crisis of COVID 19 have powerfully reshaped housing in America By integrating social economic intellectual and cultural histories this illuminating work shows how powerful forces have both reflected and catalyzed shifts in the way Americans conceptualize what a house is for in an era that has laid bare the larger structures and inequities of the economy Daniel Horowitz casts an expansive net over a wide range of materials and sources He shows how journalists and anthropologists have explored the impact of global economic forces on housing while filmmakers have depicted the home as a theater where danger lurks as elites gamble with the fates of the less fortunate Real estate workshops and popular TV networks like HGTV teach home buyers how to flip or flop while online platforms like Airbnb make it possible to play house in someone else s home And as the COVID pandemic took hold many who had never imagined living out every moment at home found themselves cocooned there thanks to corporations like Amazon Zoom and Netflix *T3 Risk Guide* Stefan J. aren't you rich? What is missing in most people's real estate strategy Whitney says is the millionaire real estate mindset. And in this book he tells readers exactly how to develop one. Whitney explains how you can break free of the fears that hold so many people back. A key part of succeeding in real estate Whitney claims is a willingness to spend time educating yourself about the various techniques, options, insights, and possibilities it entails. He provides specific investing strategies that can work in virtually any market whether you have cash to start or not. Once you have a few successes under your belt he encourages investors to move up to larger deals.
