The Nature of Metaphysical Knowledge George F. McLean,Hugo Anthony Meynell,1988 *The Concept of Ius and the Nature of Law in Thomas Aquinas* Loïc-Marie Le Bot,Petar Popovi?,Petar Popovic,2025-01-10 This collection of essays constitutes the fruit of a scholarly conference held in Rome in April 2023 which was organized by the Pontifical University of Saint Thomas Aquinas the Pontifical University of the Holy Cross and the Angelicum Thomistic Institute The essays offer a scholarly reflection on various historical and doctrinal aspects of Aquinas s concept of ius and on the extent to which this concept helps to illuminate his account of the nature of law that is of the juridical phenomenon Each essay addresses from the viewpoint of its specific topic the implications of the Angelic Doctor s description of ius as the object of justice as presented in the Secunda secundae of his Summa theologiae starting from question 57 article 1 Following Aquinas s own insights the focus on the virtue of justice is thus deemed crucial for understanding the essence or the ontological fabric of law Justice is simultaneously analyzed as always remaining inherently connected to its moral and divine salvific aspects The volume is divided in three parts The first part of the collection contains essays that are dedicated to the analysis of Aquinas s concept of ius in a historical perspective The second group of essays in this collection examine some further doctrinal and contextual issues pertinent to the essence of ius Each attempt to elucidate the ontology of law should be supported by the aptitude of the resulting accounts of law s nature to provide workable platforms for legal practices This line of reasoning represents the rationale for the third part of this collection which focuses on the matters of applying Aquinas s concept of ius in systemic and practical legal settings of State law and canon law

The Nature of Things Graham Buxton,Norman C. Habel,2016-11-16 In 2015 a conference on Rediscovering the Spiritual in God s Creation was held at the Serafino winery complex in the McLaren Vale region of South Australia The aim of the conference was not to seek consensus but to survey the landscape with a view to intentional responsible action in caring for God s creation Delegates were challenged to recognize their own worldviews and to widen

their horizons to encompass the enormity of the transcendence and immanence of God's presence in all creation. A group of leading international scholars and experts in the fields of science, ecology, theology, and ethics participated in a multidisciplinary conversation on the spiritual in creation with the aim of discovering fresh horizons with regard to creation, care, liturgy, justice, and discipleship within the Christian community. The chapters in this volume reflect the diversity of perspectives summarized in The Serafino Declaration, which was crafted towards the end of the conference. This declaration, which opens the volume, outlines a range of views relating to the presence of the spiritual in creation: views that are both traditional and radical. This volume highlights the current concern over ecological destruction and finds sources of inspiration in the deepest roots of our traditions and forms of spirituality to sustain efforts towards custodianship of the land and care for God's creation.

Essays in Analytic Theology Michael C. Rea, 2020-12-10. This book is the second of two volumes collecting together Michael C. Rea's most substantial work in analytic theology. The first volume focuses on the nature of God and our ability to talk and discover truths about God, whereas this volume contains essays focused more on questions about humanity, the human condition, and how human beings relate to God. Part one of Volume II considers the doctrines of the incarnation, original sin, and atonement. Part two examines the problem of evil, the problem of divine hiddenness, and a theological problem that arises in connection with the idea God not only tolerates but validates a response of angry protest in the face of these problems.

Schelling's 1806 polemic against Fichte and his last major work on the philosophy of nature. The heat of anger can concentrate the mind. Convinced that he had been betrayed by

his former collaborator and colleague Schelling attempts in this polemic to reach a final reckoning with Fichte Employing the format of a book review Schelling directs withering scorn at three of Fichte s recent publications at one point likening them to the hell purgatory and would be paradise of Fichtean philosophy The central bone of contention is the understanding of nature Fichte sees it as lifeless matter in motion sheer opposition to be overcome while Schelling waxes poetic in his defense of a living organic nature of which humanity is a vital part Indeed we do not know ourselves without understanding our connection to nature argues Schelling anticipating many thinkers in contemporary environmental ethics Dale E Snow s introduction sets the stage and explains the larger context of the conflict which was already visible in the correspondence of the two philosophers which broke off by 1802 Notes are included throughout the text providing background information and identifying the many references to Fichte

The Nature of Principles Steven S. Coughlin (Ph. D.),2008 *Experience, Culture and Religion in Systematic Theology* Edmond Zi-Kang Chua,2023-09-28 Most systematicians take as their starting point the nature of God and scripture as the means by which God s nature is revealed but what would a systematic theology look like that began with an experiential knowledge of God Here Edmond Chua offers a method for just such an approach Beginning with realms of human experience including psychology cultural diversity and religious plurality he builds the framework of a systematic theology that is inclusive and pluriform while retaining the core tenets of a Christian doctrine of God Notwithstanding his novel methodology Chua s argument remains biblically rooted and appreciative of the Christian tradition In the latter half of the book he returns to the classical doctrines of the Trinity Christology evil sin and salvation allowing his inclusive view of the human religious experience to shed new light on the wisdom bequeathed by Paul Augustine Aquinas Luther Barth and others The result is a bold Christian vision that is culturally engaged and globally applicable of interest to systematic theologians while contributing to interreligious dialogue
