& Character Otto Weininger, 1906 **The Age of Sex Crime** Jane Caputi, 1987 The sexualized serial murder of women by men is the subject of this provocative book Jane Caputi argues that the sensationalized murders by men such as Jack the Ripper Son of Sam Hillside Strangler and the Yorkshire Ripper represent a contemporary genre of sexually political crimes The awful deeds function as a form of patriarchal terrorism disappearing women at a rate of some four thousand annually in the United States alone Caputi asks us not only to name the phenomenon of sexually political murder but to recognize sex crime in all of its various interconnecting manifestations **Thomas Middleton: The Collected Works**, 2007-11-22

Eliot Though repeatedly censored in his own time he has since come to be particularly admired for his representations of the intertwined pursuits of sex money power and God The Oxford Middleton prepared by more than sixty scholars from a dozen countries follows the precedent of The Oxford Shakespeare in being published in two volumes an innovative but accessible Collected Works and a comprehensive scholarly Companion Though closely connected each volume can be used independently of the other The Collected Works brings together for the first time in a single volume all the works currently attributed to Middleton It is the first edition of Middleton's works since 1886 The texts are printed in modern spelling and punctuation with critical introductions and foot of the page commentaries they are arranged in chronological order with a special section of Juvenilia The volume is introduced by essays on Middleton's life and reputation on early modern London and on the varied theatres of the English Renaissance Extensively illustrated it incorporates much new information on Middleton's life canon texts and contexts A self-consciously federal edition The Collected Works applies contemporary theories about the nature of literature and the history of the book to editorial practice **Sex, Time, and Power** Leonard Shlain, 2004-08-03 As in the bestselling The Alphabet Versus the Goddess Leonard Shlain's provocative new

book promises to change the way readers view themselves and where they came from Sex Time and Power offers a tantalizing answer to an age old question Why did big brained Homo sapiens suddenly emerge some 150 000 years ago The key according to Shlain is female sexuality Drawing on an awesome breadth of research he shows how long ago the narrowness of the newly bipedal human female s pelvis and the increasing size of infants heads precipitated a crisis for the species Natural selection allowed for the adaptation of the human female to this environmental stress by reconfiguring her hormonal cycles entraining them with the periodicity of the moon The results however did much more than ensure our existence they imbued women with the concept of time and gave them control over sex a power that males sought to reclaim And the possibility of achieving immortality through heirs drove men to construct patriarchal cultures that went on to dominate so much of human history From the nature of courtship to the evolution of language Shlain s brilliant and wide ranging exploration stimulates new thinking about very old matters

Thomas Middleton: The Collected Works Thomas Middleton, 2010-03-25 Thomas Middleton is one of the few playwrights in English whose range and brilliance comes close to Shakespeare s This handsome edition makes all Middleton s work accessible in a single volume for the first time It will generate excitement and controversy among all readers of Shakespeare and the English classics
