The Mountain A Meditation On The Consequences Of An Obsession:

The Mountain J. S. Lane, 2014-10-23 Two and a half miles from Rhayader in Wales is a 1 558 foot hill called Gamallt It can also be thought of as a mountain Using the author s encounter with Gamallt this story written in the form of a meditation explores some of the ways in which philosophical and scientific ideas about perception and reality have led to thought provoking ideas about what can be said to be real It also seeks to loosen the apparent incompatibility of fantasy and the logical preoccupations of philosophers and scientists It uses in part the parallels between to exist is to be perceived and the suggestion often found in writers dealing with quantum mechanics that human consciousness is somehow involved in descriptions of what at least in the sub atomic world occurs when observations are made The assumption that there is an objective world independent of any observers and the possible rejection of such a view might be said to find expression in both philosophy and science The mountain becomes a backdrop for the suggestion that both disciplines for all their justifiable preoccupation with logic can also be embraced by way of imagination

A Death on Diamond Mountain Scott Carney, 2015-03-17 An investigative reporter explores an infamous case where an obsessive and unorthodox search for enlightenment went terribly wrong When thirty eight year old Ian Thorson died from dehydration and dysentery on a remote Arizona mountaintop in 2012 The New York Times reported the story under the headline Mysterious Buddhist Retreat in the Desert Ends in a Grisly Death Scott Carney a journalist and anthropologist who lived in India for six years was struck by how Thorson s death echoed other incidents that reflected the little talked about connection between intensive meditation and mental instability Using these tragedies as a springboard Carney explores how those who go to extremes to achieve divine revelations and undertake it in illusory ways can tangle with madness He also delves into the unorthodox interpretation of Tibetan Buddhism that attracted Thorson and the bizarre teachings of its chief evangelists Thorson s wife Lama Christie McNally and her previous husband Geshe Michael Roach the supreme spiritual leader of Diamond Mountain University where Thorson died Carney unravels how the cultlike practices of McNally and Roach and the questionable circumstances surrounding Thorson s death illuminate a uniquely American tendency to mix and match eastern religious traditions like LEGO pieces in a quest to reach an enlightened perfected state no matter the cost Aided by Thorson s private papers along with cutting edge neurological research that reveals the profound impact of intensive meditation on the brain and stories of miracles and black magic sexualized rituals and tantric rites from former Diamond Mountain acolytes *A Death on Diamond Mountain* is a gripping work of investigative journalism that reveals how the path to enlightenment can be riddled with danger

Where the Mountain Casts Its Shadow Maria Coffey, 2005-04 Maria Coffey s *Where the Mountain Casts Its Shadow* is a powerful affecting and important book that exposes the far reaching personal costs of extreme adventure Without risk say mountaineers there would be none of the self knowledge that comes from pushing life to its extremes For them perhaps it is worth the cost But when tragedy strikes what happens to the people left behind Why would anyone choose

to invest in a future with a high altitude risk taker What is life like in the shadow of the mountain Such questions have long been taboo in the world of mountaineering Now the spouses parents and children of internationally renowned climbers finally break their silence speaking out about the dark side of adventure Maria Coffey confronted one of the harshest realities of mountaineering when her partner Joe Tasker disappeared on the Northeast Ridge of Everest in 1982 In *Where the Mountain Casts Its Shadow* Coffey offers an intimate portrait of adventure and the conflicting beauty passion and devastation of this alluring obsession Through interviews with the world s top climbers or their widows and families Jim Wickwire Conrad Anker Lynn Hill Joe Simpson Chris Bonington Ed Viesturs Anatoli Boukreev Alex Lowe and many others she explores what compels men and women to give their lives to the high mountains She asks why despite the countless tragedies the world continues to laud their exploits With an insider s understanding Coffey reveals the consequences of loving people who pursue such risk the exhilarating highs and inevitable lows the stress of long separations the constant threat of bereavement and the lives shattered in the wake of climbing accidents Abstracts ,1977 Celebration , **On the Trail to Wittgenstein's Hut** Ivar Oxaal,2011-12-31 One of the most influential philosophers of the twentieth century Ludwig Wittgenstein and the roots of his monumental *Tractatus* are explored in this imaginative work Oxaal picks up on themes developed in an earlier work of his on *Jews Anti Semitism and Culture in Vienna* adding to it special issues concerning Wittgenstein s experiences in Norway in 1913-14 where he worked on ideas that were completed during the war Oxaal situates the great philosopher in time place and attitude showing how his personal background came to bear on the writing of the *Tractatus* Wittgenstein has often been criticized for traces of solipsism and even mysticism and Oxaal also examines these issues in a volume that integrates ethnography nationality and cultural studies Oxaal sheds new light on the theme of Wittgenstein s Jewishness and develops a new appreciation of the Wittgenstein family and Wittgenstein s better known years in Vienna The author is unsparing in his observations about racism and pessimism in Berlin and Great Britain during the period in which Wittgenstein worked and studied at Cambridge The writing of the *Tractatus* spanned the First World War In the period immediately after its completion Wittgenstein found himself in The Hague where he was in discussions and disputes with Bertrand Russell Oxaal covers these problems sensitively and with an appreciation of ambiguities in the life of a great philosopher and the confusions caused by a post war change in fortunes personal and familial This work of an eminent social scientist and historian may not be the final statement on Wittgenstein but it most certainly must be considered in any serious assessments of an iconic figure of the twentieth century **Gothic Appalachian Literature** Sarah Robertson,2024-10-01 *Gothic Appalachian Literature* examines the ways contemporary Appalachian authors utilize gothic tropes to explore the complex history and contemporary problems of the region particularly in terms of their representation of economic and environmental concerns It argues that across Appalachian fiction the plight of characters to save their homes land and way of life from the destructive forces of extractive industries brings sharply to bare the histories of colonization and slavery that problematize

questions of belonging ownership and possession Robertson extensively considers contemporary manifestations of the gothic in Appalachian literature arguing that gothic tropes abound in fiction that focuses on the impacts of extractive industries that connect this micro region with other parts of the Global North and Global South where the devastating impacts of extractive industries are also experienced socially economically and environmentally *1999 American Alpine Journal* , Published annually since 1929 The American Alpine Journal is internationally acknowledged as the world s finest journal of its kind The latest volume of climbing s journal of record offers the most complete picture available of the world of climbing for 1998 From articles that present the climbing possibilities of Antarctica and Africa to stories on the new bigwall frontiers of Mexico and Madagascar to the alpine sagas on Bhagarathi III and Khan Tengri and the emergence of the former Soviet climbers on the world stage the 1999 AAJ continues its tradition as mountaineering s institutional memory **Bullies in Power**
