The conundrum of doing more with less challenges even the most seasoned professionals whose institutions face service cutbacks, disappointed patrons, and possible job eliminations or closures. This book asserts that a collaboration between school and public libraries can effectively serve the needs of two populations: teens and the community at large while minimizing the cost to do so. *Better Serving Teens through School Library Public Library Collaborations* offers thought-provoking advice and ideas for practical use in real-world libraries. The authors provide step-by-step guidance for those who wish to start, strengthen, or extend a partnership with colleagues at a sister library, covering topics ranging from teen advisory boards and collaborative programs to homework help and professional development. Experiencing disco, hip hop, house, techno, drum and bass, and garage. *Discographies* plots a course through the transatlantic dance scene of the last twenty-five years. It discusses the problems posed by contemporary dance culture of both academic and cultural study and finds these origins in the history of opposition to music as a source of sensory pleasure. Discussing such issues as technology, club space, drugs, the musical body, gender, sexuality, and pleasure, *Discographies* explores the ecstatic experiences at the heart of contemporary dance culture. It suggests why politicians and agencies as diverse as the independent music press and public broadcasting should be so hostile to this cultural phenomenon.
