The Music Of James Bond:

The Music of James Bond Jon Burlingame, 2012-11-01 The Music of James Bond is the first comprehensive chronicle of the songs and scores written for the movie adventures of Ian Fleming's intrepid Agent 007 New interviews with Bond songwriters and composers coupled with previously undiscovered details tales of temperamental artists unexpected hits and surprising convergences of great music with unforgettable images make this book must reading for all 007 fans The James Bond Songs Adrian Daub, Charles Stewart Kronengold, 2015 You know the name You know the number And strangely enough you recognize the songs The James Bond songs have been a fixture of our musical landscape for over fifty years a distinct genre we've sometimes admired sometimes smirked at This book delves into these songs tracing a secret history of pop and of ourselves as listeners The James Bond Songs Adrian Daub, Charles Kronengold, 2015-08-31 Starting with 1964's *Goldfinger* every James Bond film has followed the same ritual and so has its audience after an exciting action sequence the screen goes black and the viewer spends three long minutes absorbing abstract opening credits and a song that sounds like it wants to return to 1964 In *The James Bond Songs* authors Adrian Daub and Charles Kronengold use the genre to trace not only a changing cultural landscape but also evolving conceptions of what a pop song is They argue that the story of the Bond song is the story of the pop song more generally and perhaps even the story of its end Each chapter discusses a particular segment of the Bond canon and contextualizes it in its era's music and culture But the book also asks how Bond and his music reflected and influenced our feelings about such topics as masculinity race money and aging Through these individual pieces the book presents the Bond song as the perfect anthem of late capitalism The Bond songs want to talk about the fulfillment that comes from fast cars shaken Martinis and mindless sex but their unstable speakers subjects and addressees actually undercut the logic of the lifestyle James Bond is sworn to defend The book is an invitation to think critically about pop music about genre and about the political aspects of popular culture in the twentieth century and beyond **The James Bond Phenomenon** Christoph Lindner, 2003 Shanghai long known as mainland China's most cosmopolitan city is today a global cultural capital This book offers the first in depth examination of contemporary Shanghai based art and design from state sponsored exhibitions to fashionable cultural complexes to cutting edge films and installations Informed by years of in situ research the book looks beyond contemporary art's global hype to reveal the socio political tensions accompanying Shanghai's transitions from semi colonial capitalism to Maoist socialism to Communist Party sponsored capitalism Case studies reveal how Shanghai's global aesthetic constructs glamorising artifices that mask the conflicts between vying notions of foreign influenced modernity and anti colonialist nationalism as well as the city's repressed socialist past and its consumerist present The James Bond Movie Encyclopedia Steven Jay Rubin, 2020-11-17 Nobody does 007 encyclopedias better than Bond historian Steven Jay Rubin Buy this one M's orders George Lazenby James Bond in *On Her Majesty's Secret Service* Packed with behind the scenes information fascinating facts trivia bloopers classic quotes character bios cast and

filmmaker bios and hundreds of rare and unusual photographs of those in front of and behind the camera Ian Fleming's James Bond character has entertained motion picture audiences for nearly sixty years and the filmmakers have come a long way since they spent 1 million producing the very first James Bond movie Dr No in 1962 The 2015 Bond title Spectre cost 250 million and grossed 881 million worldwide and 2021's No Time to Die is certain to become another global blockbuster The James Bond Movie Encyclopedia is the completely up to date edition of author Steven Jay Rubin's seminal work on the James Bond film series It covers the entire series through No Time to Die and showcases the type of exhaustive research that has been a hallmark of Rubin's work in film history From the bios of Bond girls in front of the camera to rare and unusual photographs of those behind it no detail of the Bond legacy is left uncovered *James Bond FAQ* Tom DeMichael, 2012-12-01
