Contributions from 57 noted authors country music artists and others accompany these splendid photographs of cows **A Field Guide to Cows** John Pukite,1998-05-01 In A Field Guide to Cows John Pukite provides all the facts so even the novice can identify and get to know America s fifty two breeds of cattle Every entry in this entertaining yet completely usable book features an illustration that highlights each breed s most easily identifiable traits such as coloration pattern and body shape The book includes a checklist of breeds so the die hard cow watcher can keep track of sightings a list of essential garb and gear for cow watching a glossary of terms a listing of breeder associations and more Fascinating cow trivia is interspersed throughout Informative amazing and amusing A Field Guide to Cows is the indispensable companion for would be cow tippers farmers city folk agriculturalists interstate drivers 4 H ers vacationing families and everyone who likes to moo at cows Cow Facts There are approximately 350 squirts in a gallon of milk Old cows in India have their own nursing homes From 1866 to 1895 cowboys drove about 10 000 000 cattle out of Texas **The Cow (Classic Reprint)** Jared van Wagenen,2015-07-06 Excerpt from The Cow This little book does not pretend to be a textbook nor a treatise on dairy husbandry for there are plenty of such books already It is simply an effort to set down the ideas of a dairyman concerning his own business and to view the cow as a very interesting animal who after all these thousands of years of close companionship with man still retains many primal instincts and many hereditary tendencies So we may ask the meaning of old winding cow paths and little calves hidden in the bushes and the tragedy of the herd bull condemned to spend his days tied to a post by a ring in his nose like Sampson old and blind grinding meal for his conquerors when his place is to march proudly at the head of his obedient herd Dairying has grown into a vast and complex and exceedingly modern business conducted in great manufacturing establishments with white tile and steam sterilizers and pure cultures and bacterial counts yet there ought to be a place to revive at least the memory of old farm houses under great trees and herds winding down the road at milking time and farm women making butter in cool spring houses or shadowy white washed cellars About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

Cow Florian Werner,2011-10-21 She is everywhere as a vehicle for both farmers and advertisers a subject for research scientists and poets and ever present in the form of lucky charms children s toys or simply as a tasty sandwich filler The female of the bovine species is revered as sacred or reviled as stupid but one thing she never inspires is indifference After

more than ten thousand years living alongside us she remains a beguiling mystery Combining a myriad of richly entertaining anecdotes and an abundance of illuminating discoveries Florian Werner presents the curious cultural history of that most intriguing of animals the cow Since evolving from the aurochs an ungulate that grazed the Persian grasslands the cow has embedded itself into virtually all aspects of our lives Cow is the first book to look at the animal in its countless manifestations in cultures around the world Werner examines cows role in commerce as an early form of currency and their place on our plates and in our stomachs in the form of meat and dairy products Florian Werner examines how cows are worshipped in some circles such as in Hindu mythology and abhorred in others today being vilified as an agent of climate change And he waxes philosophic about the significance of the cow s rumination and cud chewing as well as her simple but meaningful moo Combining thorough research with an accessible writing style Florian Werner offers readers an eye opening perspective on this commodified animal whose existence is inextricably intertwined with ours and which we too often take for granted
