The Story Behind the Holocaust Natalie Silverman, 2013 Just as Hitler wanted a New World Order we now have a new world order also called Globalism taking shape We must all face the challenges of giving up our national sovereignty many of our constitutionally guaranteed freedoms peace and prosperity We must consider the reality of One World Government and One World Religion We must consider The European Union The North American Free Trade Agreement The World Trade Organization Agreement and numerous other such little discussed Agreements We must consider The United Nations Report of the Commission on Global Governance along with its Agenda 21 sustainability and population reduction because it is easier for the powers that be like the Trilateral Commission and their associates to control a population of 1.5 billion rather than 8 or more billion people The Global 2000 Report The Charter of Economic Right and Freedoms are largely being dismissed Why Herein we discuss the almost inexplicable ethical and philosophical reasons much of the world has long hated the Jewish peoples the Gypsy peoples the Aboriginals and the disabled of any and all nations This book is a thought provoking attempt to reveal how money and power become concentrated in the hands of a few well known well respected evil beings their families their secret societies and often their religious organizations These same families and organizations have through psychological conditioning of populations through the centuries maintained control of societies policies and history
