have worked with Wolff The reception of Wolff s music is discussed in relation to the European avant garde and also within the context of Wolff s association with Cage and Feldman Music from his earliest compositions of the 1950s the highly indeterminate scores the politically inspired pieces up to the most recent works are discussed in detail both in relation to their compositional techniques general aesthetic development and matters of performance The particular challenges and aesthetic issues arising from Wolff s idiosyncratic notations and the implications for performers are a central theme Likewise the ways in which Wolff s political persuasions which arguably account for some of the notational methods he chooses have been worked out through his music are examined With a foreword by his close associate Michael Parsons this is a valuable addition to experimental music literature
