The Eight Crystal Alliances The Group of 5, 2012-12-11

Despite the diversity of theories of human psychology, the majority shares a view of the personality as a collection of traits, ways of thinking and acting that allow the observer to define, recognize, and understand people and their motivations. **The Eight Crystal Alliances** takes a more inclusive, holistic approach toward a personality typology that incorporates the physical body, the thoughts, the emotions, and the soul. The book is based on the study and application of eight magnetic groups of geometric alliances, eight types of human personality classified along energetic principles linking human nature with mineral nature. These types, according to the authors, range from Cubic (rational and organized) to Rhombic (sympathetic, empathetic, and serving others) to Buddhist (here, now, spontaneous, creative, non-conventional, freedom-loving, rebellious, but level-headed). Uncovering the hidden relationship between the human and mineral kingdoms, the book addresses the deep vibrational energies contained within stones that can influence our etheric bodies and, consequently, the other bodies we are made of: mental, emotional, and physical. With detailed lists of stone qualities and case histories, the book shows readers how to use the power of these everyday objects in their personal lives and careers as part of their journey of spirit.

A Door in the Earth Amy Waldman, 2019-08-27

From the bestselling author of *The Submission*, a young Afghan American woman is trapped between her ideals and the complicated truth in this penetrating Oprah Magazine stealthily suspenseful Booklist starred review, breathtaking and achingly nuanced Kirkus starred review novel. Parveen Shams, a college senior in search of a calling, feels pulled between her charismatic and mercurial anthropology professor and the comfortable but predictable Afghan American community in her Northern California hometown. When she discovers a bestselling book called *Mother Afghanistan*, a memoir by humanitarian Gideon Crane that has become a bible for American engagement in the country, she is inspired. Galvanized by Crane's experience, Parveen travels to a remote village in the land of her birth to join the work of his charitable foundation. When she arrives, however, Crane's maternity clinic, while grandly equipped, is mostly unstaffed. The villagers do

not exhibit the gratitude she expected to receive And Crane s memoir appears to be littered with mistakes or outright fabrications As the reasons for Parveen s pilgrimage crumble beneath her the U S military also drawn by Crane s book turns up to pave the solde road to the village bringing the war in their wake When a fatal ambush occurs Parveen must decide whether her loyalties lie with the villagers or the soldiers and she must determine her own relationship to the truth Amy Waldman who reported from Afghanistan for the New York Times after 9 11 has created a taut propulsive novel about power perspective and idealism brushing aside the dust of America s longest standing war to reveal the complicated truths beneath A Door in the Earth is the rarest of books one that helps us understand living history through poignant characters and unforgettable storytelling
