Magdalene my wife The mysterious manuscript which King provocatively titled The Gospel of Jesus's Wife had the power to topple the Roman Catholic Church It threatened not just the all male priesthood but centuries of sacred teachings on marriage sex and women's leadership much of it premised on the hallowed tradition of a celibate Jesus Award winning journalist Ariel Sabar covered King's announcement in Rome but left with a question that no one seemed able to answer Where in the world did this history making papyrus come from Sabar's dogged sleuthing led from the halls of Harvard Divinity School to the former headquarters of the East German Stasi before landing on the trail of a Florida man with an unbelievable past Could a motorcycle riding pornographer with a fake Egyptology degree and a prophetess wife have set in motion one of the greatest hoaxes of the century A propulsive tale laced with twists and trapdoors Veritas is an exhilarating globe straddling detective story about an Ivy League historian and a college dropout and how they worked together to pass off an audacious forgery as a long lost piece of the Bible Production, Power, and World Order Robert W. Internet and the Law Aaron Schwabach, 2014-01-15 The world of Internet law is constantly changing and is difficult to follow even for those for whom doing so is a full time job This updated everything you need to know reference removes the uncertainty Internet and the Law Technology Society and Compromises Second Edition is the go to source for anyone who needs clear explanations of complex legal concepts related to online practices and content This wide ranging alphabetical reference explores diverse areas of law including territorial jurisdiction and taxation that are relevant to or affected by advances in information technology and the rise of the Internet Particular emphasis is placed on intellectual property law and laws regarding freedom of expression The Internet as this book shows raises questions not only about how to protect intellectual creations but about what should be protected Entries also discuss how the Web has brought First Amendment rights and free expression into question as society grapples with attempts to control leaks and to restrict content such as pornography spam defamation and criminal speech Narcissus Sous Rature Jody Norton, 2000 In Narcissus Sous Rature Jody Norton argues that Contemporary American poetry's characteristic problematic is the subject's contestation of his discursive condition While self comprehension is a central recurrent concern in post literate poetry most poetries in English since the Enlightenment have conceived their lyric subjects in accordance with the foundational Western philosophical assumption of the rationality of being However after Freud Heisenberg Saussure Derrida and Lacan conceptions of the lyric I as representative of a more or less permanent self conscious and self possessed personality inhabiting an ontologically dependable natural and historical world in a consistent way are no longer credible The problems of how to conceptualize the psycho linguistic structuration of the male putatively masculine subject and his relation to his cultural environment and of how to represent both the subject and his relations in a medium language that is complexly involved in the construction of both the subject and his representation and in a certain sense of the subject as representation emerge for Contemporary

poets out of an historic moment particularly strongly marked by theoretical developments in extra literary fields Norton asserts that the lyric speaker in Contemporary American poetry cannot be understood unless the explicit and implicit dialogic relations between religious philosophical psychological linguistic aesthetic critical and poetic texts are made central to the interpretive project
