**Hemingway and Pound** John Cohassey, 2014-07-09. Unique individuals of fiery temperament, Ernest Hemingway and Ezra Pound made an odd pair on the streets of 1920s Paris. If the elder, cane-carrying Pound appeared the out-of-date poet, Hemingway was the epitome of his generation's Flaming Youth. Meeting on the high ground of art, these two literary giants formed a friendship that survived until Hemingway's death. During their short time together in Paris, Pound edited Hemingway's early work. Over decades, Hemingway considered Pound a major poet and read *The Cantos* as they appeared in

little magazines and published volumes Eventually living in countries half a world apart Hemingway and Pound maintained a lively and sometimes contentious correspondence When Pound was incarcerated in America for his World War II broadcasts over Radio Rome Hemingway played a vital role in freeing his old poet friend the man who edited his early work the good game guy whose wit and brilliance he never forgot This narrative of a friendship lays bare the triumphs and tragedies of two giants of modern literature

**First Words** Paul Mandelbaum, 2013-06-17 This unique literary anthology presents the childhood writings of some of America's greatest authors including Stephen King Joyce Carol Oates and more Most kid write stories A few of them grow up to be successful authors Before Stephen King created Carrie he created Jhonathan at age nine And before there was Rabbit Angstrom there was Manuel Citarro the detective in John Updike's hard boiled mystery written at fourteen Before Jurassic Park there was young Michael Crichton's story about the mysteriously wounded man lying unattended in the street Editor Paul Mandelbaum persuaded our most popular American authors to share their childhood writings and their treasured photographs What he's gathered is a fascinating delightful collection of writing and early snapshots that reveal young minds at work wrestling with early versions of ideas that were to take hold of their writings in later years Of course the young Madeline L Engle would wonder about space and the meaning of eternity Of course Margaret Atwood would question conventional female behavior arguing for the right to smoke cigars Other writers featured in this volume include Amy Tan Paul Bowles Michael Crichton Ursula K LeGuin Tobias Wolff and more

*British Short Fiction in the Early Nineteenth Century* Tim Killick, 2016-05-23 In spite of the importance of the idea of the tale within Romantic era literature short fiction of the period has received little attention from critics Contextualizing British short fiction within the broader framework of early nineteenth century print culture Tim Killick argues that authors and publishers sought to present short fiction in book length volumes as a way of competing with the novel as a legitimate and prestigious genre Beginning with an overview of the development of short fiction through the late eighteenth century and analysis of the publishing conditions for the genre including its appearance in magazines and annuals Killick shows how Washington Irving's hugely popular collections set the stage for British writers Subsequent chapters consider the stories and sketches of writers as diverse as Mary Russell Mitford and James Hogg as well as didactic short fiction by authors such as Hannah More Maria Edgeworth and Amelia Opie His book makes a convincing case for the evolution of short fiction into a self conscious intentionally modern form with its own techniques and imperatives separate from those of the novel
