The Path Forward Rethinking Federal Marijuana Policy:

The Path Forward Rep. Earl Blumenauer, Rep. Jared Polis, United States Representative Office, 2014-11-06 After decades of failed policies and tremors of varying intensity the tectonic plates of marijuana regulation abruptly shifted November 2012 as the citizens of Washington and Colorado voted to legalize the drug for personal recreational use Smaller earlier quakes first began in Oregon in 1973 when the state legislature passed legislation that made the penalty for possession of small amounts of marijuana equivalent to that of a traffic ticket In the 40 years that followed 15 jurisdictions have developed similar policies The next upheaval was the legalization of medical marijuana by states starting with California in 1996 The therapeutic qualities of marijuana have since proved persuasive in states across the political spectrum The movement to allow medical marijuana has gained more momentum and legitimacy with a total of 18 states and the District of Columbia currently allowing this application **A New Leaf** Alyson Martin, Nushin Rashidian, 2015-02-03 Two award winning journalists offer a cogent well sourced and ambitious analysis of the slow decline of cannabis prohibition in the United States Kirkus Reviews In November 2012 voters in Colorado and Washington passed landmark measures to legalize the production and sale of cannabis for social use a first in the United States and the world Once vilified as a gateway drug cannabis is now legal for medical use in eighteen states and Washington DC Yet the federal government refuses to acknowledge these broader societal shifts 49.5 percent of all drug related arrests involve the sale manufacture or possession of cannabis In the first book to explore the new landscape of cannabis in the United States investigative journalists Alyson Martin and Nushin Rashidian demonstrate how recent cultural and legal developments tie into cannabis's complex history and thorny politics Reporting from nearly every state with a medical cannabis law Martin and Rashidian interview patients growers doctors entrepreneurs politicians activists and regulators A New Leaf moves from the federal cannabis farm at the University of Mississippi to the headquarters of the ACLU to Oregon's World Famous Cannabis Caf The result is a lucid account of how cannabis legalization is changing the lives of millions of Americans and easing the burden of the war on drugs both domestically and internationally God on High Laurie Cozad, 2018-06-20 God on High examines cannabis based religious groups in Canada and the United States These religious groups are on the rise as cannabis use is further decriminalized or legalized In examining these groups Laurie Cozad explores the triangular relationships between cannabis religion and the law and the ways in which the shifting discourse of medical science impacts this trio *Public Health and Society: Current Issues* Lillian D. Burke, Barbara Weill, 2023-03-20 Public Health and Society Current Issues analyzes current public health issues in a historical context while relating them to individual lives The text emphasizes the social determinants of health social justice and the climate crisis by leading off with these important topics and then integrates them where appropriate throughout the text Subsequent chapters explore gun violence the opioid epidemic tobacco vaping and alcohol use COVID 19 mental health environmental health chronic disease

emerging and reemerging diseases and more Key features In the News articles bring public health topics up to date and underscore their modern relevance Personal vignettes humanize public health issues and make them resonate for readers Short histories put current issues into historical context for example the opioid epidemic Ch 5 and alcohol and tobacco use Ch 6 Comprehensive and up to date data and references are included throughout the text Navigate eBook acc Drugs, Crime, and Justice Steven Belenko, Cassia Spohn, 2014-10-10 Drugs Crime and Justice is an engaging yet comprehensive analysis of the interrelationships among drug use abuse crime and justice The first four chapters introduce readers to the interrelationships between drugs and crime while the second later chapters provide readers with an overview of historical and contemporary policies as well as a comprehensive review of research on policing drug markets arresting drug offenders and prosecution and sentencing of drug offenders in state and federal courts Steven Belenko and Cassia Spohn also examine and assess the impact of the war on drugs and conclude with a discussion of recent policy changes such as drug courts and reform repeal of mandatory minimum sentences and an examination of new and emerging drug policies in the 21st Century
