Lawrence Hogue, 2012-02-01 In this wide ranging analysis W Lawrence Hoque argues that African American life and history is more diverse than even African American critics generally acknowledge Focusing on literary representations of African American males in particular Hogue examines works by James Weldon Johnson William Melvin Kelley Charles Wright Nathan Heard Clarence Major James Earl Hardy and Don Belton to see how they portray middle class Christian subaltern voodoo urban jazz blues postmodern and gay African American cultures Hogue shows that this polycentric perspective can move beyond a racial uplift approach to African American literature and history and help paint a clearer picture of the rich diversity of African American life and culture The Power Game in Byzantium James Allan Evans, 2011-10-20 This title presents an original portrayal of Justinian's reign its politics and theological disputes focusing on the lives of two extraordinary women who wielded power and influence A fascinating exploration of the corridors of power in Byzantium of the time of Justinian 527 565 the book reveals how Empress Theodora and Antonina both alumnae of the theatre were remarkable examples of social mobility moving into positions of power and influence becoming wives of key figures Theodora had three aims to protect those Christians who would not accept the Chalcedonian Creed to advance the careers of her family and friends and to defend the poor and assist the defenceless and in particular women a mission which she claimed publicly Finally there was the allure of power and though the exercise of power cannot be qualified as an aim there can be no doubt that Theodora loved authority she made and unmade marriage contracts and appointed men to office or destroyed them if they got in her way Antonina was both friend and agent and equally ruthless She managed her husband Belisarius and advanced his career though she was unfaithful to the marriage bed and would outlive the main players of the age of Justinian The Theodora Duology: Fortune's Child; Too Soon the Night

Donnelly, Ann-Kristin Wallengren, 2016-04-08 In recent years there has been something of an explosion in the performance of live music to silent films. There is a wide range of films with live and new scores that run from the historically accurate orchestral scores to contemporary sounds by groups such as Pet Shop Boys or by experimental composers and gothic heavy metal bands It is no exaggeration to claim that music constitutes a bridge between the old silent film and the modern audience music is also a channel for non scholarly audiences to gain an appreciation of silent films Music has become a means both for musicians and audiences to understand this bygone film art anew This book is the first of its kind in that it aims to bring together writings and interviews to delineate the culture of providing music for silent films It not only has the character of a scholarly work but is also something of a manual in that it discusses how to make music for silent films Istanbul Laurence Kelly, 2016-06-02 Istanbul A Traveller's Reader is an wide ranging and carefully chosen selection of writings offering a richly layered view of Byzantine Constantinople and Turkish Istanbul During the thousand year Byzantine
