The Seven Sages Patricia Anne Dye, 2013-04-22 Many world legends suggest that at any given time seven sages walk the Earth tasked with the responsibility to anchor wisdom on behalf of humanity Each one stands as the personification of a different rung of human consciousness Together they represent humanity's innate ability to save itself from doom itself Earthwhisperer knows the secrets of the Earth its pleasures and its pains Lila understands the nature and workings of sacred pleasure Solomon has learned how to wield both moral and ethical power Philomel has captured the art of immaculate loving and heartfelt joy Dattatreya lives out his version of crazy wisdom with his innovative family Marianina is fey with a vast and accurate perspective on the human soul and its cosmic context Horus is a human sun the indicator of human destiny well above normal human consciousness At this time the sages have the profound challenge to help humanity reclaim balance compassion and hope when these qualities seem lost forever Through a whirling cascade of shifts in perception can the sages inspire each person to embrace his or her unique brand of wisdom in time

Remember to Remember: the Mayan Mysteries Carol E. Parrish-Harra Ph. D., 2011-10-28 Compilation and Insights Remember to Remember The Mayan Mysteries As told by a wisdom Teacher Awakening to Mythological thinking is difficult any time but to depart from institutional thinking and enter into the world of intuitive awareness is the opportunity of today This compilation and personal Insights to the Mayan Prophecies brings a new comprehension in Remember to Remember The Lost Mysteries as the known and unknown carry us toward a new height of understanding When one approaches the Maya Mysteries as parables and legends as well as calendars and mathematics a new doorway opens Beginning with the lost worlds of Lemuria and Atlantis we find ourselves caught up in the story of an empire that has left its impact An adventure awaits true but this glimpse of a future more creative and hopeful takes us to the wonders of a world unknown From a false belief of envisioning our native forefathers and mothers as primitive natives we gain an awesome recognition of the wonders of encoded hieroglyphs we move into respect and understanding through parables legends and oral teachings A major aspect of the authors perspective is to integrate the contribution of the Maya with other wisdom traditions Many of the lingering myths of questionable ideas are clearly included in the mythology of these people Terms avoided in the rational and intellectual community rest in the psyche of all America and as we stir these ideas come alive The goal of evolution is presented clearly in the unfolding of these long secreted concepts such as sky people hollow earth theory and others From spirit space to science religion we get an amazing understanding of what is in store for humanity at the close of the Ninth Hell Has Humanity achieved its goal or has it missed the mark

Revelation of St. John Zachary F. Lansdowne, 2006-05-20 The Revelation of St John the last book of the canonical Bible has been a mystery since it first appeared No other part of the Bible has caused more controversy Traditional interpretations of the book fall into one of three categories the major prophecies that are supposed to have been fulfilled in the destruction of Jerusalem in 70 A D the historical view that Revelation predicts the

course of human events from the founding of Christianity to the end of the world or the futurist view that Revelation predicts events that will occur at the end of the world It s actually none of the above writes Zachary F Lansdowne a leading expert in the field of spiritual initiation In the Introduction to this rich and complex interpretation he writes According to its own verses the Revelation is concerned with the present time which is whatever time we happen to be reading it and contains information that we can apply immediately to become blessed This is not a book about end times or Armageddon and when it might come This is a book written entirely in symbols concealing a path for early Christians and for the contemporary reader Lansdowne has applied a unique psychological method of interpretation that takes each symbol as depicting some aspect of human consciousness rather than an eternal event thus showing that the Revelation is actually a detailed instruction for the spiritual journey a map to the wakening of higher consciousness Moreover while the Revelation appears in the great lineage of Judeo Christian tradition Lansdowne shows that its instruction can be appreciated and applied to seekers from any tradition Lansdowne s line by line and verse by verse interpretation presented here in an easy to read side by side format is a manual for the true seeker who would follow teachings of Jesus as they were and are laid out rather than as they have been interpreted by theologians and biblical historians The Revelation of St John when unlocked by the key of psychological methodology is revealed to contain ideas from many diverse wisdom traditions and philosophies archangels in Judaism chakras and kundalini in Hinduism Buddhist mindfulness the redemptive power of love in Christianity and absolute standards of comparison in Platonic philosophy Zachary Lansdowne s revelatory text makes these teachings of the path to true soul initiation available to seekers from every spiritual tradition

Understanding Children's Spirituality Kevin E. Lawson, 2012-03-22 How important is childhood in the spiritual formation of a person? How do children experience God in the context of their lives as they grow? What does God do in the lives of children to draw them to himself and help them grow into a vital relationship with him? How can adults who care about children better support their spiritual growth and direct it toward relationship with God through Jesus Christ? These are critical questions that church leaders face as they consider how best to nurture the faith of the children God brings into our lives. In this book, over two dozen Christian scholars and ministry leaders explore important issues about the spiritual life of children and ways parents, church leaders, and others who care about children can promote their spiritual formation.

Sensing the Spirit Judith A. Merkle, 2023-06-15 Drawing on the work of Canadian philosopher Charles Taylor, this book examines how secular culture affects both the living of Christian discipleship today and impacts how religious congregations engage in their own renewal and future. It argues that religious communities can do more than improve and fix the out-of-date conditions they met in the renewal after Vatican II. Calling on environmental, sociological, and theological insights, this book asks how the ongoing coming of the Kingdom in the Spirit brings new gifts for these times and how congregations might respond beyond restorative or post-Christian solutions to new challenges confronting them. This book offers a renewed meaning of religious life in secular life and the gift it offers and receives from every culture in which it is embedded.
