Uganda Philip Briggs, Andrew Roberts, 2016-11-05 The Bradt Guide to Uganda, now more than 500 pages long, is the definitive travel handbook to this wonderful but oft-neglected destination, not only providing comprehensive background information on its varied national parks, towns, and other cultural attractions but also including detailed reviews of the ever-growing selection of world-class lodges and budget hotels that service them. Uganda boasts the most varied and arguably the most exciting safari circuit in Africa. The lush montane forests of Bwindi protect the world's largest remaining population of mountain gorillas, many of which have become habituated to tourists and can be tracked to within a few metres on foot. Elsewhere, Queen Elizabeth National Park, set below the snow-capped Mountains of the Moon, is renowned for its tree-climbing lions and abundant buffaloes. Elephants abound in Murchison Falls National Park, coursed through by a dramatic stretch of the White Nile dense with hippos, crocodiles, and waterfowl, while Kibale Forest offers superb chimpanzee tracking, as well as the opportunity to see ten other monkey species in their natural jungle habitat. For birders, an astonishing checklist of more than 1,000 species in a country similar in size to Great Britain or the state of Oregon includes dozens of Western rainforest specials difficult to see elsewhere, as well as the iconic great blue turaco and shoebill. Philip Briggs is the world's foremost writer of guidebooks to Africa. He has been exploring the continent's highways, byways, and backwaters for over 30 years.

Sacred Architecture in a Secular Age Marie Clausén, 2016-02-26 Having won more than one recent poll as Britain's best-loved building, the appeal of Durham Cathedral appears abiding, which begs the question whether an iconic sacred building can retain meaning and affective pertinence for contemporary secular visitors. Using the example of Durham Cathedral, this book sets out to explore wherein the appeal of historic churches lies today and considers questions of how and why their preservation into a post-Christian era should be secured. By including feedback from visitors to the cathedral and the author's own very personal account of the cathedral in the form of an ekphrasis, this work seeks to privilege an interpretation of architecture that is

based on the individual experience rather than on more conventional narratives of architecture history and cultural heritage policy Recognising the implication of our choice of narrative on the perceived value of historic churches is crucial when deliberating their future role This book puts forth a compelling case for historical sacred architecture suggesting that its loss through imperceptive conservation practices as much as through neglect or demolition would diminish us all secularists atheists and agnostics included The London Literary Gazette and Journal of Belles Lettres, Arts, Sciences, Etc ,1825
