From Inuit shamans to Jean Harlow lounging on a bearskin rug from the cubs trained to pull sleds toward the North Pole to cuddly superstar Knut it all comes to life in these pages With meticulous research and more than 160 illustrations the author brings into focus this powerful and elusive animal Doing so he delves into the stories we tell about Nature and about ourselves hoping for a future in which such tales still matter Queer Objects to the Rescue George Paul Meiu, 2023-12-13 Examines forms of intimate citizenship that have emerged in relation to growing anti homosexual violence in Kenya Campaigns calling on police and citizens to purge their countries of homosexuality have taken hold across the world But the homosexual threat they claim to be addressing is not always easy to identify To make that threat visible leaders media and civil society groups have deployed certain objects as signifiers of queerness In Kenya for example bead necklaces plastics and even diapers have come to represent the danger posed by homosexual behavior to an essentially virile construction of national masculinity In Queer Objects to the Rescue George Paul Meiu explores objects that have played an important and surprising role in both

state led and popular attempts to rid Kenya of various imagined threats to intimate life Meiu shows that their use in the political imaginary has been crucial to representing the homosexual body as a societal threat and as a target of outrage violence and exclusion while also crystallizing anxieties over wider political and economic instability To effectively understand and critique homophobia Meiu suggests we must take these objects seriously and recognize them as potential sources for new forms of citizenship intimacy resistance and belonging

Individual Differences and Personality Michael C. Ashton,2007-07-30 Designed for upper level undergraduate and graduate level students inquiring about the psychology of personality and individual differences this textbook focuses on the personality traits and related characteristics that make each person unique Basic principles of personality measurement are explained and crucial scientific questions of personality psychology are examined via a reader friendly style and various boxes of interesting asides to keep students attention Unlike lower level texts written from a historical perspective that concentrate solely on theory this textbook summarizes and integrates the contemporary research available about individual differences Emphasizes current research

Theories of Human Development Michael G. Green,John A. Piel,2015-07-14 The authors have grouped the theories into three classical families which differ in their views relative to the prime motives underlying human nature They show how theories are specific examples of more general points of view called paradigms The theories chosen to represent the three paradigms the Endogenous Paradigm Exogenous Paradigm and the Constructivist Paradigm were selected because they met four criteria importance as judged by academic and research psychologists fertility as judged by the amount of research the theory has generated scope as judged by the variety of phenomena the various theories explain family resemblance as judged by how well each theory represents its paradigm The authors present the paradigm case in the lead chapter for each paradigm This paradigm case is the best example for the paradigm The authors explain why paradigm cases are important and give them more detailed treatment than other theories in the same paradigm *The Cambridge Handbook of Environment in Human Development* Linda Mayes,Michael Lewis,2012-08-27 This volume takes the child s environment culture education family peers and media as an essential component of child development
