Scheherazade's Children Philip F. Kennedy, Marina Warner, 2013-11-08 Scheherazade s Children gathers together leading scholars to explore the reverberations of the tales of the Arabian Nights

across a startlingly wide and transnational range of cultural endeavors The contributors drawn from a wide array of disciplines extend their inquiries into the book's metamorphoses on stage and screen as well as in literature from India to Japan from Sanskrit mythology to British pantomime from Baroque opera to puppet shows Their highly original research illuminates little known manifestations of the Nights and provides unexpected contexts for understanding the book's complex history Polemical issues are thereby given unprecedented and enlightening interpretations Organized under the rubrics of Translating Engaging and Staging these essays view the Nights corpus as a uniquely accretive cultural bundle that absorbs the works upon which it has exerted influence In this view the Arabian Nights is a dynamic living and breathing cross cultural phenomenon that has left its mark on fields as disparate as the European novel and early Indian cinema While scholarly the writers approach is also lively and entertaining and the book is richly illustrated with unusual materials to deliver a sparkling and highly original exploration of the Arabian Nights radiating influence on world literature performance and culture

The Monster in the Mirror Anthony Wacholtz, 2018-08 It all started with the bathroom mirror which started reflecting a subtly altered picture of Anders's reality but now it is every reflective surface and Anders knows that whatever is hiding in the mirror is evil only he is having trouble getting anyone to believe that the monster he sees is real God and the Little Grey Cells Dan W. Clanton, Jr., 2024-05-16 Dan W Clanton Jr examines the presence and use of religion and Bible in Agatha Christie's Hercule Poirot novels and stories and their later interpretations Clanton begins by situating Christie in her literary historical and religious contexts by discussing Golden Age crime fiction and Christianity in England in the late 19th early 20th centuries He then explores the ways in which Bible is used in Christie's Poirot novels as well as how Christie constructs a religious identity for her little Belgian sleuth Clanton concludes by asking how non majority religious cultures are treated in the Poirot canon including a heterodox Christian movement Spiritualism Judaism and Islam Throughout Clanton acknowledges that many people do not encounter Poirot in his original literary contexts That is far more people have been exposed to Poirot via mediated renderings and interpretations of the stories and novels in various other genres including radio films and TV As such the book engages the reception of the stories in these various genres since the process of adapting the original narrative plots involves at times meaningful changes Capitalizing on the immense and enduring popularity of Poirot across multiple genres and the absence of research on the role of religion and Bible in those stories this book is a necessary contribution to the field of Christie studies and will be welcomed by her fans as well as scholars of religion popular culture literature and media

Temporalities of Modernism Carmen Borbély, Erika Mihálycsa, Petronia Petrar, 2023-03-22 Temporalities of Modernism gathers fourteen scholars whose contributions readdress the very tenets of modernism by approaching its multifaceted relationship with time in a series of fresh and original essays The contemporary energies behind the collection are rooted in the turbulence of the modernist age relativity irreversibility duration fragmentation contingency and the looming threat of the apocalyptic future The collection includes geographical areas often

neglected by the habitual reduction of modernist studies to English speaking literary high modernism or to the concentration of famous figures in the traditional capital of modernism Paris Thus it offers detailed presentations of Italian pre WWI modernism Czech Dadaism or of Polish Romanian and Hungarian writers and artists The borders also open in terms of genres and mediums as the contributions are not limited to fiction but examine the multi faceted productions of modernist artists poetry theatre painting music cinema photography etc In addition the limits are temporally stretched out as some contributions focus on more recent writers such as Sylvia Plath and their reactivation of modernist discoveries A Broken Mirror Merc_ Rodoreda,2006-01-01 In its moment of great splendor the novel was held as a mirror of society Merc_ Rodoreda shatters that mirror in this her most ambitious novel which tells its story in brilliant fragments a vision reflected and refracted and finally coming together in a richly articulated mosaic of life Through this Broken Mirror the reader sees events and characters spanning three generations and composing a kaleidoscopic family history ranging over six decades and turning upon events both intimate and historic most notably the Spanish Civil War Opening with Teresa Goday the lovely young fishmonger s daughter married to a wealthy old man the story shifts from one perspective to another reflecting from myriad angles the founding of a matriarchal dynasty and its eventual seemingly inevitable disintegration A family saga extending from the prosperous Barcelona of the 1870s to the advent of the Franco dictatorship A Broken Mirror is finally also a novel about the inexorable passing of time **A History of Modern Chinese Popular Literature** Boqun Fan,2020-07-30 The first English translation of one of the most authoritative and significant studies in the field of modern Chinese literature Reading Power, Revised & Expanded Edition Adrienne Gear,2015-10-06 Ten years ago Reading Power was launched in an elementary school in Vancouver It has since evolved into a recognized approach to comprehension instruction being implemented across Canada in the United States United Kingdom Sweden and China This ground breaking approach showed teachers how to help students think while they read connect question visualize infer and transform Since the publication of the first edition of Reading Power Adrienne Gear has continued to reflect on and refine her ideas about metacognition comprehension instruction and the Reading Power strategies This revised and expanded edition shares these new understandings and offers teachers new ideas new lessons and of course new anchor books to support the Reading Power principles An ideal resource for teachers familiar to this strategic approach to teaching reading or for those looking for new ways to connect thinking with reading *The Rorschach Montage* StreetWise Publications,2012-03-27 The Rorschach Montage is the fourth anthology of work from the Sydney NSW Australia based Rorschach School of Writers Once again an eclectic mix of writers have shared their work and offer the reader a varied mix of first time in print stories and examples of their craft Also available to enjoy for free with other Rorschach volumes at <http://thewordshop.info> <http://streetwisepublications.info> **Agatha Christie** J.C. Fiction: Worlds in Collision Eliza Claudia Filimon,2014 Angela Carter s work is a collage of discourses and genres The challenge of finding a critical framework complex and accurate enough to classify her work has remained The spectacular and the pragmatic threads of her texts framed by extreme seriousness and witty humour are unravelled with the help of a different metaphor denoting enigmatic spaces conterdiscourses borders of otherness heterotopia Five novels out of nine five short stories out of thirty five as well as Carter s two film adaptations are filtered through a term extricated from its medical and geographical roots which emphasizes the ambiguity as well as the dialogic interaction of Angela Carter s often discordant discourses that have kept her at the top of the literary canon *Edith Bruck in the Mirror* Philip Balma,2014 Author of more than thirteen books and several volumes of poetry screenwriter and director Edith Bruck is one of the leading literary voices in Italy attracting increasing attention in the English speaking world not least for her powerful Holocaust testimony which is often compared with the work of her contemporaries Primo Levi and Giorgio Bassani Born in Hungary in 1932 she was deported with her family to the concentration camps of Auschwitz Dachau Christianstadt Landsberg and Bergen Belsen where she lost both her parents and a brother After the war she traveled widely until 1954 when she settled in Rome She has lived there ever since This important new study is motivated by a desire to better understand and situate Bruck s art as well as to advance and when necessary to revise the critical discourse on her considerable and eclectic body of work As such it underscores and analyzes the intermedial nature of her contributions to contemporary Italian culture which should no longer be understood merely in terms of her willingness to revisit the subject of the Holocaust on the printed page or the silver screen It also includes previously unpublished interviews with the author The book will be of broad interest to scholars and students of Jewish especially Holocaust studies Italian literature film studies women s studies and postcolonial culture
