Allemann,2015 The title character in *The Old Man and the Bench* has a contract that requires him to write and he feels he should focus on his past Yet instead of childhood reminiscences the old man dwells on a series of mini narratives about for example a love triangle among concrete towers a chaste visit by two call girls and the joint by joint cannibalization of his fingers In the middle of these absurd tales something like childhood memories appear only to disappear into the stream of the old man's ramblings Urs Allemann's virtuosic lyrical monologue is at once playful and disturbing recalling Dada Kafka and Beckett in its representation of what language can do when it turns against itself and its speaker Publisher description
